

THE NEWTON GRAPHIC.

VOL. XXXIX.—NO. 3.

NEWTON, MASS., FRIDAY, OCTOBER 7, 1910.

TERMS, \$2.00 A YEAR.

SENATOR RENAMED

Hon. Henry C. Mulligan of Natick was renominated on Monday as the Republican candidate for senator in the First Middlesex district. The convention was held in G. A. R. Hall, Natick, at 4 o'clock. Senator Mulligan was nominated by Congressman John W. Weeks of this city and the nomination was made by acclamation. Hon. Charles E. Hatfield of Newton was unanimously elected a member of the Republican state committee from this district. Senator Mulligan made a brief speech accepting the nomination and Mr. Hatfield told the delegates that they must work for party success at the coming election.

GREATEST MECHANICS' FAIR.

The great Mechanics' Fair in Mechanics' building, Boston, was opened most auspiciously Monday evening, the 3rd instant, and now is running smoothly and swiftly along delighting thousands every day. Possibly never before in the history of entertainments of any kind in Boston has so much been given for so small a financial consideration. After one passes the turnstiles all of the attractions, and they are of the best, are absolutely free to patrons and there are no charges for seats. One can most profitably pass an entire day at this Mechanics' Exposition—one day is altogether too short a time to see and enjoy its wonderful sights and sounds—and the time can be passed in the greatest comfort, too, for on every hand there are opportunities, not only for sightseeing and study, but for supplying bodily needs, such as rest, food and entertainment of the lighter sort. It has been well said that this Mechanics' Exposition of 1910 is a veritable city within a city; about all things to be found in a well-ordered community are here in abundance, splendidly selected and most attractively displayed. The exposition will be open from 10 a. m. to 10 p. m. every day, excepting Sundays until and including Saturday, the 29th instant.

DANCING CLASSES.

Miss Cormera's will resume her dancing classes in Norumbega Hall, Auburndale, Tuesday afternoon, Oct. 18. Beginners from 2 to 4 o'clock, advanced class from 4 to 6 o'clock. Terms \$12 for 24 lessons; \$20 for two children in a family. Assemblies will begin Friday evening, Oct. 28, and will be held every other week. Price \$5 for ten assemblies.

STENOGRAPHER AND CLERK.

One position as stenographer and clerk in the offices of the School Department, Newtonville, is to be filled at once. Salary \$12 to \$16 per week, depending upon ability and experience. Apply by letter, giving qualifications and references, not later than Oct. 11, to Miss C. M. Chase, Secretary.

CORNER STONE LAID

The corner stone of the new parish house of the Centenary M. E. Church of Auburndale was laid last Sunday morning, after the usual church service. At the conclusion of the regular service the congregation marched to the new building on Central street, headed by the vested choir, followed by the Butler Boys' Club in command of Paul Spaulding, the Spaulding Girls' Club, the Junior League, students of Lasell, and the officiating clergymen. Several members of the church assisted in the work of laying the stone, altho the chief interest centered in Bishop W. F. Mallalieu of Auburndale, who laid the church corner stone 43 years previous. The corner box placed in the stone contained copies of the church records, photographs, catalogue of Lasell, a city manual, copies of the GRAPHIC, and other papers. The program included prayer by the pastor, Rev. Chas. Edward Spaulding, reading of the Scriptures by Rev. H. C. Sheldon and an address by Bishop Mallalieu.

TRIBUTE TO MRS. OTIS G. ROBINSON.

Annie Estelle Robinson, late wife of Otis G. Robinson, Highland street, West Newton, passed away on Friday, Sept. 30. She had been in poor health for a number of years, but her cheery nature rose above it all and made it always a pleasure to meet her, or be with her. Until within the past few weeks she had been about as usual, having had a delightful vacation, touring Maine, her native state, and visiting old friends and relatives. She was a long-time member of the West Newton Women's Educational Club, and recently joined the New England Women's Club of Boston. Mrs. Robinson was a woman of many sterling traits of character—a loyal friend, a busy home-maker, a faithful wife, and a cheery, bright, capable, efficient and helpful woman. She has passed on, but her memory will remain in the hearts of those who knew and loved her. "The work has dropped from out her busy hands, And like a tired child, when day is done, Our friend has fallen asleep. It is not death—New life begun."

AMONG WOMEN.

The Monday Club will meet with Mrs. Seward W. Jones, Columbus street. Dr. Robert Van Kirk will give his first talk on Browning. Subject, "The Ring and the Book." The Perle Club held its first fall meeting at the home of Mrs. J. K. Hemphill on Boylston street on Wednesday. After the business meeting Mrs. Locke favored the club with a piano selection. Mrs. Charles Mills had the program of the afternoon in charge and read a very able paper on "Confucius."

MOTOR FETE

The Motor Fete held last week Thursday for the benefit of the Deaconess Aid Society of New England was a great success. Automobiles making regular and frequent trips enabled anyone interested to visit America, Eastland, Italy, Germany, Holland and Japan. The plan was similar to that carried out by the Mother's Rest Association of Newton Centre a few years ago. The Deaconess Hospital at Brookline was America, the residence of Mrs. R. S. Douglass in Brookline was Japan, the home of Mrs. W. G. Gibson in Brookline was Italy, that of Mrs. H. A. Whitney on Lincoln street, Newton Highlands represented Germany and Holland, while Lasell Seminary at Auburndale was England. At Mrs. Whitney's home a phonograph furnished Dutch and German music on the veranda and there was a booth representing Holland, where ladies in quaint costume sold Dutch curiosities and Dutch food. Mrs. Peter C. Baker had charge of this booth, and she was assisted by Mrs. T. A. Hildreth, Mrs. E. Ray Spence, Mrs. S. T. Emery, Mrs. George A. Salmon and Miss Mabelle H. Whitney, president of the Training School Alumni Association. Miss Alice Desmond assisted at the booth where all kinds of German cookery and dainties were sold. Perhaps the most striking country was "England," at Lasell Seminary. The beautiful grounds of this preparatory school in great part resemble the grounds of an English estate, and the English "tea room" had been laid out in the natural amphitheatre below the school. On the greensward cozy little tables had been arranged, with spotless linen and lawn chairs. Back of this was a marquee tent decorated with the British flag and frost-painted leaves. The waitresses in the "tea room" were members of the senior class of Lasell. The use of the grounds of the school was made possible through the kindness of Dr. G. M. Winslow, the principal, who takes much interest in the work the Deaconesses are doing. Some of the ladies who assisted in making "England" a place to be remembered were Mrs. George W. Flynn, Miss Elizabeth Brandow, Miss Helen Sayre, Mrs. William Wagner, Mrs. J. R. Draper, Miss Lillian Potter, the preceptress of the school, and Miss L. M. Packard, who had charge of the English exhibit.

Many people know we do it. Let us show you why we furnish the house-owners the most satisfactory house-warming heater on the market. The name is the "WINCHESTER." The firm, Smith & Thayer Co., 236 Congress street, Boston, Mass.

CITY OF NEWTON.

Notice is hereby given under Chapter 100 of the Revised Laws that William M. Quintan is an applicant for a sixth-class liquor license for use in his business as an apothecary at 835 Washington St., Ward 2. By order of the Board of Aldermen, ISAAC F. KINGSBURY, City Clerk.

POLICE COMMENDED

Boston, Mass., Sept. 21, 1910. Fred M. Mitchell, Esq., Chief of Police, Newton, Mass. Dear Sir:—I desire through you to express the sincere thanks of the Harvard-Boston Aero Meet management and myself, to the members of your department for the efficient services rendered while on duty at the aviation meet, recently closed. The discipline and close attention to duty of all the officers was the occasion of very favorable comment of the patrons and officials alike. Thanking you for your invaluable assistance, I beg to remain, Yours truly, ROBERT BURNS, Supt. Police Aviation Meet. Mr. Burns, the superintendent of the well known Burns Detective Agency, Frederic M. Mitchell, Esq., Chief of Police, Newton, Mass. Dear Sir:—I wish to extend my sincere thanks for your kindness in sending the different details of police to our assistance during the aviation meet at Squantum. To their fine appearance and excellent work no small part of the praise accorded the police for the successful handling of the enormous crowds is due. I remain, Yours respectfully, FRANK E. BURRELL, Chief of Police, Quincy.

MOUNT IDA SCHOOL.

Mount Ida School opened the year of 1910 most successfully with a full enrollment, students coming from every section of the United States and Canada. There are 50 per cent more college preparatory girls this year than last year, or any previous year's history. Miss Rowley, the principal, is fresh from her trip abroad, having brought with her many pictures for use in her travel class, which is a new and helpful course which will supplement the History of Art lectures of Professor Isola. The travel class, as well as the course in the study of Browning, also conducted by Miss Rowley, have been largely elected by the older students. The German teacher, Miss Merrill, has been at study in Jena and Marburg, Germany, during the summer. The opening excursion of the year was an automobile trip through the historical towns of Lexington and Concord.

WOMAN'S EXCHANGE.

The directors of the Newton Woman's Exchange extend a cordial invitation to their patrons to visit their new quarters, 294 Centre street, Tuesday, Oct. 11, from 3 to 5 p. m. Tea will be served.

COUNTY CONVENTION

The Republican convention for Middlesex County was held Wednesday morning in Lincoln Hall, Lowell. As there were no contests for the various nominations, the attendance was but little more than half the full quota, 187 being present out of a possible 335. County Commissioner Charles H. Richardson of Lowell was renominated for three years. County Commissioner Chester B. Williams of Wayland was nominated for the balance of the unexpired term of the late Samuel O. Upham for two years. Sheriff John R. Fairbairn of Cambridge was renominated for five years and Associate County Commissioners Edward E. Thompson of Woburn and Frank A. Patch of Littleton were also renominated, all nominations being made by acclamation. Judge John C. Kennedy seconded the nomination of Sheriff Fairbairn. The present county committee, of which Hon. Charles E. Hatfield of this city is a member, was re-elected. At the district attorney convention which immediately followed the county convention, District Attorney John J. Higgins of Somerville was renominated for three years.

Y. M. C. A. NOTES.

The electrical class will have an opening night next Monday, Oct. 10, at 8 o'clock. All young men interested in electricity, whether he intends to join the class or not, is invited to see the electrical auto and the demonstration of wireless, X-ray and many other pieces of electrical apparatus. Any who are thinking of enrolling in the class ought to be present on that evening. Next Sunday afternoon, Oct. 9, at 2:30 p. m., a group of men will meet at the association rooms and go in a body to hear Campbell White speak at Tremont Temple, Boston. Admission to this meeting is by ticket only, and tickets can be obtained from H. W. Bascom at the association office. All classes in the physical department have begun work according to the usual schedule. Young men who are thinking of joining these classes would do well to consult the physical director at once. Many new members are joining and the outlook for large classes in the physical department is bright. At the board meeting on last Monday night 42 men and boys were received into membership. Many of the most fastidious persons in the Newtons are using Fay's Almond Cold Cream. Satisfies the most fastidious demands. That's Why. Money refunded if not satisfactory. Sold at the Woman's Exchanges, Newton and Newton Centre.

HOSPITAL MEETING

The annual meeting of the Newton Hospital Corporation was held on Monday, Sept. 26, at the Nurses' Home at the hospital. There was a large attendance of the members of the corporation. Annual reports were received from the treasurer and the various standing committees. The reports showed a gratifying increase in the work done by the hospital. After the usual routine business of the annual meeting, the following officers were chosen for the ensuing year: President, William C. Bray; vice-presidents, Warren P. Tyler, Frank A. Day; treasurer, George R. Pulsifer; clerk, Alonzo R. Weed; trustees, William H. Allen, Mrs. M. L. Bacon, Mrs. Howard P. Bellows, Henry E. Bothfield, William C. Bray, Archie C. Burnett, Mrs. Allison Burr, Mrs. George D. Byfield, Mrs. A. B. Cobb, Mrs. W. H. Coolidge, Frank A. Day, Mrs. Henry B. Day, Charles S. Dennison, Benard Earley, William T. Farley, Mrs. W. H. Gould, Mrs. E. B. Haskell, George Hutchinson, F. S. Keith, M. D., Charles E. Kelsey, Mrs. C. W. Leonard, Mrs. J. T. Lodge, Miss Caroline A. Lovett, Mrs. H. O. Marcy, Jr., Mrs. E. H. Mason, George E. May, M. D., Mrs. George W. Morse, Benjamin S. Palmer, F. E. Porter, M. D., A. Stuart Pratt, Charles E. Riley, Mrs. E. P. Saltonstall, Charles I. Travell, Warren P. Tyler, George L. West, M. D., Herbert A. Wilder. The only change in the board of trustees was occasioned by the declaration of Justice Morton to serve another year on account of his official duties and the choice of Mr. William H. Allen in his place. At a meeting of the trustees immediately following the annual meeting, the following standing committees were chosen: Executive committee, George E. May, M. D., F. S. Keith, M. D., F. E. Porter, M. D., George L. West, M. D., George R. Pulsifer, Charles E. Kelsey, William T. Farley. Finance committee, Frank A. Day, Henry E. Bothfield, Benjamin S. Palmer, Charles I. Travell, George Hutchinson. Auditing committee, Charles I. Travell, Charles E. Kelsey.

SLOCUM—RUSSELL.

The marriage of Miss Winifred Russell, the daughter of Mr. and Mrs. Fred A. Russell of Newton Centre, and Mr. Charles P. Slocum of Newtonville took place Saturday afternoon at the bride's home on Rice street. The ceremony took place at 4 o'clock in the presence of only the immediate families, and Rev. Edward T. Sullivan of Trinity Episcopal Church officiated. The bride was unattended and the best man was Mr. Winfield S. Slocum, Jr., brother of the groom. Mr. and Mrs. Slocum will reside at 206 Sumner street, Newton Centre, and will be at home after Dec. 5.

—Mr. and Mrs. Charles Starkweather and sons of Chicago, who were the guests of Mrs. C. H. Wardwell of Plainfield street last week, departed on Monday.

—The Waban Tennis Courts barely succeeded in defeating the team of the Waltham Tennis Club on the latter's courts last Saturday afternoon, the final score being 3 matches to 2.

This victory gave Waban the series each club having won once last year. Waban captured the first two singles matches easily and lost both the doubles.

Hill and Robinson, who were expected to win being badly off form, and the outcome of the meeting rested with the home match. Each won a set and the Waltham play gained a 2 to 0 lead on the third, but Hane steadied and pulled out the set 6 to 4, winning the odd match.

Castle Square Theatre—"Girls," which the John Craig Stock Company will play at the Castle Square next week, is a comedy about three bachelor maids. Its plot centres around the trials of three young women who go to New York to win fame and fortune without the help of mere men. They keep house together in a flat, cook by means of a chafing dish, and indulge in all those franks of living that are amusing while they last. They never marry, and to have nothing to do with love, but before long a man invades their sanctuary, and they are soon on the fair road towards the breaking of their oaths. The leader of the three little bachelor maids at the Castle Square will be acted by Mary Young, with John Craig as the first of invading mankind, and Mr. Meek, Mr. Hassell, Miss Cole, Miss Shirley, Mr. Walker, Mr. Roberts and all the other Craig players will have congenial roles.

weeks of "The Lily," the most powerful drama which has been shown to theatre-goers for more than a score of years. Coming direct from David Belasco's own theatre in New York city with cast and production complete in every detail, it will surely be a treat to see these remarkable performances. The performances will be under the personal supervision of Mr. Belasco. The surest way in which to convince of the remarkable merits of this production and company, next to the fact that Mr. Belasco wrote the play and produced it, is the following list of players who have been appearing in it at Mr. Belasco's own theatre. First among these, of course, is Miss Nance O'Neill, next Charles Cartwright, and following them comes Julia Dean. Others include Alfred Hickman, Antoinette Walker, Oscar Eagle, Ethel Grey Terry, William C. Hoken, Elliott Dexter, Douglas Patterson and more than a dozen others. The customary Wednesday and Saturday matinees will be played, and the engagement begins Monday evening, Oct. 10.

NOTED PREACHER COMING.

Rev. Washington Gladden, D. D., of Columbus, O., one of the noted clergymen in the Congregational denomination, will speak at the vesper services Sunday afternoon at 4:30 o'clock at the Central Church, Newtonville. An attractive musical program has been arranged for this service.

DANCING AS AN ART.

Dancing is an art, the teaching of which should be attempted by those only who have made it a study, and yet how often we see persons opening a class in dancing without any knowledge of the first principles. Before sending children to a school for dancing, parents should look into the experience of the would-be instructors for their children, look at their credentials; what is their education in the profession to which they aspire. Prof. Walters' afternoon class opens on Saturday, Oct. 8, at 2 o'clock, in Dennison Hall, Newtonville, when Mr. Walters will be pleased to meet the parents interested in the formation of the class.

PRAISE FOR WEEKS

The 12th congressional district Republican committee has issued the following statement:

The 12th district has been represented in Congress since 1904 by Hon. John W. Weeks of Newton, and at this time we wish to call your attention to his record, which, we believe, has honored the district and greatly increased the influence of Massachusetts in national legislation. In addition to giving careful and painstaking attention to the interests of the 12th district as a whole and the requirements of its citizens in detail, he has been active and influential in important legislation, much of it of national importance. During his service he has obtained \$900,000 for a new site and building for the Appraisers' Stores in Boston, and also \$1,800,000 for the rebuilding of the Boston Custom House, the latter appropriation being the only one made for a public building during the second session of the Sixtieth Congress. Mr. Weeks is a member of the National Monetary Commission, which is studying and will soon report on the most important public questions now under consideration.

He is also the chairman of the House Committee on the postoffice and post roads, which committee has charge of the framing of the largest appropriation bill which Congress has to consider. His great success in connection with the work of this committee, not only including the appropriation bill, but the Postal Savings Bank bill, is referred to in the enclosures, but it is worth noting that the appropriation bill, which carried two hundred and forty-one millions, was considered by the postoffice committee for many days and reported to the House exactly as prepared by the sub-committee, passed the House substantially without change, and passed the Senate exactly as it passed the House.

A similar result was obtained in the preparation of the Postal Savings Bank Bill. A bill which had been discussed for nearly a month in all its details had passed the Senate, but it was so unsatisfactory that it was discarded by the House Committee on the postoffice. A new bill was drafted, and under the leadership of Mr. Weeks was agreed to by the Postoffice Committee, accepted in Republican caucus after many hours of debate, and finally passed the House by a vote of nearly two to one. Again the Senate, although it had already considered the matter thoroughly, accepted the House bill without change.

Mr. Weeks framed and has had charge of the White Mountain-Appalachian Forestry Bill during the last two Congresses, and has led in the passage of this bill by the House on two different occasions. It is believed now that this legislation is in such shape in the Senate that it will become a law on the 15th day of next February, on which date a vote is to be taken. These are simply details in a service which, we believe, has been most valuable from its inception, and we feel that the voters in the 12th district should know these facts, and that they should insure Mr. Weeks's triumphant re-election.

SEWARD W. JONES, Chairman.
 EDWARD W. BAKER, Secretary.

Try This RICHMOND Suds-Maker Free

You simply turn the faucet and the RICHMOND Suds-Maker delivers thick, hot suds. It does not in any way interfere with the hot water faucet and can be easily attached to it. It gives you instead, two faucets—one for clean, hot water—the other for thick, hot suds.

Think of the dozens of ways this ingenious device will cut down the work in the kitchen! Learn what it means to save hundreds of steps every day—to always have thick, creamy suds on tap. The RICHMOND Suds-Maker gives you any quantity of suds and water thoroughly mixed in scientific proportion—it is always ready to meet your instant needs. It puts an end to the drudgery of dish washing—simply place dishes, silver, glassware under its creamy suds for an instant, then just rinse and wipe. It puts an instant, automatic end to waste, to unsightly soap dishes, to the nuisance of using up the suds and ends of soap. Use any kind of soap.

Just call on the plumber whose name appears below and ask to see the RICHMOND Suds-Maker. He will let you take one home to try. Use it ten days—then if you think you can spare it, return it, for the trial places you under no obligation to buy. This is your chance to learn about the greatest convenience, money and time saver you can install in your kitchen. Call today.

What the Boston Elevated Has Done for Rapid Transit.

Extensions and Additions, Subway, Elevated and Surface, Which It Has Provided

No. 2.

The Boston Elevated Railway Company is showing by a series of maps published in the Boston daily papers the additions and extensions which it has made to its system. On Sept. 28 was shown the surface lines and the Tremont Street Subway as in Jan. 1898. This was when the Boston Elevated took charge—on Oct. 3, the original elevated system; on Oct. 5th, the East Boston Tunnel.

The Original Elevated System

Trains were first operated between Dudley Street and Sullivan square, through the Subway, on June 10, 1901, and on Atlantic Ave. on Aug. 22, 1901.

Including structure, equipment and real estate, this cost over TWENTY MILLION THREE HUNDRED THOUSAND DOLLARS.

This money would have built 250 MILES OF SURFACE LINES, with all necessary equipment, with expensive city construction, and with paying.

Such a line would reach from BOSTON BEYOND NEW YORK CITY.

This was the First Real Rapid Transit provided for Boston.

Between Dudley Street and Sullivan Square, the surface RUNNING TIME WAS 45 MINUTES.

The Elevated reduced it to 21 MINUTES.

It connected the two great STEAM RAILROAD STATIONS on opposite sides of the city.

Its two great terminals were located in the heart of the rapidly growing northern and southern suburbs.

At the outset it embodied every known appliance for safety and convenience.

It was equipped with BLOCK SIGNALS SYSTEMS, with SAFETY DEVICES, and the cars were provided with Side Doors.

The design of its stations was the result of a prize competition among architects.

Pains were taken to make the CONSTRUCTION OPEN AND LIGHT, and architectural effects were secured by means of archways.

An elevated structure could not properly be built through the crowded business centre. So the Tremont St. subway was utilized.

The subway was not built for such a purpose, but the management overcame almost insuperable engineering difficulties and saved the public the delay which would be caused by waiting for the Washington Street Tunnel.

By these great improvements a half million of people were in effect brought TWO MILES nearer downtown Boston.

East Boston Tunnel

This is believed to be the first structure ever built under the tide water for street cars.

It serves a district peculiarly located—a district in which eighty thousand people live.

Maverick Square is only ONE AND A HALF MILES from the Old State House.

Yet before the tunnel was built it took 30 MINUTES to travel this mile and a half.

Now it takes about 5 1/2 MINUTES.

The annoyance of changing to and from the ferry boats is eliminated.

IT CONNECTS DIRECTLY with the Atlantic Avenue elevated, with the Washington St. Tunnel, and with the Tremont St. subway at Scollay Square.

Every connection is a RAPID TRANSIT connection.

From no other section can the people reach a DOWN TOWN DESTINATION so quickly.

The MOST DIFFICULT of all transit conditions has been converted to the MOST CONVENIENT of all.

SIXTY CARS PER HOUR are now being operated in rush hours.

Plans under consideration will provide a capacity of ONE HUNDRED AND EIGHTY CARS PER HOUR.

East Boston possesses a magnificent water front. This is destined to exert a great influence on the maritime importance of Boston.

Without a tunnel, it is doubtful if such improvement could be accomplished.

This tunnel cost, with equipment, three and a half million dollars. It was opened for business December 30, 1904.

THE BOSTON-1915 CIVIC PAGEANT

On Nov. 10, 11 and 12, a Pageant will be given under the auspices of Boston-1915 in the Boston Arena, the like of which has never been seen in America. Heretofore, Pageants have been historical, showing the development of the city or the state as the case may be, from earliest beginnings up to the present and stopping there; but this Pageant, which the citizens of Boston will have the opportunity to witness, will be a spectacle which is more than historical. Civic needs will be brought out in a way that will impress upon the minds of citizens the conditions in which they live. Last year for six weeks, beginning

That this is to be a Civic Pageant does not mean that the historical feature will not be considered. It is part of the plan to represent the development of the city from earliest times up to the present. Beginning with the Cave Dwellers the episodes will move on through Indian life and life among the Colonists to the present date. Primitive ways of gaining food, primitive occupations, religion, music, marriage, Indian warfare, wooing, worship, war dances, meetings with white men, times of starvation, Colonists' dame schools, town criers, husking bees, quilting bees, and country dances will be shown in a way that cannot be other than interesting. The Civic Pageant is another con-

with Nov. 1 and lasting almost until Christmas time, Boston-1915 successfully conducted an exposition in the old Museum of Fine Arts. This was attended by thousands of people from all sections of the city and all walks of life and the success of the exposition has been a great impetus toward the continuance of the program which this organization stands for. The exposition was an attempt to show the citizens good features and bad features of the city by means of charts and figures stationary in one place. The proposed Civic Pageant will show similar conditions by means of figures that move. The result will be one of the most spectacular and gigantic productions that Boston has ever seen.

tribution which Boston makes to the large list of helpful social ideas which have already emanated from this city. That this is so is proven by the fact that representatives from all over the country, including some from the Russell Sage Foundation, which is vitally interested in this Civic Pageant, will be present on the three days when the Pageant will be presented.

FAREWELL SERMON
BY REV. HENRY E. OXNARD OF NORTH CHURCH

John XV 15. I have called you friends.
People of the North Church and Parish: According to the calendar I have been with you ten years and over. It is a long time, but it has passed very swiftly to me, and pleasantly and profitably.

These ten years have furnished us with a strong, and as I trust, lasting friendship. We have shared our mutual woes and our mutual joys. I have not held aloof from any home, or any need or trouble or problem, when I thought I could be of the slightest service. You have trusted me with your confidences, and you have not sealed up the book of your personal history. A life, a soul, a personality is a wonderful creation. The starry heavens without and the moral law within were the two great wonders that engrossed the mind of Emmanuel Kant, but a living, breathing soul, fashioned by the hand of God and daily waking to life through his indwelling, is the common miracle of our common social life, and makes us gaze with wonder and awe into each other's faces.

I have felt the brooding of the Spirit over this people, calling through your needs, through your distresses, through your longings to your very souls; and in your bereavements, when the other world has hung low like a chariot to receive your loved ones, the Comforter has come and touched you where the door has been shut against the world, and you have been alone with God. Behold, he has seen the tears of your heart in those fleeting moments, and you have caught something of the brightness and warmth of his love. Or you have been visited with some stroke from the blue, or many hardships or defeats have been like iron in the soul and you have known a little of the greatness of man, and realized somewhat even the greatness that dwelt after all within you.

Or some vision mirrored in the world, but not of the world, has traversed your consciousness like a rift in clouds sweeping grandly but swiftly over a mountain. A little girl lisping lines of the Gospel from the Sunday school platform, a bright-eyed boy around whose head cluster the promises of noble manhood, a chord of music smiting the unused heart strings and vibrating even to heaven; or some generous impulse that has become a deed whereby you have lent a hand, and made an offering, or soothed a wound, or made peace in the midst of trouble—these have been your experiences, the innermost testimony that God has not forgotten the faithful dwellers by the winding river that flows, though its way be long, at length to the sea.

But your cold consciousness punctures the picture. You are the Scotch obstinacy about praising yourself, and praising your neighbor is the next thing to praising yourself. You are guilty of it now and then, but as a rule you lean to the safe side of self-depreciation, scoring the community as a whole (except of course our Catholic friends who do so much better) for its slipshod ways of Sabbath observance and church attendance. You work hard, you play hard and you rest hard, and many of you when it comes to religion and church and the culture of Christian fellowship are so busy and so tired and so full of many things, that like Miles Standish in his gloom on Priscilla, you have "no time for such things." I, however, have been your indulgent pastor. I have bent over you at your toil. I have talked with you amidst the roaring of the loom, and worked beside you at the bench over problems in brass and steel that have pursued me into the night. I know something of the magnitude and tortuousness of the problem that besets your daily life. I have studied that problem, and the often with the lamentation of a Jeremiah I have not solved it. No one can solve it. No Gabriel preacher, no Lutheran thunderer. You can solve it and you alone with God.

At this hour I can call you my friends. We have been together. You have seen me in my struggles as I have seen you in yours, marked me perhaps under temptations, in the common paths of our community life you have walked with me or perchance you could not quite endure my company. At least you have sympathized with me in the general object of my life. Sometimes you have been at fault and sometimes I, but with all our faults we love each other yet, and withal we have been the best of friends.

Jesus passed many a day with his disciples before he called them his friends. When they first came to him they saw the sunny side of his nature, they were charmed by his words, they grew thoughtful through his parables, and he became invested with new and rich and wonderful meaning as they lived with him and beheld his works of love and goodness. As time went on he revealed to them another side of his nature. He presented the demands of the Gospel. He pressed upon his disciples a certain simplicity that at times meant a cutting off of worldly things and pleasures, and at other times the strict subordination of them. He preached the cross and pressed it upon them, even by his death making it the central emblem of the spiritual life. And as they stuck to him and stayed by, even though they disagreed with him in many things and sought especially to dissuade him from going among his enemies at Jerusalem, he took them apart in those last days and disclosed to them all his heart. "Ye are my friends," "I have called you friends," "Henceforth I call you not servants; for the servant knoweth not what his lord doeth; but I have called you friends, for all things that I have heard of my Father I have made known unto you."

Jesus delighted to share his life with his disciples. He wanted them to have all that he had. He poured

out his soul to the limit of their receptivity. He overflowed with goodness, he healed, he cured, he forgave, he gave his blessing. There never was such a friend as Jesus Christ. (And if there are any here who know him not even as friend, O, may he be your friend, too!)

Thousands have been able to sing in rapture: "I've found a friend, O such a friend!"

"Surely," cries the deeply inspired prophet of the exile, "he hath borne our griefs and carried our sorrows, and with his stripes we are healed." Friends show their friendship by sharing each other's lives, pouring out all their troubles that they may not be borne alone. One thing a pastor must do to prove his friendship among his people, and that is to show himself a good listener. He must have a quick and sympathetic ear. You have not hidden your troubles from me. You have related them to me at the home, by the fireside, on the door step, at the social gathering or by the way. I could not choose but hear these words of yours, these troubles without end, night affliction or petty worries, have seemed sometimes to grow into a great mountain of sorrows, under which I should have been buried, had not there arisen in the very blackness of the shadow the bright mountain of prayer. I have not always gone upon that mountain, neither have you, but I have beheld it and felt it as it towered in sacred whiteness on high. It has pierced the clouds and we have beheld the heavens open and as it were the angels of God, ascending and descending upon the Son of Man. Then have all the blackness of trouble become transfigured under the heavenly light, and all things become new under the power of Jesus Christ. Prayer does this, because in prayer we see with God's eyes. Into the midst of oppression comes meekness, over against hardship stands patient endurance, from temptation arises victory, the sharp thorn of sorrow is covered with heavenly grace, earthly loss becomes spiritual gain, there is beauty for ashes, the oil of joy for mourning and heaviness, and the great mountain of human sorrow and strife becomes the gateway to life and glory and the undimmed presence of the Master.

"This world is run just right," exclaimed a philosopher friend of mine, though Time had pressed a most bitter cup to his lips. In the sense that it is a most wonderful combination of mind processes, a marvel of nice adjustments, this is true. If the end of creation were little paradises for men to walk in and take their leisure, if it were the pomp and stateliness of imperial courts, if it were girdling the globe with dreadnoughts, or riding to heaven in biplanes, this world would be a conspicuous failure for more men. But the hand of the divine Potter is upon the whirling wheel of circumstances to turn forth the precious vessels of His art. How many may be broken we do not know, but we do know the end of life are the ends of God—the ends worth while, the ends of character, the ends of noble men and women in whom is being revealed day by day patience, obedience, justice, faith, love, friendship, the fruits of the Spirit.

Sometimes the world in which I live spells chaos to me. Nothing hardly is as I would have it. Around me is a vast disorder, the conditions of human life hurt me and wound my soul. And then I reflect that in every community and every life there is a far off divine event. Rome was not built in a day, and before it became marble it was wrought in mud. And even its St. Peter's was an ungainly pile, heaving with crane and derrick before it became under the touch of a Michael Angelo the world's temple of worship.

Midst the chaos of this "Tin Horn" community the North Church has been planted. No Michael Angelo has sculptured her walls, nor painted her arches. Humble and plain prophets of the Lord have testified here and the hand of the Master has wrought an invisible carving in your human tabernacle, for we are his workmanship, the building not made with hands eternal in the heavens, and the voice of the Master today after so long a time speaks to all hearts who will listen. "Ye are my friends." "I have withheld not myself nor my life from you."

If we are friends of the Master who loves us all, then are we friends of one another. The valedictory of St. John to his people was "Little children, love one another." "Love is of God." What a power, how glorious and mighty, would you all become if with all your hearts you responded to the Master's words, "Ye are my friends." If we are friends of Christ we must be friends of one another. In him there is unity of mind, Spirit, purpose, life, work.

What is the characteristic candor of human groups similar to our own? Why, it seems to me that it is twofold. In one way there is a certain pettiness in this community, and in another there is great generosity and tenderness. Sometimes if you think you have been overlooked, or anyone has implied that you are not the equal of the best, or you have been crossed in some purpose, albeit an honest purpose, or someone has decidedly trodden on your corns, you are—well, not ready to forget it. Though you have a motto hung in your own home, "Forget it," you make an exception for yourself.

I know of two people who had been good friends who for a year would not look at each other, much less speak, until one day they found it was an utter and ridiculous misunderstanding. They shook hands and the old friendship was renewed with redoubled power.

In the other hand, if there is accident, sickness, misfortune, or trouble of any kind, I know of no people who are more genuinely sympathetic. It seems as if you could not do

enough, it pains you that you can do so little, and that the will must so often be taken for the deed. When your minds are upon the larger things of life, the more important interests of the community, the deeper things of our humanity, or the more sacred matters of religion, you treat each other on the level, you reveal the great friendly side of your nature, and if there is any worthy common cause, you will work for it, and as you work together you become the faster friends.

In going out from you, I can say that if you love me as a servant of the Master, you will be friends of one another. You will owe the church and labor for its upbuilding; you will be willing to sink self and he nothing, that the cause of Christ may grow here and leave no life untouched. Your portion is better than the heritage of wealth, your influence may prove wider than that of earthly potentates. Your faith may save the lost, your love may introduce Christ to a friend, and make everlasting joy in heaven.

And lastly when Jesus said to his disciples, "I have called you friends," he was announcing the foundation of his church. Where he was and they were gathered unto him as friends, there was the church. To be friends of Christ, and friends of one another is the same thing. So close is the relation that St. Paul says, "Ye are no more strangers and foreigners, but fellow-citizens with the saints and of the household of God."

If we are of the same household and family, it seems as if we could stand anything from one another. We become stones in the temple, unmoved by storms and raging winds without, or by the shaking and trembling that may occur within. May the walls of Zion be built up in the midst of this people, and may the divine friendship comfort your hearts, enlighten your eyes, strengthen your courage and bring to pass all your desires in the Lord, our friend and keeper who hath loved us and given himself for us.

HENRY E. OXNARD.

**WHEN DECORATING A HOUSE
REMEMBER THAT**

Red and green are extremely difficult to use together.

Very dark woodwork needs strong colors in the draperies.

Pale yellow is good for a dark room, having a sunny quality.

Most colors go on stronger and darker than they show in the sample.

There should be variety in the furniture coverings. Otherwise the room will be tiresome.

In a small house, keep to one tone, even to the extent of using the same paper in every room on the floor.

White and gray walls are growing in favor, and make the best background for pictures and ornaments.

Red is a masterful color and disturbing to sensitive people. It is better used in the carpets and the draperies than on the walls.—Suburban Life for October.

SOMETHING NEW FOR NEWTON.

When we consider the increase in the cost of living one makes no mistake when they read and keep in touch with improvement.

Do you know what the DAVIS HOME CURED HAM AND BACON means? It means your grandfather's process. It means the kind he cured upon the farm fifty years ago, and smoked in the four barrel in the back yard. It means the kind you don't have to soak over night, or parboil to extract the salt. Everybody knows that most ham is dry, tough, salt and hard, making one drink all the afternoon or chew peanut gum to avoid indigestion. These are facts you cannot dispute. Now we ask every reader of these lines to visit

IRVING & WHELDON, Newton
PRESBURY & BURNHAM,
West Newton.

E. McHALE, Waban.

Look at the DAVIS HAMS. With their clean golden color. You can tell them by their color, if not by their brand, as all hams from our establishment are branded "DAVIS." We have the only establishment in New England, and we think in the United States, that is operated under United States inspection, upon a farm. Our establishment is located at Cavendish, Vt., in the heart of the Green Mountains, where for years we have dealt out to customers of that state an article that is by all acknowledged an superior to anything in its line. GET DAVIS, THE IT, and you won't change. If you like it, keep buying it. If you think you might get fooled by so doing, ask your Vermont friends. Next week we will tell you of our home rendered lard.

The discussion in the board of aldermen Monday evening on the new schedule of telephone rates brought to the surface a matter which has been under consideration for some weeks and which it was thought would be worked out without undue publicity. It is a fact that a discrimination has been made in the new rates which operates against the telephone subscribers to the Newton West exchange. It is hoped to have this remedied by a ruling from the Highway Commission that all the Newton exchanges should be regarded as one exchange, and not as three separate exchanges. If the Telephone Company for operating purposes, wishes to divide the territory into sections no one would seriously object, provided the city was otherwise considered as an entirety, as it is said other cities are treated. Powerful influences are at work on the problem and a satisfactory solution is confidently expected.

The incapacity of the Democratic party to even govern itself, let alone the governing of such an enormous business organization as the Commonwealth of Massachusetts, was strikingly manifested yesterday in Faneuil Hall. How any Republican can now refuse to vote for the re-election of Governor Draper on such totally foreign issues as Cannonism, Ballingerism, or Lodgeism, is beyond comprehension. With Governor Draper presenting a clean, able and businesslike record of accomplishment, it is the duty of every good citizen to register his approval, if he can, of Republican administration, or at any rate, his protest against Democratic incapacity.

WHY CHANGE.

The reported deal by which Mayor Fitzgerald demanded the right to name certain state officers in return for his support for Governor ought to be a lesson to citizens of Newton. A vote for the proposed amendment to the city charter next month relative to removal of officers would lay this city open to a similar demand in the future. Why accept such a possibility when the present method has proven so satisfactory for nearly a generation and no reason exists for a change.

MYERS-COBB.

Miss Edith Harriet Cobb, the daughter of Mr. Darius Cobb, the artist, was married Monday evening at the Cobb home on Boylston street, Newton Upper Falls, to Mr. Henry Earle Myers of Akron, Ohio, N. J., 69. The bride was crowned in ivory, encreme, en traine, the trimming of princess lace. The bride veil was caught back with white killarney roses. Marion Stone Wheeler, the niece of the bride, and Master Ezra Frederick Stevens, cousin of the bridegroom, each 5 years old, were the ring bearers, and preceded the bride. The ushers were Messrs. Stanwood Cobb of Constantine, and Percival Harriett Cobb of Orange, N. J., brothers of the bride.

The ceremony was performed by Rev. George T. Smart, D. D., of the Newton Highlands Congregational Church.

The house was beautifully decorated with dahlias and autumn foliage and the bridal arch and stairway were twined with clematis.

Miss Amy and Miss Marion Spaulding, friends of the bride, furnished music for the evening. The guests included relatives and intimate friends of the bride together with Mrs. J. W. Myers, mother of the bridegroom, Miss Dorothea Myers, and Master Theodore Myers sister and brother of the bridegroom, from Ashland, Ohio, and many beautiful costumes were worn.

After the wedding trip Mr. and Mrs. Myers will reside at Akron, Ohio, where the groom is engaged in business as an architect.

PRIZES AWARDED

FOR SCHOOL AND HOME GARDENS IN NEWTON

A large number of children, together with many members of the Social Science Club and other interested friends, gathered in Bigelow School Hall last Friday afternoon for the exercises attending the award of prizes to the children who had had plots in the School or Home Gardens during the past summer. These gardens were carried on under the direction of the Newton Social Science Club and were in large measure successful.

The exercises opened with the singing of "Columbia, the Gem of the Ocean," by the children. Mrs. H. H. Powers, vice-president of the Social Science Club, presided over the program, introducing Mrs. L. S. Drake, chairman of the Garden Committees, who then presented a report of the work of the summer. This was followed by a few words of commendation from Mr. M. J. Murray of the Technical High School, who had been one of the advisory committee during the season.

"The Battle Hymn of the Republic" was sung by the children, after which a recitation was given by Joseph Feola, a song by Joseph Sloan, a piano solo by Margaret Feola and a reading by Mary Flemming, all the selections being appropriate to the garden work.

Dr. F. E. Spaulding then spoke briefly and awarded the prizes as indicated by the judges. There were two of \$3 and \$2 for the best school gardens and the same for the best home gardens, while blue ribbons were given which will entitle the recipients to a package of perennial seeds.

The prize winners were: For school gardens, Anna Murphy and Joseph Feola; home gardens, Lewis Bird and Bradford Oxnard. Those receiving ribbons were: School gardens, Lewis Bird, Luvera Burleigh; home gardens, Marjorie Leach, John Walsh, Robert Donaldson, Waldo Welton.

To Charles H. Love, who had been a good friend to the children all summer and assisted them in many ways, the children gave as a token of their friendship a subscription to "Country Life in America."

The tables in the hall were spread with flowers and vegetables which came from the gardens, and showed the skill of the children better than words.

The judges report stated that 22 school gardens were started and 86 home gardens, planted with flowers or vegetables or both. The same kind and quality of seed were furnished all applicants. The school gardens showed that the children gave continued time and attention, while on the other hand, the home gardens showed meagre and poor crops. Only one fifth of the home gardens lived thru the season and only 10 gardens, including prize winners, called for specimens.

The judges divided the results into three classes, GOOD, VERY GOOD and PRIZE WINNERS. The GOOD gardens in the school plots were as follows:

the triumph of the inventive gen-

a hundred inventors, the best
thoughts of more than a thousand
minds, the skill of many thousand
workmen, and the investment of
millions of dollars, are concen-
trated in the "Goodyear Welt"
machinery. Though created by
men and put together, part by
part, by human hands, each
machine of the "Goodyear Welt
System" is more accurate, sure,
efficient, and more productive
than half a hundred workmen.
They are the mechanical marvels
of our day.The shoe industry has become one of
the most important of the industries of the
United States since the development of
the "Goodyear Welt System" of
making shoes. The workman
has become a master of machin-
ery. His hands turn on the
power and release it when the
machine, more accurate than
the human hand, never-tiring,
always-the-same, has completed
its work.Every man and woman in
New England should see the
exhibition of the United Shoe
Machinery Company at the Me-
chanics Fair, beginning Monday,
October 3d. It is an educational
exhibit that every person who
buys shoes should see.

Go and see it for yourself.

The Thing To Remember Is that you can detect
the imitation of the
"Goodyear Welt" by a "sock" lining. Lift it up at the shank of the
shoes. If there are tack points and stitches underneath it, the shoe is
not a "Goodyear Welt." If you want the best in construction**Insist on the "Goodyear Welt"****SCHOOL ATTENDANCE.**Supt. of Schools Spaulding reported

BOARD OF ALDERMEN

DISCUSS NEW TELEPHONE RATES IN NEWTON

The regular meeting of the Board of Aldermen was held on Monday evening, President Jones in the chair, and Aldermen Avery, Barker, Blake, Moore, Burr, Chadbourne, Cox, Gray, Heard, Higgins, Leonard, Lyons, Miller, Moore, Stone, Sullivan, Towle, Underwood and Woods being present.

Hearings were held on petition of the Edison Company for pole locations on Summer street and on Palsifer street, and on petition of the Telephone Company for attachments on Park avenue, Albemarle road and Washington street. Mr. W. J. Cozens appeared in opposition to the petition for pole on Albemarle road. At its own request the petition of the Telephone Company for location on Summer street was granted leave to withdraw. The hearing on petition of the Edison Company for underground conduits on Homer street was postponed until later in the evening, and was then opposed by Mr. Sheehan, who objected to the wires coming out of the ground opposite his house.

On petition to keep gasoline of H. M. Howard, Fuller street, S. M. Bolster, Exeter street, Morton E. Cobb, Lake avenue, George W. Dush Co., Elmwood street, Charles A. Drake, Auburn street, and of Walter E. Mars, to keep denatured alcohol, no one appeared, and the licenses were immediately granted. There was also no objection to the taking of land for sewer between Westbourne road and Francis street or for the removal of certain trees recommended by the forest commissioner. Mr. S. M. Jackson filed a letter of protest against the removal of trees on Jackson street.

Mayor Hatfield recommended the transfer of \$1000 from new drains to the snow and ice account, and \$1000 from new drains to the street sprinkling account. Also an advance of \$1000 for parks and squares, an advance of \$2000 to the street railway tax account, and later orders carrying these measures into effect were adopted.

Petition of George W. Dunleavy for a box bowling alley, W. A. Callahan for two wagon licenses, of the N. & W. Gaslight Company to open up Commonwealth avenue and Central street, of Timothy D. Murphy for auctioneer's license, and of the Edison Company to relocate one pole on Allston street were granted. Other petitions received were from Ira Locke for billiard table license, John A. Devlin for two pool table licenses, of Margaret Heinrich, claim for personal injuries, Winthrop M. Quinlan, sixth class liquor license, Max Melman to transfer junk license, Murphy et al. to widen Crescent street, American Fireworks Company to manufacture fireworks, and the Metropolitan Park Commission for sewer connection at Riverside headquarters.

Hearings on Nov. 7 were assigned on petitions of the N. & W. Gaslight Company to locate a four horsepower engine on Washington street, and of Mark C. Taylor, Walnut street, Elizabeth R. Burr, Chestnut Hill road for gasoline licenses.

On recommendation of committees leave to withdraw was granted James E. Huntress for claim for damages caused by watering cart, Russell T. Harrington for personal injuries, Edison Company for pole on Crescent avenue, Michele A. Schene, Nicholas Vedduccio, Simon Morrell for liquor transportation permits, George Sediris, common victualler's license, for sewers in Waban Hill road, Central terrace, and Elliot street. Orders were adopted authorizing settlement of claim of Edward Meyer for \$36.48, authorizing abatement of sewer assessment of W. C. Strong on Montclair road, and payment of \$100 for land damages, exempting frontage of John Aspinwall in Evergreen avenue, from sewer assessment, authorizing sewer construction in Chapel street, and Prescott street, authorizing laying out of Prescott street extension, authorizing removal of certain dangerous trees by the forest commissioner, assigning hearing on Oct. 17 for taking land for sewers in Lee avenue and Newland street, for laying concrete sidewalk on Wesley street, and for laying concrete sidewalk on Elmwood street, authorizing city primaries on Nov. 22, granting \$28,671.83 for city expenses for October and granting the Telephone Company pole locations on Islington street, Prospect street, at-

tachments on Woodward street, Auburn street, Chestnut street, a relocation on Hillside road, permission to remove poles on Cook street, and granting the Edison Company pole locations on Valentine street, Gibbs street, conduit locations Beacon street and Institution avenue, and permission to remove poles on Institution avenue.

An ordinance for removal of snow from sidewalks in parts of Ward 6 was passed to be ordained. The resignation of Edwin H. Alexander as a constable was accepted. Notices were filed from the chairman of the Republican and Democratic city committees relative to city primaries on Nov. 22.

Licenses were granted William H. Bonfil as auctioneer, Emma T. Cavanaugh intelligence office license, Annie B. Telfer, common victualler's license, and Isidoro Salvo, pool table license. The license committee reported no action necessary on the petition of J. Threlfall to run dances in Lincoln Hall, as the matter was wholly in the hands of the Mayor.

Alderman Cox introduced an order directing the mayor and city solicitor to protest to the Highway Commission against the discrimination made against Newton West in the new schedule of telephone rates and it aroused considerable discussion before being referred to the franchise committee.

Alderman Cox said: With the new rates Newton South and Newton North have got privileges which Newton West has not, and it seems to me that it is a discrimination. I recognize that in all adjustments somebody is going to get the burden, but any citizen whether living in Newton or West Newton should have the same privileges.

Alderman Underwood: I do not think at the present time it would be wise to pass this order. In talking with the Mayor he told me that he was taking the matter up with Gov. Draper and the Highway Commission and he didn't think any action was necessary by the board at the present time.

Alderman Woods: I think that the people ought to make a strong stand against dividing the city into two zones. I think it is a great discrimination against Newton West. It will bring a great hardship to the Brae Burn Country Club, and I hope the thing will be handled vigorously at the right time and I think we ought to create a little public action against the scheme.

Alderman Moore: I am not sure but that the committee might wish to have this board protest all over the city against the arrangements; not only for Newton West but Newton North and Newton South may wish us to protest and I think if we can go into it a little deeper it will be better.

Alderman Cox: I think a public hearing ought to be set when all citizens of Newton should be heard on the matter. I think this is something that public opinion is aroused about and it seems to me that these individuals should be given a hearing. During the discussion of the telephone matter, President Jones called Alderman Stone to the chair and retired from the chamber.

REAL ESTATE.

Papers were passed through the office of A. H. Waitt today for the sale of ten (10) lots at North Revere, near the Henry Waitt School, from Emma L. Waitt to Charles H. Woodman, treasurer of the Securities Co-operative Association, who buy for investment and will proceed to build and improve the property at once.

LASELL SEMINARY.

The second lecture of Mr. Leon H. Vincent's course at Lasell Seminary will be given on Thursday evening, Oct. 13, at 7:45 o'clock. Subject, Robert Louis Stevenson. The public is cordially invited to attend.

"Knowledge is Power"

The truth of this well-known saying has been thoroughly proven by the test of time. Our long experience in the wholesale as well as in the retail business gives us a superior knowledge of merchandise conditions, which enables us to buy goods from first hands so that we can sell them at lower prices than those asked by our competitors for the same grade of goods. Our knowledge is placed at your disposal, and will enable you to increase your purchasing power.

WHY CHANGE

The conundrum, "Why Change?" which you have given to your readers in connection with other questions, seems to me to be very well adapted to the question of a proposed change in the Newton School Committee, which will be voted upon at the state election when the voters of Newton will be asked to decide whether they will reduce the number of the board from 14 members to 7.

The School Board has been singularly free from anything in the nature of politics; there has been no graft, no dissatisfaction. We rarely see a contest over the choice of a member at the city election.

It is claimed that business men are coming to see that small committees work better than large ones. Very true so far as strictly business affairs are concerned, but is the School Board a strictly business board? I think not. If entirely a business board, why not have three members and no more? The answer which will be made to this is that the board must be representative and each ward must be represented. Very true, and two men from each ward are to a larger degree representative than one man from each ward.

The financial end of the committee's work is done by the finance committee of the board, and on this committee is the Mayor of the city. What this committee decides is bound to go. The business of the board so far as the financial end of it goes will be run by this committee of three whether the board consists of seven or 14 members.

There are, however, many things to be attended to outside the finances. The superintendent quite frequently says to the teachers, "Do what you can to interest the parents in the schools. Get them to visit the schools and in other ways to help along the good work the teacher is doing." At present we have a School Committee of 15 members. It is a rule that one member from each ward shall be chairman of his ward committee, whose duty shall be to visit the schools and to have a general oversight of their conduct. To the ward committee shall be referred all grievances of parents who appeal from the decision of the superintendent. Those interested in the financial end have little or nothing to do with this work.

A brief statement of the situation is this:—We have had 14 men who are willing to give their services for the benefit of the schools, to visit them, to hold up the hands of the superintendent and teachers, to do just what the superintendent and teachers are begging the parents to do, to lend their aid and give their time to the cause of education, and we are now asked to tell seven of these men that their services are not wanted. Newton will lose the service of seven interested men, and what will it gain? Absolutely nothing. The greater always includes the less and the finances of the board will be run by the three men whether we have seven or fourteen.

There has been no complaint that the School Board is inefficient. It is not a matter of expense for the members are not paid. The change will do away with women on the board for in a strictly business committee the citizens will hardly select a woman as their one and only representative. We hope that the people of Newton

MEMORIAL WINDOWS

A memorial window, erected by the Goddard family in memory of Mrs. Elizabeth Goddard Hoald, was unveiled at the First Church, Newton Centre, at the regular service Sunday morning Rev. Edward M. Noyes, pastor of the church, preaching a sermon on the Resurrection, which is the subject of the three scenes portrayed in the window.

In the centre is the figure of the triumphant Saviour leaving the open tomb, while on the left are the women bearing spices, seeking their beloved dead, and on the right, Peter and John, on their early visit to the sepulchre. The beauty of the faces and the refinement and delicacy of the coloring are noticeable, and the effect of the design is enhanced by an unusual richness of detail.

The window was designed and executed by the Harry Eldredge Goodhue Company of Cambridge, who erected the other memorial windows in the building. The interior of the church is much enriched by this latest addition to its glass, and when the large transept window is filled by the memorial which it is planned to erect at the coming 250th anniversary of the church, its adornment, as originally planned, will be nearly complete.

The dedication of a memorial window to Miss Mary Brooks Wilkins at Grace Church Sunday morning marked the parish's deep and sincere tribute to the memory of the last survivor of the original members. Miss Wilkins, whose death occurred Jan. 3, 1910, had been a devout communicant of Grace Church since its organization more than 54 years ago. Her unceasing labors in behalf of the parish, her sympathetic interest in the lives of those about her and her lovely disposition had endeared her to young and old of two generations.

The church was filled at Sunday morning's service by those seeking to honor her life of piety and usefulness. Rev. Dr. Laurens MacLure delivered the prayer of consecration, the unveiling preceding the sermon.

The window is situated at the back of the main building and directly inside the door leading to the west porch. There are two figures in bold relief—a faithful woman summoned to her reward and an angel who bids her welcome to her heavenly home. Soft and fitting tints supply the color effect. The whole design is greatly admired and much praise is extended to the originator, Mr. Donald McDonald.

You cannot easily buy a pure Almond Cold Cream such as Fay's at any price. 25 cents will show you why. Money refunded if not satisfied. Woman's Exchange, Newton and Newton Centre.

DANCING CLASSES.

Miss Edith H. Lincoln will receive pupils in dancing at Temple Hall, Newtonville, on Tuesday afternoons, commencing Oct. 11, 1910, from 2 till 4 o'clock. Terms: \$5 for ten lessons. 2t

will give a decided negative to the question when they meet it at the polls at the state election.

WARD TWO.

WEEKS FOR SPEAKER

In accepting the nomination for Congress from the Republican convention in the third district, Congressman Charles G. Washburn of Worcester made the following statement which is of interest to Mr. Weeks' friends in this city:

"I have been asked elsewhere for whom I shall vote for speaker in the 62d Congress, which will convene in December, 1911. It is not always easy and it is almost never wise, to state what one will do at a given time in relation to a definite act when conditions are so likely to change. On the other hand, my constituents have a perfect right to know my present view upon any question upon which, as their representative, it may become my duty to act. Should I be elected to the 62d Congress I shall vote for a Massachusetts man, Congressman John W. Weeks, who, in my opinion, possesses more of the qualities essential in a speaker than any other. While this is the first time I have made this statement publicly, it is a conclusion I reached long ago, and which I have stated frequently in private conversation."

KIMBALL—DOW.

On the afternoon of Saturday, Oct. 8, the summer home of Mr. and Mrs. F. A. Dow of Newtonville at Cape Porpoise, Me., was the scene of a happy gathering of friends and relatives at the marriage of the eldest daughter, Rose Caroline, to Mr. Walter H. Kimball of Kennebunk, Me.

The ceremony was performed by the Rev. Mr. Cann of Kennebunk. The bride was attended by Miss Lillian Kimball, sister of the groom, and the best man was Madison S. Dow, brother of the bride. Ivory and Victoria Hill acted as ring bearer and flower girl.

The house was beautifully decorated with autumnal suns and branches of oak which formed a natural background for the light gowns of the ladies present.

After the reception which followed the ceremony the bridal couple started on a tour which will include Montreal, Niagara Falls and New York. The carriage in which the bride and groom departed was profusely decorated and closely attended by numerous friends. Upon their return Mr. and Mrs. Kimball will reside in Kennebunk, Me.

POLITICAL NOTES.

Hon. Herbert E. Fletcher of Westford was renominated as the Republican candidate for member of the Governor's Council from the sixth district at the councillor convention last Friday noon at Wesleyan Hall, Boston. Mr. William F. Garcelon of Newton, chairman of the district committee, presided, and Mr. Garcelon, E. T. Colburn and Frank R. Moore were elected members of the district committee from this city.

DANCING CLASSES.

RECEPTION

In the parlors of Channing Church Tuesday evening there was a large attendance of members of the parish, the occasion being a reception tendered to Rev. and Mrs. Harry Lutz by the Channing branch of the Women's Alliance. The hours were from 8 to 10 o'clock and the receiving party consisted of Rev. and Mrs. Lutz, Dr. Fred W. Webber, chairman of the standing committee, Mrs. Webber and Miss Jessie Fisher, president of the Alliance. The ushers were Messrs. J. Dwight Howard, Willett Howard, Alfred H. Wing, Frank Allen Burt and Philip H. Burt. The parlors were attractively decorated for the occasion with potted palms and ferns and autumn foliage. During the evening music was furnished by the Reynolds Ladies' Orchestra and a group of songs were sung by Mrs. Lafayette Goodbar. At the close of the reception dainty refreshments were served.

There is always a way. The thing is to find the right way. By constant attention and experiment, we have found the way to make a house heating boiler. The "WINTERBURNER" Heater, made for Steam or Hot Water, fulfils our expectations. Smith & Thayer Co., 236 Congress St., Boston.

WALKING WITH A CAMERA.

Mr. John G. Blaisdell of Newton, Mass., arrived in Bermuda a short time ago, and is the guest of Mr. F. W. Grantham. He has two hobbies which, fortunately, he can enjoy at the same time. An enthusiastic pedestrian and an enthusiastic photographer, he has set himself the task of walking over Bermuda and fill his portfolio with pictures taken by the way.

He has obtained a large collection in the course of his perambulations and tells many entertaining stories of little adventures encountered in the pursuit of his work.

His journeys have led him from one extreme of the colony to the other; and his primitive method of locomotion has enabled him to visit many retired but most interesting spots which the carriage-borne traveller never sees.

Mr. Blaisdell brings letters of introduction from Charles Hatfield, Mayor of Newton, and John W. Weeks, M. C., to the American consul here. (Royal Gazette, Bermuda.)

BERMUDA

The lovely alluring "Land of the Lily and the Rose" is a vacation island whose charms are more potent and more permanent than those of any other island in the world, whether it is the quiet and restful beauty of its scenery, the tonic virtues of its balmy yet exhilarating air or the spell of romance and heart interest thrown about it by Tom Moore that so enchants the visitor and makes him to the end of life the lover of this picturesque island. It is difficult to say. Doubtless it is the sum of all of these distinctive qualities of Moore's Bermuda that explains its great and lasting popularity with the thousands who make it their resting place, and whose chief regret is that they cannot live there always. Be that as it may, Bermuda is today one of the world's most famous resorts, and year by year the number of those who succumb to its subtle fascinations increases in most remarkable degree.

The great majority of this holidaying throng comes of course from the neighboring domains of "Uncle Sam," but many there are who journey from Canada and even the British Isles and other countries of Europe are abundantly represented by willing pilgrims to this most beautiful of vacation Meccas. Moreover, scores of these visitors go thither to revel in the peerless air and scenery of the island and there is nothing quite like the ozone and scenery of Bermuda, neither is there anything exactly akin to the Bermudian life, for the genus Bermudian is unique.

It is the land of outdoors, of palmy breezes, of genial skies, and open-handed hospitality and good cheer; a land where only the visiting tourist ever hurries or takes stock of time. Bermuda in brief is the playground of the weary, the sanatorium of the ailing, the ideal holiday field of the children, the paradise of the sportsman, and the Elysium of the artist. It is the land of palms and flowers. It is God's island and man's—Bermuda is popular with visitors because it is different, the very air one breathes is unlike other air. It is not Massachusetts, Adirondacks, nor yet California, but simply its own sweet, quaint, odorous, attractive, indefinable self—and those who once come under its hypnotic spell are forever afterwards its devotees.

INJURED BY TROLLEY CAR.

While crossing Huntington avenue, near Greenleaf street, Roxbury, John A. Driscoll, 43 years old, of 14 Rockland street, Newton, was struck by a car and severely injured Saturday evening. He was taken to the City Hospital, where it was reported that his scalp was wounded and his legs and body injured.

OBITUARY

Prof. George Edwards Jackson, who died last week Sunday at his home in St. Louis after a life of distinction in classical fields, including the professorship of Latin at Washington University of that city for 36 years, was a native of Newton. He lacked only a month of being 83 years old, and for the last eight years had been professor emeritus at Washington. He died from old age.

Dr. Jackson was born Nov. 5, 1827, of a family which had been prominent in Colonial and Revolutionary history. His early education was private, and later, at Phillips Academy, Andover, Mass.

He graduated from Yale with the class of 1852, which developed so many famous men in later years, including soldiers, statesmen, writers and educators.

He began his educational career soon after leaving college, and taught at Alexandria, Va.; Le Grange, Tenn.; and New Haven, Conn.

His love for travel caused him to make extensive journeys through Europe, Egypt and Palestine, and he visited particularly places made famous by the classics.

In 1866 Dr. Jackson became professor of Latin at Washington University, and held this important post without interruption until his retirement from active employment in 1902, when the university bestowed upon him the degree of Doctor of Laws and the title of Professor Emeritus. Many of the leading citizens of St. Louis are former pupils of Professor Jackson.

He was a member of the following societies: American Philological Association, Archaeological Institute of America, Sons of the Revolution and Society of Colonial Wars. He also was a director of the American School at Rome.

His mind remained clear to the end. He is survived by a brother, Samuel M. Jackson of Newton, Mass.; a son, Edward F. Jackson; three grandsons, Edward P., George M. and Hubert K., and a granddaughter, Margaret. The doctor's wife died about 25 years ago.

Funeral services were held in St. Louis on Tuesday afternoon at the home of his son and another service was held at the Newton Cemetery chapel last week Thursday afternoon. There was a large attendance of friends and Rev. Edward M. Noyes of the First Church officiated.

CITY HALL.

CRITCHETT—WALTON

The wedding of Miss Ruth Taylor Walton, the daughter of Mr. and Mrs. Horace M. Walton of Newtonville to Mr. James Hamilton Critchett of Chicago, Ill., took place at the Walton home on Linwood avenue, Newtonville, Wednesday evening. The ceremony was performed at eight o'clock by Rev. G. O. Mills of the First Unitarian church of Watertown. The bride wore a gown of cashmere de sole with Duchesse lace and carried a bouquet of lilies of the valley. She was attended by Miss Anna M. Lemon of West Newton wearing cream white hand painted messaline, draped with apricot colored chiffon and carrying Killarney roses. Mr. Everett Critchett of New York, brother of the groom, was the best man. A reception followed until 9:30 o'clock. Mr. and Mrs. Critchett being assisted in receiving by Mr. and Mrs. H. M. Walton and Mr. and Mrs. Frederic E. Critchett of Watertown. Messrs. Francis H. Kendall of Providence, R. I., and Waldo S. Green of Watertown. The bride is a graduate of Radcliffe College and has been a teacher in the Stearns School at Nonantum. The groom is a graduate of Technology and is now in business in Chicago, where Mr. and Mrs. Critchett will make their home.

WALTER—MALISON.

At the home of Mr. and Mrs. William Price, in Newtonville, Wednesday afternoon Miss Henrietta Malison was married to Harry Walter of Brookline, by Rev. Richard T. Loring of Newtonville. The maid of honor was Miss Lena Walter, a sister of the bridegroom, and the best man was Franklin Walter, a brother of the bridegroom. Frederick Trowbridge, James Garrett, Lyman Brown and Thomas Edgar Malison, a brother of the bride, were ushers. A reception for intimate friends followed the ceremony.

REPUBLICAN RALLIES.

The City Committee has arranged for three rallies in this city next Thursday evening. One at Wade hall, Upper Falls, one at Bray hall, Newton Centre, and one at Lafayette hall, Nonantum. Congressman John W. Weeks Mayor Charles E. Hatfield and Mr. Patrick J. Conlon will speak at all three rallies and other addresses will be made by Representatives Bothfield and White, Dr. C. A. Boucher of Watertown and others. The rallies will be held at eight o'clock.

Mr. Charles Barnshaw has this week moved into his newly completed residence on Waban avenue.

Mr. and Mrs. J. A. Bryant of Windsor road have returned from a week's auto trip in the White Mountains.

Arthur Knight won the N. H. S. freshman game from Dorchester on Wednesday by a pretty drop kick from the field, it being the only score.

Mr. Esmond Rice of Waban avenue easily won the Columbus Day handicap cup at the Brae Burn Country Club from a big field with a gross of 82 and net 71.

RELIGIOUS UNION.

These officers were elected at the annual meeting of the South Middlesex Federation of the Young People's Religious Union, held Sunday afternoon at the West Newton Unitarian Church: Rev. Harry Lutz, Newton, president; Henry P. Curtiss, Newton, vice-president; Benjamin S. Stoney, East Lexington, treasurer; Miss Josephine Bruntorn, Bedford, secretary.

At the afternoon session there were addresses on "Our Problem" by Miss Lillian L. Poor of Boston; and "Making Ourselves Felt," by Rev. A. D. K. Shurtliff of East Boston. The evening sermon was delivered by Rev. H. Summer Mitchell of Keene, N. H., on "The Need of Deeper Faith." Rev. Lyman V. Rutledge of Billerica presided at the afternoon session.

SHERMAN—ALLEY.

The wedding of Miss Lillian Botume Alley, the daughter of Mr. and Mrs. John Stewart Alley of West Newton, and Mr. Max Christopher Sherman of Brooklyn, N. Y., took place Monday evening at the Alley home on Chestnut street. The house was decorated with a profusion of laurel, Southern smilax, palms and pink roses and a large tent on the lawn was adorned with palms, potted plants and laurel with a beautiful mass of red roses in the centre of the table.

The ceremony took place at 7:30 o'clock and was performed by Rev. Julian C. James of the West Newton Unitarian Church, only relatives and most intimate friends being present.

The bride, who was given in marriage by her father, was gowned in white chiffon over white satin trimmed with rose point lace. Her tulle veil was fastened with lilies of the valley, and she carried a shower bouquet of lilies of the valley and bride roses.

The maid of honor, Miss Elizabeth Botume Alley, a sister of the bride,

THEATRES

B. F. Keith's Theatre—Every week at B. F. Keith's Theatre new faces brighten the bill, and next week will be no exception to this rule, as there will be a number of newcomers, all stars in their particular lines, with several old and tried favorites. One of the newcomers will be Gene Greene, who has made a tremendous hit during the past few weeks singing his own songs in a characteristic manner. The Field brothers are also newcomers, recently with one of the big minstrel troupes. Among the old favorites are Will H. Murphy and Blanche Nichols, in what is probably the funniest farce now on the boards, called "The School of Acting," in which the passing army perishes in a scream of laughter. Goleman's dogs are without question the most wonderful troupe of canine actors ever on the stage. Local favorites will be Katherine Nelson and Elizabeth Otto, in their pianologue, and among other favorites to be announced are Cooper and Robinson, the celebrated colored entertainers, in "A Friend of Mine."

Tremont Theatre—The instant success scored by "The Fortune Hunter," which is in its fourth week at the Tremont Theatre, is a tribute by Greater Boston to itself as well as to Winchell Smith's clever comedy in which John Barrymore and the New York company have been playing nearly two years. Boston long has maintained that it prefers and will support clean plays and in its quick acceptance of this one it justifies that preference. The story of Nat Duncan and his quest for a fortune by leading a small-town heiress to propose marriage to him is a story so reasonable and feasible that it might have been taken from life. Its characters as well as the buoyant humor and bits of pathos are real and they seem to live rather than to act the parts.

Castle Square Theatre—"The Talk of New York" at the Castle Square next week will be John Craig's first musical comedy production of the season. The work of George Cohan, in music, dialogue and action it is the liveliest of the lively, and it promises to rival the success of "The Circus

Girl. Unlike most pieces of its kind, it has a plot, and its central figure is one Kid Burns, a celebrity of the race track, who encounters all sorts of amusing experiences when he breaks into society. Interspersed with the plot of the play, and giving added pleasure, is the music, which is made up of the most taking songs, dances and choruses. A chorus of two dozen mainly young men and beautiful girls has been specially engaged for this production, and will be one of its leading features. The part of Kid Burns, the hero, will be taken by Donald Meek.

Y. M. C. A. NOTES.

The opening night of the electrical class was Oct. 10. Mr. William E. Litchfield, chairman of the educational committee of the association, spoke of the possibilities of educational work conducted by the association in Newton.

Mr. W. C. Smith, educational secretary of the state committee, next spoke of the educational work done by the association in other places. He emphasized the value of using one's leisure hours and showed how much could be accomplished by young men making good use of their time.

Mr. Clayton of the firm of Clayton & Craig, Boston, who will be the teacher of this electrical class, then took charge and told the young men present of the value to be derived from the study of electricity. Ten new members were enrolled in the electrical class. The use of many kinds of apparatus were shown to the young men present. The first lecture in the course will take place on Monday evening, Oct. 24. Any young man who is interested may enroll in the class at the present time.

The international convention of the Young Men's Christian Association of North America will be held at Toronto, Canada, Oct. 28-31. This is a very important gathering of the secretaries and business men representing the association all over the country. The delegates from the Newton association to this convention are Allan C. Emery, H. W. Bascom and Franklin W. Ganse. Mr. William Macpherson will attend the physical directors' conference at Toronto, which is held two days before the general convention.

POLICE NOTES.

After several days of watching an officer in plain clothes was able to get close enough to a crowd of young men who were shooting craps in West Newton to identify them, and three were summoned into court Monday

morning. The game has been in progress back of the new armory on Washington street and Patrolman William Dolan, whose regular route is in another section of the city, was detailed to watch the gamblers. Edward L. Burns, 18, of 1220 Washington street, West Newton; Charles A. Armitage, 17, of 161 Kempton place, West Newton, and Peter G. Clark, 19, Gerard court, in the same section, were each fined \$3.

Herbert Fowler, 18, of 30 Bowker street, Brookline, who is chauffeur of the automobile that makes the night collection of mail throughout Newton, was in court Saturday morning for violating the automobile laws by not having the rear lamp of his machine lighted. He pleaded guilty and the case was continued until Nov. 12. Fowler claimed that the jolting of the machine must have put the lamp out, but it developed that he had been stopped on the night in question by three officers who saw that he was not complying with the law.

WHAT IS A GENTLEMAN?

The question always comes up: What is a gentleman? Some say he is a man with a silk hat, and others a man with a smooth tongue. But men connected with the newspaper trade have a canon of their own. "Mr. Editor," said a patron one day, "how is it you never call on me to pay for your paper?" "Oh," said the man of types, "we never ask a gentleman for money." "Indeed!" the patron replied. "How do you manage to get along when they don't pay?" "Why," said Mr. Editor, "after a certain time we conclude he is not a gentleman, and we ask him."—London Mail.

When trouble comes, dodge it; if you can't—take your medicine.

NEEDHAM**FOOTBALL.**

The eleven from Newton High School and Needham High, which played a scoreless game at the start of the season, met again Wednesday on Clifton field, Newtonville, and battled for 40 minutes. Neither side was able to score, although Newton twice got within striking distance of the Needham goal.

The first time was early in the game when the ball was carried to the five-yard line. Here a penalty set Newton back and the opposing line stiffened. In the last period Newton carried the ball steadily to the 15-yard line when the whistle blew. Between the periods the Newton freshman team played Dorchester High School "14 and won by a score of 3 to 0 on a field goal by Knight.

LODGES.

The degree committees of Waban Lodge 156, Newtonville Home Lodge 162, Newton Highlands Sincerity 173, Belvedere I. O. F., met with Waban Lodge Wednesday evening and formed a combination for working the three degrees. Waban Lodge will work the first degree, Home Lodge the second and Sincerity the third. The committee from Sincerity Lodge was F. N. Morse, E. O. Perkins, Fred Whitehouse; from Home Lodge S. W. Corbett, W. H. Mitchell, J. Dawson; from Waban Lodge Charles F. Dow, George A. Fewkes, H. W. Forbes. The committee organized with Charles F. Dow president and S. W. Corbett secretary.

WILL TEACH AT HARVARD.

Mr. William J. Cunningham of Harvard street, Newtonville, statistician of the Boston & Albany railroad, has been appointed assistant professor of transportation in Harvard and will devote his time to railroad work in the graduate school of business administration.

Mr. Cunningham was born in St. John, N. B., April 29, 1875. In 1892 he was ticket clerk and stenographer for the Canadian Pacific railway. He was employed in various positions by the Boston & Albany and the N. Y., N. H. & H. railroads until August, 1901, when he was appointed statistical clerk to the general superintendent of the D., L. & W. railroad.

What the Boston Elevated Has Done for Rapid Transit.

Extensions and Additions, Subway, Elevated and Surface, Which It Has Provided

No. 3.

The Boston Elevated Railway Company is showing by a series of maps published in the Boston daily papers the additions and extensions which it has made to its system. On Sept. 28 was shown the surface lines and the Tremont Street Subway as in Jan. 1898. This was when the Boston Elevated took charge—on Oct. 3, the original elevated system; on Oct. 5th, the East Boston Tunnel; on Oct. 10, the Washington St. Tunnel; on Oct. 13, the Forest Hills Elevated extension.

WASHINGTON STREET TUNNEL

The crooked spine of the elevated system was STRAIGHTENED by the completion of the WASHINGTON STREET TUNNEL.

Then the Tremont Street Subway was restored to its originally intended use—surface cars.

By the tunnel, the running time from Dudley Street to Sullivan Square, cut from 45 MINUTES TO 21, was still further cut from 21 to 18 1-2 MINUTES.

A commodious straight course under the business centre of the city was provided under the busiest street of the busiest section of New England.

Because of its peculiar position, it is in effect a great elongated terminal.

It is midway between the populous suburbs of the south and the rapidly growing suburbs of the north.

Now it became possible to use six, seven or even eight-car trains, and the capacity of the entire elevated system was thereby INCREASED by 70 PER CENT.

Connection with the Tremont Street Subway was established at HAYMARKET SQUARE. In this another great step in the articulation of the system was effected.

But these advantages were obtained only at an enormous cost.

The Washington Street Tunnel is said to be the most expensive mile of road bed in the entire world.

It cost, with equipment, nearly TEN MILLIONS OF DOLLARS, nearly two thousand dollars per running foot.

Over TWELVE HUNDRED DOLLARS A DAY is required to provide for its rental and interest on its equipment.

This entire burden necessarily had to be assumed AT ONCE—a feat which could be accomplished only by the most skilled management.

It required an unbounded confidence in the future and in a COMPREHENSIVE PLAN, of which this tunnel forms an essential part.

Its importance will become more apparent in our succeeding maps.

FOREST HILLS ELEV. EXTENSION

Eight years ago the inhabitants of West Roxbury paid TWO FARES to reach the down town district.

On July 1, 1903, the Boston Elevated leased the lines in that section.

Then the fare was REDUCED TO FIVE CENTS.

FOUR HUNDRED THOUSAND DOLLARS was immediately spent in double tracking and like improvements.

Shortly after, THREE MILLIONS OF DOLLARS MORE was spent for an elevated extension.

This extension was opened for business November 22, 1909.

It was all done in about SIX YEARS TIME.

INFREQUENT service, mostly on single track, was changed to FREQUENT service on the LONGEST RAPID TRANSIT LINE in Boston.

The running time from Forest Hills to Dudley Street was SIXTEEN MINUTES; now it is EIGHT MINUTES.

The Forest Hills terminal is said to be the most artistic in the country.

It will accommodate eleven hundred and forty cars per hour. It is now used by five hundred and fifty-six.

Building this extension required remodelling and enlarging the DUDLEY STREET STATION.

During alterations the public were discommoded.

The greater capacity now promotes both comfort and convenience.

ONE THOUSAND SIX HUNDRED AND FORTY CARS per hour is the enlarged capacity at Dudley Street.

Nine hundred and ninety-eight are using it at present.

More people use this station daily than are carried on the entire Maine system. And more than use any other steam or street railway station in the world.

WEEKS RENOMINATED CONGRESSIONAL CONVENTION IS UNANIMOUS

Congressman John W. Weeks of West Newton was renominated as the Republican candidate for Congress for the 12th district at the convention held in Wesleyan Hall, Boston, last Saturday noon. The convention was marked with enthusiasm, satisfaction and unanimity. Captain Weeks was named by acclamation and received with hearty applause when he accepted the nomination.

Hon. Seward W. Jones of Newton Highlands called the convention to order and Evan F. Richardson of Mills was chosen chairman and Mr. Edward W. Baker of Brookline secretary. Alderman F. R. Moore of Newton served on the committee on credentials which reported 109 delegates out of 136.

Hon. George Hutchinson of West Newton, who has nominated Mr. Weeks for every elective political office he has ever held, again placed him in nomination.

Mr. Hutchinson said: I ask you to place in unanimous nomination as the member from the 12th Massachusetts district, in the 62nd Congress, the Hon. John W. Weeks of Newton. Six years ago and twice since have our chosen delegates met in this room, taken similar action, returned to their homes and on each occasion have been better satisfied with the performance of their duty. The anticipations of each previous convention were at the time, and by later developments, fully justified; nothing was promised or expected that was not realized, and today, I believe without a dissenting vote or thought, we will name our candidate conscious of his increased, and increasing, strength, influence and capacity for service.

The congressional record of John W. Weeks is remarkable. Recognition by associates, of his ability, frankness, fairness and lovable traits of character has been evidenced by universal and enthusiastic acknowledgment of his important victories of official and personal. The present significance of our candidate's renomination is apparent in the district; there is no doubt of our individual appreciation and loyalty. In convention, on the street and in our homes we meet and among ourselves we bestow upon him and his work the full measure of praise. This we desire to do. It is the natural, honest and pleasant expression of our gratitude.

And now I am confident that only the suggestion will be necessary in order that we speak with greater emphasis; that our expressions of commendation may be such that our candidate and his associates, our Commonwealth and the Nation, may have more positive knowledge of the district's approval of its representative. This we should demonstrate by a vote so large as to be unprecedented; by a vote expressing to our candidate the deep sense of our obligation; and expressing to the country a constituency's loyal and appreciative support of a patriotic and efficient service.

Although not necessarily the function of a congressional convention, we may well consider and endorse the administrative acts of our honored President, William H. Taft, he who has stood bravely to his task, sometimes misunderstood, but more frequently maliciously misquoted and misjudged, yet performing with high-mindedness, patience and courtesy the exacting duties of his exalted office.

The national administration, entitled to our allegiance, and the Republican party, through which we are convinced it is possible as a whole to obtain the best results, now call to us collectively for intelligent effort and support. More than this, the requirements are for individual sacrifice and untiring endeavor in the interests of good government, such being possible only when we make ability, fidelity and genuine honesty of purpose the requisite of official position.

While the committee was notifying the candidate, the convention elected a district committee on which Hon. Seward W. Jones, Hon. Charles E. Hatfield, Mr. Frederick Johnson and Mr. William F. Garcelon are the members from this city.

In presenting Congressman Weeks to the convention, Chairman Richardson referred to him as "the next Speaker of Congress." Congressman Weeks caused a laugh at the very start of his speech of acceptance by saying:

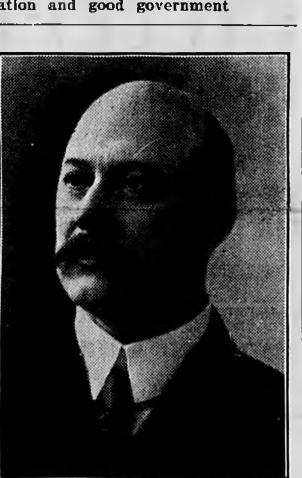

"I never chase delusions and therefore forget that speakership allusion." He continued by saying:

of the Republican party, but rather by the applicability of one of these adjectives to the particular course which they have taken in any matter in which the individual making the statement is interested.

"I think I ought to define my position regarding these terms. A reactionary in politics must necessarily be one who would be in favor of reversing some step already taken. In other words, he would be in favor of repealing some legislation which had been enacted. It cannot be possible that all legislation enacted is wise, or wisely framed, and it may be necessary to repeal such an act. Therefore, all men should be reactionary if the conditions require it, but to be simply be an indication of political moss-backism, and such a man deserves to be condemned without limitation.

"A standpatter must necessarily be a man who is not in favor of making any change. There must be many laws which are meeting all the requirements of the people, and, therefore, no change should be made. Hence, if a man is a standpatter under such conditions he is acting wisely, but if he is a standpatter in a case where a change should be made, such a course justifies his being criticized. "A progressive is supposed to be one who is in favor of making changes in legislation to meet the prevailing conditions or demands of the people. A progressive who is in favor of making wise change should receive the support of everyone, but, on the other hand, if a change should not be made, a progressive, under such circumstances, might be a very harmful person.

"An insurgent is a man who wishes changes made, and not being able to accomplish his purpose through his own party organization, takes such other means as are at hand to carry them out. If his action is taken in cases where a great public necessity prevails, he may be justified in insubordinating his party organization, or against those who are preventing carrying out his purposes, but to be an insurgent in other cases is simply breaking down organization, which most people admit is necessary, and, therefore, prejudicial to good legislation and good government.

Hon. John W. Weeks.

"In other words, there are undoubtedly cases where every man should be, at different times, a reactionary, a standpatter, a progressive and possibly an insurgent, and I assume that every wise man would respond to the requirements of each particular case.

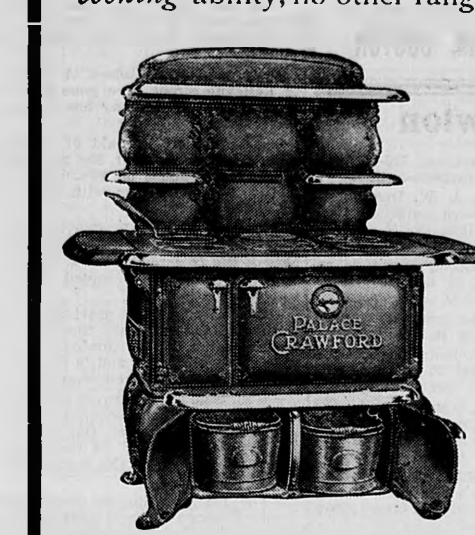

"I am not afraid of being called a reactionary if I think a step has been taken which needs retracing. I shall always be a standpatter when I believe that the laws which prevail meet all the reasonable necessities of the people. I shall be a progressive whenever I believe a change should be made to bring the prevailing laws down to present day necessities, and I shall even be an insurgent if I believe it necessary, in order to bring about legislation greatly desired and needed by the people whom I represent. This has been my course in the past, but it is also a part of my faith that changes should only be made after a careful investigation and absolute certainty that they are needed and will prove beneficial. On the other hand, I have been instrumental in framing, and assisting in the passage of, much so-called progressive legislation, and I did not hesitate to insubordinate the organization on both sides of the House in the case of the White Mountains forestry bill when that seemed to be the only way to obtain its passage through the House.

"I make this statement somewhat in detail because I wish it understood that I am first, last and all the time a Republican; that I believe in the protection policy; in the conservation of natural resources; in sound money; in international improvements; and in all of the great policies for which the Republican party has stood during the last fifty years. They have all been progressive—sufficiently so to meet the needs of the hour—and believing in these things I deny that any man has a right to apply to me, as indicating the certainty of my course in legislative matters, any of the adjectives to which I have referred. Any legislator who was at all times a reactionary, or standpatter, or progressive or insurgent would be a political idiot, and entirely unfit to represent any people, much less those of the 12th Massachusetts congressional district."

The delegates then lunched at Young's Hotel as the guests of the Congressman.

If All Housekeepers Knew the Advantages of the Crawford Ranges few others would be sold

In the saving of time, trouble and labor and in superior cooking ability, no other range can compare with them.

The Single Damper (patented) is the only perfect fire and oven control; one motion—slide the knob to "kindle," "bake" or "check," and the range does the rest.

The Two Hods in the base (patented) is a wonderful trouble-saving feature. One Hod for ashes, instead of the old, clumsy ash pan; the other Hod for coal.

The Oven with its cup-joint flues is heated all over alike; no "cold corners," no "scorching spots."

The Patented Grates save trouble and money.

Auxiliary Gas Ranges at the end or above the range, if desired.

Ask the Crawford agent to show you and write us for circulars.

NEW TELEPHONE RATES FOR NEWTON NORTH

Here is a summary of the telephone rates for the Metropolitan and Suburban districts, as applicable to the Newton North Exchange.

If you want service under these rates, apply as early as possible.

We are receiving applications at the rate of 400 to 500 per day. Manifestly all cannot be changed at once. Reasonable time must be allowed. *The earlier we get the application, the earlier we can most economically and systematically plan and complete the construction work.*

If you cannot find it convenient to call at either of our Boston offices, 119 Milk Street or 165 Tremont Street, telephone to Fort Hill 7600 and ask for the "Rate Department."

The following synopsis shows at a glance the comparative advantages of unlimited and measured service rates and will enable the subscriber to decide which class best meets his needs.

UNLIMITED SERVICE

The NEWTON NORTH DISTRICT consists of the following exchanges:

Belmont, Brighton, Brookline, Cambridge, Newton North, Newton South, Newton West, Waltham, Watertown (as included in Newton North), Weston (as included in Waltham).

For UNLIMITED SERVICE within this district the schedule of yearly rates is as follows:

REDFIELD—HASTINGS.

One of the prettiest of the fall weddings in this city was that of Miss Carlena Street Hastings, the daughter of Mr. and Mrs. Glover S. Hastings, and Mr. Walter Spencer Redfield of Providence, R. I. The ceremony took place last evening at 7:30 o'clock at the home of the bride, 262 Otis street, West Newton, Rev. J. Edgar Park, pastor of the Second Congregational Church, officiating. The bridal party descended the stairs to the strains of the Bridal Chorus from Lohengrin, played by Mr. Arthur Foote, the well-known pianist and composer of Boston, the ribbon bearers forming an aisle with white satin ribbon at the foot of the stairs thru which passed the minister, the groom, his best man, Mr. Paul S. Carrier of Providence, the ushers, flower girl and the bride on her father's arm. The bay where the bridal party stood was filled with palms, and the pillars and arch twined with Southern smilax. The bride wore a draped Princess gown of white Duchesse satin with yoke, sleeves and panels of Princess lace, white tulle veil caught to the train with orange blossoms, and the same flower was worn at her corsage. She carried a shower bouquet of bride roses. The ribbon bearers, the Misses Alice K. Whaley and Gladys Williams, Mrs. John M. Farr, Mrs. Paul S. Carrier, Mrs. Arthur Pierce, all of Providence, and Mrs. D. Carl Eggleston of Mt. Vernon, N. Y., were gowned in pink and white, the matrons wearing trained white satin Princess gowns, and carrying pink Daybreak carnations tied with pink ribbon, while the Misses Whaley and Williams wore pink messaline gowns draped with pink chiffon and carried white carnations tied with white ribbon. Little Miss Dorothy Dunmore of West Newton, the flower girl, looked charming in pink silk frock, veiled with white net, a pink ribbon sash and hair rib-

bon, pink shoes and stockings.

A largely attended reception followed the ceremony until 9:30 o'clock. Mr. and Mrs. Redfield being assisted in receiving their many friends by Mr. and Mrs. Glover S. Hastings, Mr. Paul S. Carrier and Miss Dorothy Dunmore. Mrs. Hastings wore a panned Princess lace gown over old rose messaline. The guests were presented by these ushers: Messrs. John M. Farr, Edward McLaughlin, Charles Gordon, Grafton Willey, Henry Y. Stiles of Providence and Mr. D. Carl Eggleston of Mt. Vernon, N. Y. Refreshments were served in a tent on the lawn, the tent poles being covered with laurel and the table decorations of pink carnations and pink and white flowers in all the rooms carrying out to the finest detail the color scheme of pink and white.

After an extended trip South Mr. and Mrs. Redfield will reside at 262 Otis street, West Newton, where they will be at home after Dec. 1.

Mr. and Mrs. Glover Street Hastings, father and mother of the bride, celebrated the 25th anniversary of their own wedding at the same time. Guests were present from Providence, Waterbury, Conn.; Holyoke, Mass.; Hartford, Conn.; and New York, as well as from Boston and vicinity. Mr. and Mrs. Hastings received many beautiful presents and flowers.

SPALDING—PAINE.

The marriage of Mr. Edward L. Spalding of Natick and Miss Eleanor E. Paine of West Newton occurred Friday evening, Oct. 7, at 7:30 o'clock at the Baptist parsonage, 40 Lincoln Park, West Newton, Rev. Robert W. Van Kirk performing the ceremony. Mr. and Mrs. Spalding will reside in West Newton after their return from their wedding trip.

Thousands of Republican voters
who have intended to cast a vote for
the Democratic ticket this fall, sim-
ply as a protest against men and
measures of the Republican party in
national affairs, have been brought to
their senses the past week by the
striking evidence of incapacity of the
Democratic party to even govern it-
self. It is fortunate that this ex-
hibition came before election in order
that the sober second thought of every
good citizen would bring about a re-
alization of possible results if by any
chance the administration of the
state affairs should fall into the
hands of men unable even to govern
themselves. It is also fortunate that
the events of the past week have
focused men's thoughts on the fact
that to defeat Governor Draper for
re-election in order to emphasize a
spirit of unrest against the leaders in
national affairs is a silly and unjust
performance. Governor Draper has
given Massachusetts a wise, able and
business-like administration. WHY
CHANGE.

There can be no criticism of the
movement to consider the city of New-
ton as one telephone exchange. In
settling its status in the new schedule
of rates to be placed in operation by
the Telephone Company in the near
future. With Cambridge, a city of
about 100,000 population, Somerville,
with about 80,000 population, and Mal-
den and Chelsea, with about the same
population as Newton (40,000) all
having but one telephone exchange,
it is no more than fair that Newton
should not be discriminated against
by treating it as three exchanges.

The action of the Telephone Com-
pany in extending for six months the
optional period regarding the opera-
tion of the new schedule of rates, is
no more than expected from that sen-
sible public service corporation. The
Telephone Company was one of the
first to realize that it needs the
operation and cordial good will of the
people in order to succeed and has
never manifested any other disposi-
tion.

The renomination of Congressman
John W. Weeks for a fourth term by
the Republicans of the 12th district,
while expected, was accomplished
with so much enthusiasm and unanim-
ity, as to indicate that the Congress-
man has fully satisfied his constitu-
ents. There is no doubt that
Captain Weeks has made a remark-
able record at Washington. His selection
for such influential positions as
chairman of the third most important
committee in the House and as a
member of the Monetary Commission
indicates the regard with which he
is held by his colleagues. He fully
deserves the vote of every Republican
and of every good citizen generally,
and a flattering majority next month
will give the state and nation some
idea of how his constituents feel
about their representative. VOTE
FOR WEEKS.

At the risk of being tiresome I
must again urge the voters of Newton
to carefully consider the deleterious
effect on our municipal elections if
the proposed amendment to the city
charter giving the mayor absolute
power of removal of city officials
should be adopted. For nearly 30
years, Newton has had a splendid
civil administration due in large
measure to the retention in office of
competent city officials. A change
which places the power of official life
in the hands of one man must in-
evitably lead to the entrance into
political life of our city officials in
order to save their positions. Why
change.

WABAN TENNIS.

Mrs. J. C. Buffum and Mr. A. M.
Crain on Columbus Day won the
mixed doubles championship of the
Waban Tennis Courts by strong, con-
sistent individual play and team work,
the former's deep drives and the lat-
ter's clever net play giving them the
win in a field of 11 pairs. Mrs. G.
M. Angier and Mr. D. M. Hill were
the runners up and displayed a hard
aggressive game, but in the finals
their team work was lacking and they
were defeated.

Many of the matches were close
and well played, but aside from the
work of the victors the special fea-
ture of the tourney was the excellent
play of the two junior members, Miss
Helen Wiley and Miss Fannie Rane.
The first named with Dr. Parker had
two duce sets with the champions,
while the latter paired with Mr. Rob-
inson, played a remarkable game in
her first match, hitting hard and ac-
curately, and her excellent serving in
the second aided materially in mak-
ing the record score of 6-4, 11-9,
against Mrs. Angier and Mr. Hill.

The summary:

FIRST ROUND.

Mrs. Angier and Mr. Hill defeated
Mrs. and Mr. Turner, 6-1, 6-4.
Miss Rane and Mr. Robinson de-
feated Mrs. and Mr. Sawyer, 6-3,
6-4.
Miss Farrington and Mr. Hayes de-
feated Mrs. Blaney and Mr. Lane,
4-6, 6-4, 6-1.

SECOND ROUND.

Mrs. Angier and Mr. Hill defeated
Miss Rane and Mr. Robinson, 6-4,
11-9.
Miss Gould and Mr. Gould defeated
Mrs. Rane and Mr. Rane, 6-4, 6-5.
Mrs. Buffum and Mr. Crain de-
feated Miss Wiley and Mr. Parker, 9-7,
8-6.
Mrs. Davis and Mr. Blaney de-
feated Miss Farrington and Mr. Hayes,
4-6, 6-4, 6-1.

SEMI-FINALS

Mrs. Angier and Mr. Hill defeated
Miss Gould and Mr. Gould, 7-5, 5-7,
6-2.
Mrs. Buffum and Mr. Crain de-
feated Mrs. Davis and Mr. Blaney, 6-2,
6-2.

FINALS.

Mrs. Buffum and Mr. Crain de-
feated Mrs. Angier and Mr. Hill, 6-3,
6-4.

GO AND SEE IT

A Miniature Shoe Making Plant in Complete Operation at Mechanics Building from October 3d to October 29th inclusive. It Will Show How and Why Shoes Made by the Goodyear Welt System Are the Best Made.

The exhibition of the United Shoe Machinery Company at Mechanics Building, Huntington Ave., Boston, represents

the triumph of the inventive genius of America. The dreams of

a hundred inventors, the best thoughts of more than a thousand

minds, the skill of many thousand workmen, and the investment of

millions of dollars, are concentrated in the "Goodyear Welt"

machinery. Though created by men and put together, part by

part, by human hands, each machine of the "Goodyear Welt

System" is more accurate, sure, efficient, and more productive

than half a hundred workmen. They are the mechanical marvels

of our day.

The shoe industry has become one of the most important of the industries of the United States since the development of

the "Goodyear Welt System" of making shoes. The workman

has become a master of machinery. His hands turn on the

power and release it when the machine, more accurate than

the human hand, never-tiring, always the same, has completed

its work.

Every man and woman in New England should see the

exhibition of the United Shoe Machinery Company at the

Mechanics Fair, beginning Monday, October 3d. It is an educational

exhibit that every person who buys shoes should see.

Go and see it for yourself.

The Thing To Remember Is

that you can detect the imitation of the "Goodyear Welt" by a "sock" lining. Lift it up at the shank of the

shoes. If there are tack points and stitches underneath it, the shoe is

not a "Goodyear Welt." If you want the best in construction

Insist on the "Goodyear Welt"

EVENING SCHOOLS.

The evening schools in this city will open for the season next Monday evening at 7:30 o'clock. Elementary

schools will be held at the Emerson School, Upper Falls, and at the Mason

School, Newton Centre. The courses at the Technical High School will be

of especially practical value this season, and will be directed by experts.

The State Board of Education has decided to recognize this school as a

trade school and will give it state supervision and probably pay one-half

the expense. The courses in this department will include free hand, mechanical

drawing, machine designing and architectural courses planned for

men engaged in the building trades such as plumbers, carpenters and the

like. There will also be courses in household economics for girls and

women. There will also be the usual courses in bookkeeping, stenography and typewriting. About 150 attended

the evening classes in the Technical High School last season and Superintendent Spaulding anticipates a larger

number this year.

GREATEST MECHANICS' FAIR.

The end of the second week of the Mechanics' Exposition in Mechanics' building, Boston, finds it the greatest Mechanics' Fair ever held in New England. The very latest inventions of Thomas A. Edison, including animated pictures right up to the minute, always attract crowds as does the wonderful process of making a shoe. Sixty machines, six of them never shown before, with their crews of skilled mechanics, are seen busily at work. A model printing plant shows every detail of how a daily newspaper is gotten out. Paintings and statuary valued at \$1,000,000 are on exhibition in the art gallery and in Paul Revere Hall adjoining lectures on domestic science are given by Bertha Palmer Haffner of Chicago. Saturdays, up to 6 o'clock, children under 12 years of age are admitted for ten cents.

Newton Highlands

The Monday Club will meet with Mrs. Turnbull, Columbus street. Dr. Van Kirk continues his lectures on Bowling. Subject, Canon Giuseppe Caponsacchi.

The C. L. S. C. will meet next Monday with Mrs. J. F. C. Hyde, Floral street at 2.30.

Mr. George W. Mills, the Newtonville undertaker, has opened a branch office at 1159 Walnut street.

Chief Randlett is again endeavoring to have the delapidated house on Boylston street near the railroad bridge torn down as it has been frequently set on fire by sparks from the locomotives.

Miss Alice Gertrude Spaulding, the daughter of Mr. and Mrs. Charles Spaulding of Lincoln street, was married last Saturday to Mr. Frederick H. Heal of Lynn. The ceremony was performed by Rev. George G. Phipps.

Funeral services for Mrs. Georgiana Lowell, the wife of John A. Lowell, were held Friday morning at her late home on Erie avenue. Rev. James C. Sharp of Waban, rector of the Church of the Good Shepherd, conducted the Episcopal service. The body was taken to Portland, Me., where it was buried in Evergreen Cemetery.

ANNUAL MEETING

AUBURNDALE VILLAGE IMPROVEMENT SOCIETY

The annual meeting of the society was held in Society Hall on Wednesday evening, Oct. 5, with a good attendance.

The president, E. B. Squire, gave a brief review of the work of the society for the past year. The membership is now 169, a gain of 45 over the previous year. The society has published an illustrated booklet of Auburndale, more than half of the edition of 5000 having been sold. The stage in Norumbega Hall has been equipped with a fireproof curtain at a cost of nearly \$70, to comply with state regulations. The entertainment committee reports a net profit of \$102.46 to apply to other uses of the society.

Under the auspices of the society the Auburndale Co-operative Bank was organized. After less than eight months from the granting of the charter the treasurer, Charles E. Valentine, reports assets of \$10,704.08. There are 223 shareholders carrying 1432 shares. There is a good demand for loans.

With the co-operation of the school committee and Principal R. J. Sisk, the old schoolhouse on Ash street was fitted up as a gymnasium and during the winter was used for basket ball. The society furnished the equipment and contributed to the heating and janitor service.

The society has co-operated with other societies in Newton in efforts to secure an abatement of the smoke nuisance and the electrification of the Boston & Albany railroad. A committee has been active in the matter of a public playground and a report was presented by Alderman Franklin T. Miller for the committee of which the following is an abstract:

REPORT OF COMMITTEE ON PLAYGROUND.

The committee visited the different playgrounds throughout the city of Newton, including Newton Centre, Upper Falls, the Common, West Newton, the Nonantum Playground and the various sites suggested in Auburndale. None seemed suitable excepting Auburndale Park, for the reason that the other proposed sites were either too valuable, of insufficient area or in improper shape for playground purposes, or too distant, or did not lend themselves to possibilities for future development. The Auburndale Park grounds offer opportunities for ball field, tennis courts, etc., each in its separate clearing at the same time preserving the rustic effects of the park. The advice of the athletic director of the Newton Centre Playground was secured and it was decided that the first necessity seemed to be to make a clearing in the western end of the park for a ball field. The site has been visited twice by the committee with both Mayors Hutchinson and Hatfield and various city officials. Mayor Hatfield has arranged for the temporary use of the Ballington Park oval and is negotiating with the Metropolitan Park Commission (in whose care this land is temporarily placed) for its development by them or its re-transfer to the city. It is desirable that this should be consummated at the earliest possible moment in order that Auburndale may participate with the other sections in the annual city appropriation for this work.

Owing to the generosity of those citizens of Auburndale who in former years secured this picturesque tract to the city Auburndale has within its reach an unequalled opportunity for the systematic development of a large combined Outing Park and Playground which may well become second to none in the state.

The condition of the streets called forth considerable discussion and on motion of Mr. George M. Fiske the following resolution was adopted:

Whereas, The city ordinance in regard to the throwing of papers and other refuse in the street appears to be utterly disregarded, resulting in a condition of disorder exceedingly offensive, and not creditable to Newton as a city of the highest standards.

Now therefore, Resolved, that the Auburndale Village Improvement Society in the hope of an improvement of said conditions

adopt the following appeals:

First. We appeal to his Honor, the Mayor to especially interest himself along the line of these resolutions and appeals.

Second. We appeal to the chief of police to impress upon our police force the duty of greater attention to the enforcement of the ordinance referred to, and to post conspicuous notices of warning in the various centers of the city, believing that such posting is necessary as the public now is generally ignorant of the existence of any such ordinance.

Third. We appeal to the superintendent of schools to the end that the teachers be requested to inspire their pupils with an appreciation of civic neatness as a very important part of a good education.

Fourth. We appeal to the Board of Aldermen to amend the ordinance in question by including in the offence the throwing of papers and other refuse upon land abutting on our streets, and we make this request urgent for the reason that it appears to be a growing habit with thoughtless persons to commit this offence.

Fifth. We appeal to the newspapers of Newton to agitate this matter to the end that public sentiment may be aroused and reform obtained.

Sixth. We appeal to the several Improvement Societies of the city and to the Civic Federation for co-operative action in this matter.

Seventh. We appeal to the Women's Clubs of this city who are always so ready to lend their influence for everything which makes for higher standards of civic improvement to lend their influence so far as possible to this movement.

Eighth. We request the president or secretary to send a copy of these resolutions to each of the parties to whom appeal is hereby made, with such further comments as may seem to them necessary or desirable.

Officers were elected for ensuing year as follows: President, E. B. Squire; vice-presidents, Nathaniel Dilke, E. J. Frost, F. T. Miller; treasurer, H. G. Hildreth; secretary, Chas. E. Valentine; executive committee, F. M. Tyler, C. S. Ober, George M. Fiske, W. J. Spaulding, C. W. Blood.

Mr. S. S. Widger and family of Devon road are away for the winter season.

Mr. Buffum has leased the Bray house on Institution avenue and will soon occupy with his family.

Mr. Harold Rolands, who has been occupying the Paul Hingelow on Centre street, has moved to Boston.

The engagement is announced of Rev. A. H. Robinson, pastor of the Unitarian Church, and Miss Marjorie Newhall of Lynn.

Mrs. Charles H. Dempsey of Ridge avenue has been elected a member of the Massachusetts Society, Daughters of the Revolution.

The annual meeting of the Mothers' Rest Association will be held Thursday, Oct. 20, at 3 p. m., in the parlors of the First Baptist Church.

At the annual convention of the Massachusetts Sunday School Association held in North Adams last week, Rev. Dr. William E. Huntington was elected a vice-president.

Brownleigh Farm, located on Cedar and Mill streets, near the athletic grounds and close to Commonwealth avenue, is to be developed. The land will be cut up into lots and sold at popular prices.

Mr. W. Grant Edmunds was elected auditor and Mr. H. H. Kendall a member of the executive committee of the Boston West Baptist Association at the annual convention held in Foxboro last week.

Rev. Alon H. Robinson will give an address on "In What Practical Ways Can a Church Help the Community?" at the meeting of the South Middlesex Conference to be held in Woburn next Wednesday.

STONE-BARKER.

Mr. Mason Hills Stone of Newton, Harvard '07, was married last Saturday to Miss Elsie M. Barker, the daughter of Mr. and Mrs. Edward S. Barker of Winchester, at "The Carwell," the country home of the bride, at Green Harbor, Marshfield, Mass. The ceremony took place at 1 o'clock and Rev. Clement E. Holmes of the Methodist Church, Northampton, officiated. The house was decorated throughout with red and yellow chrysanthemums.

The bride was gowned in white satin, cut en train, trimmed with lace, and with veil caught up with ribbons of the valley. She carried brides' roses. She was attended by Miss Alice G. Bradford of St. Albans, Vt., and Miss Elizabeth Holcomb of Winchester, as bridesmaids. They wore pale green messaline en train with bands of Persian chiffon and carried dark red roses. The best man was Mr. George A. Rivinus of Cambridge, a classmate of the groom, and the ushers were Mr. George A. Barker, brother of the bride, Messrs. Richard G. Harwood of Littleton, Mass., Leighton Miles of Cambridge and William G. Howard of West Medford, all Harvard men.

At the reception the couple were assisted in receiving by Mr. and Mrs. Edward S. Barker and Mrs. Minerva Stone. A wedding breakfast was served and there was music by an orchestra.

Mr. and Mrs. Stone left on a wedding journey and on their return will live at 197 Hunnewell terrace, Newton, where they will be at home after Dec. 1. A special train brought a large number of people from Boston, Newton, Winchester, Cambridge, New York and other places.

A Corset Pointer worth \$1.00 69c

The P. N. Corsets are STANDARD. By that we mean that when any one asks: Is that as good a \$1.00 Corset as the P. N.? why then you realize at once that the P. N. is extra good for \$1.00 or they would not have made the comparison. Therefore, there is no comparison in value between any other \$1.00 corset and \$1.00's worth of P. N.

VOL. XXXIX.—NO. 5.

NEWTON, MASS., FRIDAY, OCTOBER 21, 1910.

TERMS, \$2.00 A YEAR.

D. A. R.

The Lucy Jackson Chapter, D. A. R., of Newton, met Monday, Oct. 10, with Mrs. H. P. Converse, Woodland road, Auburndale, Miss Van Wagenen being also a hostess.

The regent, Mrs. Arthur P. Friend, presided at the business meeting, reading a letter from Miss Martha Berry of Rome, Ga., thanking the chapter for all it has done to help these splendid mountain Americans of the Berry School.

The following delegates were chosen for the state conference to be held at King's Chapel Oct. 21: Mrs. A. Stuart Pratt, Mrs. J. M. Rice, Mrs. F. W. Pray, Mrs. W. A. Corson.

After hearing some delightful music from Mrs. Ruggles, a paper from the reciprocity committee called "Old Time Gardens" was read by Mrs. C. D. Meserve.

When all had united in singing America, a social hour was enjoyed in the dining room.

Newton.

—Dutch Clip for children. Fell Bros., Washington st., opp. Bank. If the many friends of Mrs. William F. Banks of Elmwood street will be pleased to learn that she is improving in health.

—Prof. Henry K. Rowe of the Newton Baptist Theological Institution will continue his lectures on "Social Problems of Christianity" before the Business Men's Class at Eliot Church next Sunday noon. The special theme will be: "The Christian Home on Trial."

—Miss Della J. Barry of Morse street and Mr. John M. Day of Crescent street, who were passengers in the electric car accident on the West Boston Bridge Saturday evening were taken to the Massachusetts General Hospital for treatment. Miss Lovetta Campion of Crescent street and Mr. Edward Lambert of California street received treatment at the Boston Relief Hospital. All have returned to their homes.

—Sunday evening in the assembly hall of the parochial school of the Church of Our Lady, a mass meeting was held under the auspices of the Middlesex Federation of Catholic Societies. The pastor, Rev. Fr. Dolan, was in charge. The speakers were Rev. Fr. Ambrose F. Roche of St. Patrick's Church, Watertown; Timothy W. Haley of Cambridge, president of the Federation; Charles T. Daly, archdiocesan secretary; Thomas A. Buttner of Hingham and Thomas A. Nolan of Somerville.

—At the home of Mr. and Mrs. C. W. Everett in Oneonta, N. Y., last Monday occurred the wedding of their daughter, Miss Florence Everett, to L. William Taylor of Wollaston. The ceremony was performed by Rev. Dr. T. A. Dickson, after an elaborate luncheon. Mr. and Mrs. Taylor left on a wedding trip and on their return will make their future home in Wollaston, where Mr. Taylor is in business. Mrs. Taylor was a teacher at the Bigelow School for several years, resigning last June to occupy a similar position at the Salem Normal School.

ORGAN RECITAL

Mr. John Hermann Lund, organist at First Baptist Church in Newton, will give a series of three organ recitals in Park Street Church, Boston, on the following dates: Oct. 24, Nov. 15 and Jan. 24. These recitals will consist of selections originally written for organ by the best composers. The program for the first recital next Monday is as follows: Mendelssohn's Fourth Organ Sonata, Gullmunt's Second March Nuptial, Parker's Romanza in D, Volstenholme's Irish Fantasia, Bach's Prelude and Fugue in A minor, Stebbins' Wedding Song in F, Hollins' Allegretto Grazioso in A, Widor's Allegro Cantabile from Fifth Symphony, and Lemmens' Scherzo Symphonique Concertant.

MRS. BEAN DEAD.

Mrs. Elizabeth Locke Bean, widow of the late George L. Bean and a former well known resident on Lowell avenue, died suddenly Tuesday night at the residence of her hostess, Mrs. Hannah B. Sanders, on Kimball terrace. She was a native of Arlington and was in her 83rd year. She is survived by her daughter, Mrs. Arthur Bates of Portland, Me., where she made her home since the death of her husband, one brother, Mr. Ira Locke of Newton, and two granddaughters, Mrs. Philip Keith and Miss Dorothy Bates of Portland. Funeral services were held Thursday afternoon at 3:30 from 25 Kimball terrace and the interment was in Arlington. Mrs. Bean was greatly beloved by all who knew her and the news of her death will be a shock to her many friends as she had been in good health and active for a woman of her years.

SCHIRMER—CHANDLER.

Miss Helen Whitton Chandler and Cyrus Thatcher Schirmer, son of Frank A. Schirmer, were married last Saturday evening at the residence of the bride's aunt, Mrs. George E. Armstrong, Hammond street, Chestnut Hill. The ceremony was performed by the Rev. Edward Hale of the First Unitarian Church, Chestnut Hill. The bride was given away in marriage by her cousin, Ernest Armstrong. Only relatives were present at the marriage and there were no attendants. The bride wore the wedding gown of her aunt, Mrs. Armstrong. Mr. and Mrs. Schirmer will live at Newton Centre.

CITY OF NEWTON.

Notice is hereby given under Chapter 100 of the Revised Laws that P. J. Evremont Lacroix is an applicant for a sixth-class liquor license for use in his business as an apothecary at 302 Watertown Street, Ward 1.

By order of the Board of Aldermen.

ISAAC F. KINGSBURY, City Clerk.

The show rooms of McKenney & Waterbury Co., 181 Franklin street, corner Congress, are filled with the latest novelties in electric, gas and oil lighting fixtures, including table and floor lamps, without which no home is complete. Hundreds of styles to suit all decorations. A cordial invitation is extended to all requiring more light for their homes.

CITY HALL

City Forester Bucknam has on exhibition at his office some apples and chestnuts grown in the city on trees that were sprayed and cared for. The chestnuts are fully five times the size of the ordinary product, while the apples, which are of the Baldwin variety, are mammoth.

The perambulation of the boundary lines between this city and the towns of Watertown and Brookline was made last Friday, Alderman Stone, Street Commissioner Ross, City Engineer Roger and Assistant City Clerk Grant representing the city. The Brookline committee entertained the party at lunch at the Country Club.

As wedding gifts the Board of Aldermen presented Assistant City Clerk Grant this week with silver forks and spoons and the City Hall officials gave him a fine clock.

Y. M. C. A. NOTES.

The executive committee of the Women's Auxiliary met in session Wednesday afternoon at the association rooms. It was decided to hold a fair and bazaar on Dec. 7 and 8. Great enthusiasm was manifested by the ladies and this will be one of the features of the year. The next regular meeting of the Auxiliary will be held Wednesday, Oct. 26. Rev. Charles M. Jelden, pastor of the Methodist Church, Newton Centre, will speak. All the women of the city are invited to hear him.

The opening lecture in the electrical class will be held Oct. 24 at 8 o'clock. Mr. Clayton of the firm of Clayton & Craig will be the teacher of the class. On Sunday afternoon, Oct. 23, at 3:15, the Grant Class of Watertown will conduct the afternoon service for men. The first meeting of the year will be held for boys under 15 years at 3 o'clock Sunday afternoon, Oct. 23, at which Dr. George S. Butters will be the speaker. Let every boy rally round to this meeting.

On Friday, Oct. 28, the Boys' Bible Classes will hold their first session. Invitations have been sent to every boy in the department and a large number are expected. A committee headed by Mrs. Virginia Emery will serve the supper.

S. S. ASSOCIATION COMING.

The Massachusetts Baptist Sunday School Association meets in the First Baptist Church, Newton Centre, Thursday, Oct. 27. In the morning President Horr of Newton Theological Institution will speak on "The Sunday School—Its Magnitude and Importance." There will also be an address by President Stephen Moore, and a "Survey of the Field" by State Secretary W. W. Main. The chief things in the afternoon are an open parliament on the Boy Problem, led by Ernest S. Butler, a symposium on the "Business Man's View of the Sunday School," by Deacon O. M. Wentworth, Deacon C. P. Hall and Mr. Frank F. Davidson. An address on "Sight, Sound and Source," by Miss Margaret Koch and an illustrated use of the blackboard by Rev. Robert F. Y. Pierce, D. D., of Brooklyn. The closing address in the evening is to be by Rev. Dean George Hodges, D. D., on "The Sunday School Teacher."

60 YEARS OLD

A. S. Anthony of the Anthony Publishing Co. is to enjoy his 60th birthday here at Newton on Saturday, Oct. 22. After midnight of Saturday Mr. Anthony intends to cut out the past 40 years and try life over again at 20. In the past 40 years he has been in four hotel fires, been drowned (?) three times, has had three severe strokes of paralysis and been wholed once. He prophesies in his second attempt not to have more chances to death's door. He entertains Saturday at 62 Jefferson street.

Mr. Anthony comes from a family of publishers. He now has his Fire Alarm Block System established in 214 cities in the New England, Middle and Western states.

PAINE—TRUEBLOOD.

A wedding of great interest in art and educational circles was that of Robert Paine, the sculptor, and Miss Mary E. Trueblood of the faculty of Mt. Holyoke College, Saturday.

The ceremony was performed by Dr. Benjamin F. Trueblood, the philanthropist and secretary of the Peace Society, who is an uncle of the bride, at his home in Newton Highlands at noon. Immediately after Mr. and Mrs. Paine left for Cornish, N. H., to spend a few weeks in that favorite resort of artists, where the bride has an estate. Later they will go to their home on the Highlands, N. J.

Miss Trueblood was educated at the University of Michigan, and in Germany, her specialty being mathematics, which she has taught with marked success, occasionally publishing the results of her researches.

Mr. Paine has just returned from Rome, and much interest centres around his New York studio. He became a pupil of Saint-Gaudens, after studying in the art schools of Chicago and New York.

DANCING CLASSES.

Miss Cormerals will resume her dancing classes in Norumbega Hall, Auburndale, Tuesday afternoon, Oct. 18. Beginners from 2 to 4 o'clock, advanced class from 4 to 6 o'clock. Terms \$12 for 24 lessons; \$20 for two children in a family. Assemblies will begin Friday evening, Oct. 28, and will be held every other week. Price \$5 for ten assemblies.

LASELL SEMINARY.

Mr. H. H. Powers, president of the Bureau of University Travel, will give a stereopticon lecture at Lasell Seminary on Thursday evening, Oct. 27, at 7:45 o'clock. Subject: Leonardo da Vinci. The public is cordially invited to attend.

SUBSCRIPTION CONCERTS

TO BE GIVEN IN PLAYERS' HALL WEST NEWTON

Wednesday evening, Nov. 2, 1910—Francis MacMillen, America's premier violinist.

Wednesday evening, Dec. 14, 1910—Adamowski Trio, Madame Szumowska, pianiste.

Thursday evening, Jan. 5, 1911—Boston Philharmonic Orchestra, Clara Sexton, soprano.

Wednesday evening, Jan. 25, 1911—Highland Glee Club.

Wednesday evening, Feb. 8, 1911—The Famous Fionzaley Quartet.

Wednesday evening, March 1, 1911—Beatrice Hereford, monologist.

from Italy after making a successful appearance in the title role of Donizetti's "Lucia" at Bergamo, the home of the composer. Later she appeared at Florence, scoring a great success in not only "Lucia" but also as "Filiata" in "Mignon."

The fourth offering will be the Highland Glee Club. This organization is now in its third season and composed of 50 residents of Newton and vicinity is a local as well as a musical attraction. The club has given many concerts in various parts of the city and its work is well known.

The fifth concert will be by the famous "Fionzaley Quartet." The rise of this quartet in a comparatively short time from almost obscurity to world-wide recognition marks an interesting episode in present day musical history. Starting as a private organization for the sole gratification of a wealthy musical patron and his friends, the Fionzaleys soon acquired a European reputation which spread to America where three tours have made the quartet known from one end of the country to the other. It is without an equal among chamber music organizations and their appearance last season at Players Hall was the source of much gratification to all who heard them.

The sixth attraction will be Beatrice Hereford. Years ago Schubert set to music words by Shakespeare entitled "Who is Sylvia." We cannot ask as to who is Beatrice Hereford for she is known wherever readers, monologists, story tellers, etc., have appeared, but yet it is not possible to class her as either a reader, a story teller or a monologist for she occupies a niche all of her own. She has appeared for several seasons at West Newton in this same series of entertainments and every time she returns to us with a new fund of fun. Her popularity is of the kind that never wanes and any one who has heard her will be sure to be seen at this last offering of the Players Hall Subscription Series.

Drawing Inferences.

President Lincoln once told the following story to D. H. Bates, manager of the war department telegraph office:

"I'm like an old colored man I knew. He spent so much of his time preaching to the other slaves it kept him and them from their work. His master told him he would punish him the next time he was caught preaching."

"But, marse," said the old man, with tears in his eyes, "I always has to draw inferences from Bible texts when dey comes in my mind. I jes' can't help it. Can you, marse?"

"Well," said his master, "I suspect I do sometimes draw inferences. But there is one text I never could understand, and if you can draw the right inference from it I'll let you preach to your heart's content."

"What is de text, marse?" asked the colored man.

"The ass snuffeth up the east wind." Now, what inference do you draw from that?"

"Well, marse, I's neber heard dat text befo' nohow, but I 'spects de inference am she got to snuff a long time befo' she get fat."—Pittsburg Chronicle-Telegraph.

Trapping a Tiger.

The tiger is possessed at times of an almost supernatural cunning, a wonderful sense of smell and a fine instinct with regard to traps and the like, which make him as difficult an animal to take alive as any existing. Sometimes he can be snared, but not often. On one occasion the writer's native Indian servant ran in a great state of excitement to say a tiger was trapped in the jungle half a mile away, and the entire camp, of course, at once flocked over to see the prisoner. The trap was exactly on the principle of a humble mouse trap, with a falling door, and built of strong timbers laced together with rattans. The imprisoned tiger was a full grown male, and it would be difficult to imagine anything wilder than his rage as he roared and stormed and hurled himself in futile fury on each part of the structure in turn. There he was to stay until hunger had rendered him manageable, the incident showing that the tiger can be trapped, although not often.—London Globe.

An Idol With Diamond Eyes.

It is a curious fact and one scarcely known outside of Russia, and there hardly ever mentioned, that the famous Orloff diamond was once the right eye of the great idol Serringham in the temple of Brahma. This precious gem was stolen at about the beginning of the eighteenth century by a French soldier who had made a pretense of being converted to the Hindoo religion in order to gain the confidence of the priests and admission to the temple. The Frenchman first sold the diamond for £2,000. On the next turn it was bought by a banker of Constantinople for £12,000. The banker kept it until 1773 and then sold it to the Russian empress for £90,000 and a life pension. The gem has been in the Russian royal family ever since. As it is now set in the Imperial scepter of Russia it presents a flattened, rose cut surface and weighs exactly 104½ carats.

Ancient Iceland.

Iceland was founded A. D. 874 by men from Norway. In the words of John Fiske, "it was such a wholesale colonization of picked men as had not been seen since ancient Greek times and was not to be seen again until Winthrop sailed into Massachusetts bay. It was not long before the population of Iceland was 50,000. Their sheep and cattle flourished, bay crops were heavy, a lively trade—with fish, oil, butter and skins in exchange for meal and malt—was kept up with Norway, Denmark and the British Isles. Political freedom was unimpaired, justice was fairly well administered, naval superiority kept all foes at a distance, and under such conditions the growth of the new community in wealth and culture was surprisingly rapid."

His Compliment.

The governor of a western state was making inspection of certain state institutions when he made inquiry as to the progress of a chaplain by him appointed to an insane asylum.

"How is he getting on?" asked the governor, thinking to get an unprejudiced opinion from the official acting as his guide.

"Fine!" exclaimed the man. "His preaching is very successful, governor. The idiots enjoy it especially."—Cincinnati Commercial Tribune.

No Apology to Offer.

"Why spend three years cultivating your voice if you don't intend to go on the operatic stage?"

"For the same reason, I suppose, that you've spent fifteen or twenty years in cultivating a discriminating taste for alcoholic beverages and yet don't intend to go into the saloon business."—Chicago Tribune.

Assembling Himself.

"Hubby, did you bring home my new watch?"

"Yep."

"And my puffs?"

"I did."

"How about my face powder?"

"Here's your complexion. Now get busy and assemble yourself."—Louisville Courier-Journal.

Hard to Deal.

BOAT NAMED FOR NEWTON RESIDENT.

The three-masted schooner William E. Litchfield, named in honor of a well known resident of Mt. Ida, was launched Wednesday at Bath, Me. and was christened with roses, plinks and chrysanthemums by Mr. Litchfield's 18-year-old daughter, Miss Cordelia A. Litchfield.

The schooner is built for the lumber carrying trade and will sail the latter part of the week for Georgetown, S. C., to load kiln-dried lumber for Boston.

In the launching party from here were Mr. and Mrs. William Litchfield, with their son George A. and daughters Cordelia A. and Ruth.

STREET RAILWAY NEWS.

The elaborate movement by the residents of Newton to perfect changes and improvement in the railway system is taking definite form, and a mass meeting is to be held at which a committee will probably be authorized to confer with the Boston Elevated Railway and the Middlesex & Boston Street Railway Companies and petition the Board of Aldermen of Newton and take the matter to the Massachusetts Board of Railroad Commissioners if deemed expedient. The declaration signed by residents all over Newton, particularly the central and southern districts from Chestnut Hill to Lake street, bears the names of over 100 members of the Brae Burn Country Club and the Woodland Golf Club, together with members of some of the largest firms and several trust companies and banks in Boston, brokers, merchants, lawyers and other professional men living in Newton. Francis H. Blackwell, attorney, 60 State street, Boston, who represents the Newton residents, is receiving various suggestions and complaints, some of them valuable and many of them frivolous. Among the latter are complaints that the cars sway and cause car-sickness, that the steps are narrow and too high, that the motors are noisy and should be muffled, etc. Mr. Blackwell finds interesting information in the history of the development of the present company, the Middlesex & Boston, the successor of the

eight or nine companies which formerly served Newton, Waltham, Watertown, Needham, Wellesley, Natick, Hopkinton and Westborough, but which are now all consolidated.

REPUBLICAN RALLIES.

Rallies in the interest of Governor Draper were held in this city last evening at Wade Hall, Upper Falls, Bray Hall, Newton Centre, and Lafayette Hall, Nonantum, and were largely attended by enthusiastic audiences. Mr. Frederic G. Melcher presided at Newton Centre, Representative Thomas W. White at Upper Falls and Representative Henry E. Bothfield at Nonantum. The speakers included Congressman John W. Weeks, Mayor Hatfield, Lieutenant-Governor Frothingham, Patrick J. Conlon, Senator H. C. Mulligan, Mr. Arthur D. Hill, Representative George H. Ellis, ex-Representative Elias B. Bishop, Thomas W. Spellman and Urban Ledoux.

CITY HALL.

Registration for the state election closed Wednesday evening with a total of 6667 names on the list, 90 larger than last year.

An auto police patrol wagon was on exhibition Monday night as the aldermen adjourned. The wagon was made for Lynn and Chief Mitchell had it brought to Newton before delivery was made to Lynn.

ECHO BRIDGE.

(Newton Upper Falls, Massachusetts) (For the Transcript, March 15.)
At one swift bound it leaps into the air,
And spans the darkling stream;
More safe, more sure on its high way
Doth fare

Than rainbow's arching dream.
Ah! Memory is an echo bridge
That spans the stream of time—
Come rippling back from ridge to ridge

Replies from days sublime.
The past forgotten? Nay, not so—
A tone of voice, an evening bell,
Some mignonette, the sunset glow—
And all again is well.

Thought, feeling, will—and which is best?
They all come trooping back,
As birds fly home at night to rest,
Leaving the seaward track.

Far surer of the past are we
Than of today or future days—
A word—and Memory's bridge we see,
Evanisheth the haze.

So live, that echoes from thy past
Delight thy listening soul.
Departed days forever last—
Each day speed towards thy goal!

Frederic Allison Tupper.

BUT WHAT SEX IS ECHO?

Hicks. "Say, I've found a spot out in the Newtons where my wife can't possibly have the last word."
Wicks. "Where is it?"
Hicks. "Under Echo Bridge."
Little beds of flowers,
Little coats of paint,
Make a pleasant cottage
Out of one that ain't.

Childhood memories are better than yesterday's.

NAUTICAL TRAINING SCHOOL.

During the spring vacation the training ship *Ranger* was equipped with a wireless telegraph set, a submarine signalling apparatus, a hydro steam windlass, a larger electric generator and a new chart house; in addition lesser repairs and alterations made the ship in all respects ready for sea. The *Ranger* is now one of the best, if not the best equipped ship of its kind afloat. It is expected that before the cruise of 1911 the Navy Department will furnish the school with a motor barge of the latest type.

A departure was made this year from the regular European cruise, and two months were spent in home waters. From June 2 to Aug. 17, when the ship arrived at Gloucester, the time was occupied either at sea or in foreign ports; from Aug. 17 until the middle of October the *Ranger* cruised in home waters. This itinerary, including visits to home and foreign ports, made it possible to spend more time in boat and sail drills, marine surveying, etc., than heretofore, besides giving the cadets an opportunity to obtain a more serviceable knowledge of our own coast.

The summer term commenced on May 17 with an enrollment of 100 cadets; there were additional applications in excess of the capacity of the school. The usual short cruise was made in Massachusetts Bay, and the ship sailed from Boston on June 2. The following ports were visited: Lisbon, Marseilles, Gibraltar, Funchal, Ponta Delgada, Halifax, Gloucester, Provincetown, Mattapoisett, Bristol, R. I.; Newport News, Va.; Solomon's Island, Md., and Alexandria, Va. The cadets had an opportunity to visit one of the largest ship building plants in the country during the stay at Newport News. Washington and Mount Vernon were visited while the ship was at Alexandria.

Captain James S. Howes, a graduate of the school in the class of 1900, has been placed in command of the steamship *Berkshire*. Captain George E. Eaton, Wakefield, class of 1895, has been transferred from the lighthouse tender *Azalea* to the new steamer *Hibiscus*, one of the largest and finest vessels in the lighthouse establishment.

In a letter from the Commander-in-Chief of the Asiatic fleet addressed

to Rear Admiral L. C. Hellner, U. S. N., Supervisor of Naval Auxiliaries, Osborn E. McKay, Provincetown, class of 1892, chief officer of the naval auxiliary *Nanshan*, received the commendation of Rear Admiral John Hubbard, U. S. N., for excellent work in rescuing five men from a capsized boat; and the recommendation was made that he be given the next high vacancy that occurs in the auxiliary service.

Frederick W. Jones, Winchester, class of 1897, has recently been appointed acting nautical expert in the Hydrographic office, Navy Department, Washington; five graduates of the school are employed in this capacity in the Hydrographic office. Clarence E. Nutting, class of 1906, is a second lieutenant in the U. S. Marine Corps, now stationed at Puget Sound, Washington. Forrest D. Clark, class of 1899, is chief engineer of the turbine steamer *Harvard*, which will soon leave for the Pacific coast via the Strait of Magellan. Andrew J. Iverson of Salem, class of 1904, has been appointed watch officer on board the *Ranger*.

Castle Square Theatre—"The Talk of New York" has become the talk of Boston. The first week at the Castle Square has been an unequalled success and consequently a second week will begin on Monday. Nothing like it has been seen on the Castle Square stage since "The Circus Girl," and in humor, melody and variety it more than duplicates the attractions of that musical comedy. "The Talk of New York" is the work of George Cohan, who has won no little fame during the past few years as an actor, a dramatic author and a composer, and it is one of the latest and best of his works. Its production at the Castle Square does full justice to all his comic ideas, the scenery and music adding not a little to its completeness. In the leading roles are to be seen Donald Meek as Kid Burns, the young New Yorker who triumphs over all difficulties, and who never is at a loss when he is in trouble. Mary Young is sprightly as the heroine, and all the other players at the Castle Square contribute to its humor. The chorus does effective work and the orchestra is under the expert direction of Joseph Marr. So great is the demand that immediate application for seats should be made at the Castle Square box office.

The "WINCHESTER" Heater is not a marvel; yet close attention to the foundry, to the sales end, to the search for improvements, has made it the leading house heating boiler, for steam or hot water. Smith & Thayer Co., 236 Congress street, Boston, Mass.

—The Ladies' Aid of the M. E. Church will give their annual harvest supper at the church vestry next Wednesday evening. A good time and a good old-fashioned supper is anticipated. Come all and be merry.

—One of our most highly respected citizens, Larius Cobb of Boylston street, visited the Mechanics' Fair in Boston on Monday afternoon. It being G. A. R. day and a great many veterans were there. There was special music by the band and two orchestras. Comrade Cobb talked to the old soldiers about his latest painting, "The Last Comrade's Final Tribute," during the afternoon and sang "The Sword of Bunker Hill." It is interesting to recall that Mr. Cobb was one of the leading high tenors at the jubilee in 1872 in Boston, when he sang before many thousands persons in the coliseum which stood where the old art museum is now located at Copley square.

Try This RICHMOND Suds-Maker Free

You simply turn the faucet and the 'RICHMOND' Suds-Maker delivers thick, hot suds. It does not in any way interfere with the hot water faucet and can be easily attached to it. It gives you instead, two faucets—one for clean, hot water—the other for thick, hot suds.

Think of the dozens of ways this ingenious device will cut down the work in the kitchen! Learn what it means to save hundreds of steps every day—to always have thick, creamy soap suds on tap. The 'Richmond' Suds-Maker gives you any quantity of soap and water thoroughly mixed in scientific proportion—it is a way a ready to meet your instant needs. It puts an end to the drudgery of dish washing—simply place dishes, silver, glassware under its creamy suds for an instant, then just rinse and wipe. It puts an instant, automatic end to waste, to unsightly soap dishes, to the nuisance of using up the suds and ends of soap. Use any kind of soap.

Just call on the plumber whose name appears below and ask to see the 'RICHMOND' Suds-Maker. He will let you take one home to try. Use it ten days—then if you think you can spare it, return it, for the trial places you under no obligation to buy. This is your chance to learn about the greatest convenience, money and time saver you can install in your kitchen. Call today.

What the Boston Elevated Has Done for Rapid Transit.

Extensions and Additions, Subway, Elevated and Surface, Which It Has Provided

No. 4.

The Boston Elevated Railway Company is showing by a series of maps published in the Boston daily papers the additions and extensions which it has made to its system. On Sept. 23 was shown the surface lines and the Tremont Street Subway as in Jan. 1898. This was when the Boston Elevated took charge—on Oct. 3, the original elevated system; on Oct. 5th, the East Boston Tunnel; on Oct. 10, the Washington St. Tunnel; on Oct. 13, the Forest Hills Elevated extension; on Oct. 17, the East Cambridge Elevated Extension; on Oct. 19, the East Cambridge Subway and Beacon Hill Tunnel.

East Cambridge Elevated Extension

This extension will relieve perhaps the most congested streets in the community.

The new extension will be operated as follows:

Inbound cars will ascend by incline at Lechmere Square, East Cambridge, to an elevated structure.

They will cross the Charles River on a viaduct.

This viaduct is being built besides the Charles River Dam.

It will be a handsome arched concrete structure, thirty-seven feet above high water.

A fitting artistic boundary for the beautiful Charles River Basin.

From the viaduct to the North Station cars will proceed on an elevated structure.

At the North Station they will descend into the Tremont Street Subway for SCOLLAY SQUARE and beyond.

This will provide rapid transit for parts of both SOMERVILLE and CAMBRIDGE.

Only ONE-THIRD of the present running time from Lechmere Square will be required.

Many Somerville people can reach the business centre FIVE MINUTES QUICKER than by Sullivan Square.

This will reduce congestion at Sullivan Square.

A NEW STATION will be built on Causeway Street for this line.

It will open directly into the steam railroad station.

It will also accommodate the patrons of the ATLANTIC AVE. SHUTTLE TRAINS.

Rapid transit from it to the South Station, Washington Street Tunnel and the Subway will be at one and the same time provided.

FOUR MILLION THREE HUNDRED THOUSAND DOLLARS will be expended on this extension. It is only one mile in length.

We think the public will be interested in inspecting the viaduct work in progress.

Cambridge Subway and Beacon Hill Tunnel.

Cambridge has a population of one hundred and five thousand. Its area is about 6.53 square miles. Its taxable value is one hundred seven million dollars.

The Cambridge Subway, Beacon Hill Tunnel and connections will cost equipped TWELVE MILLION DOLLARS.

The entire taxable value of Cambridge is ONLY NINE TIMES the cost of this work.

This Subway is IN ADDITION to all surface lines, and also IN ADDITION to the East Cambridge extension now building.

Such a tremendous expenditure required the GREATEST CAUTION in the selection of the route.

The terminal will be an additional one under the present Park Street Station.

Surface cars at the Harvard Square Terminal will enter the Subway and will meet trains at train level.

Something new in car operation will be introduced at this point. Arlington and North Cambridge cars will run to the Harvard Square Terminal. Instead of reversing, they will continue to Belmont, Waverly, Watertown or Newton.

In like manner cars from these last named places will run to the terminal and then proceed to North Cambridge or Arlington.

FREE TRANSFER without checks will be established at this terminal.

The running time from Harvard Square and Park Street is now TWENTY-FIVE MINUTES. By this Subway it WILL be about EIGHT MINUTES.

From the Cambridge Subway cars will run over the beautiful new Cambridge bridge; a considerable portion of which was paid for by the Elevated Company.

From the bridge, they will proceed over a viaduct to the Beacon Hill Tunnel.

Thence by the Tunnel to the Park Street Station.

This subway was commenced August 12th, 1909. It is rapidly nearing completion.

SHORT SESSION

The regular meeting of the aldermen on Monday evening was but an hour long and even that included time for one of those tiresome committee meetings while the board takes a recess.

President Jones presided and Aldermen Avery, Blakemore, Burr, Cox, Gray, Heard, Higgins, Lyons, Miller, Moore, Stone, Towle, Williamson and Woods were present.

Hearings were held on petitions of the Telephone Company for attachments on Clinton street and on Oakland street, objection being made by Mr. S. C. Stevens to the Oakland street petition and Mr. H. S. Allen for the company stated that they desired attachments to the poles to be granted the Edison Company and were not particular on which side of the street they were located.

Hearings on laying out concrete sidewalks on Wesley street and Elm street under the betterment law and for taking land for sewers in Lee avenue and in Newland street were unopposed and orders for this work were subsequently adopted.

The invitation of Mayor Hatfield to the annual autumn inspection to be held Oct. 20 was accepted and his request for transfers of several appointments was referred to a committee from the School Committee relative to the new law requiring suitable sanitary drinking fountains was also referred. Notice of a meeting of the Massachusetts Highway Commission at East Cambridge on Oct. 20 relative to public roads in Middlesex county was referred to the Mayor.

Petitions were received from Annie Corbett for intelligence office license, of C. B. Holden for transfer of carriage licenses, of Muldoon and Stanfield and of F. J. E. Lacroix for a sixth class liquor license. Abraham Treisman and Max Wellman permission to transfer their junk business to new locations.

Leave to withdraw was granted on petition of the American Fireworks Company for license to manufacture fireworks off Melrose street, but that action was subsequently reconsidered and the matter tabled.

Reports on the perambulation of the boundary lines of Brookline and Watertown were received and filed. Orders were adopted taking land and authorizing sewer construction in Francis street and thru land to Westbourne road, and making grant of \$25,872 for city expenses to Nov. 15.

Alderman Burr stated that he had been informed that the 1911 budget would be ready before the next meeting of the board and the Finance Committee was given permission to informally consider it.

The board adjourned at 8:50.

LITERARY NOTES.

The Daisy.

Boys and girls under eight years of age will certainly claim a mortgage on "The Daisy or Great-Grandmother's Book," which the H. M. Caldwell Company of New York and Boston justly include among their celebrated series. De Luxe, Miss Caldwell, an acknowledged authority on early 19th century costume and environment, is responsible for this volume. She has carefully selected a number of the cautionary stories in verse of one hundred years ago and has illustrated them with 16 full-page illustrations in soft delicate color, besides numerous black and white drawings and vignettes. Children of the 20th century are thus able to realize the world that great-grandmother knew, the dresses she wore and the stories dear to her heart when a child.

To the little folks who have the good fortune to possess the first and second issues of "Caldwell's Boys and Girls at Home" it will be unnecessary to introduce the third. In preparing this new volume, the publishers (H. M. Caldwell Company, New York and Boston) have spared no efforts in not only maintaining the high standard, but improving upon its predecessors.

The stories and verses, crisp and up-to-date, are written by writers who understand the demands of young children.

The volume is embellished by over 150 original illustrations by prominent artists, of which nearly 50 are in color, is printed in large clear type, bound in picture boards as well as in cloth.

Boston Theatre—The most important dramatic production of the present season will take place at the Boston Theatre on Monday evening, Oct. 24, when Charles Frohman will present for the first time in America the current sensational dramatic success of London, "The Speckled Band," an adventure of "Sherlock Holmes" by Sir Arthur Conan Doyle. It will be presented with a cast of unusual excellence, including such well known names as Edwin Stevens, Charles Millward, Ivo Dawson, John Mindlay, Ivan F. Simpson, Ben Feldt, Frank Shannon, Kenneth Molken, H. H. McCollum, Cyril Chadwick, Alexander Frank, John M. Throughton, Irene Fenwick, Katherine Brook, Etta Morris and others.

In the "Speckled Band" the predominant personage is the villain, who is a great deal before the audience and who is a bold, big and emphatic individual. Out of his short but a thrilling story of cunning crime Sir Arthur Conan Doyle has evolved a highly sensational and enthralling drama.

B. F. Keith's Theatre—With at least three productions in the list of entertainers of world wide reputation, the bill at B. F. Keith's Theatre next week promises to break all records. Among the productions will be included Jesse Lasky's big musical comedy called "The Photo Shop," with a large company of comedians and the splendid chorus wearing beautiful gowns; another will be Mrs. Gardner Crane and her company of comedians, in the comedy called "The Little Sunbeam," which is without question one of the greatest novelties of the year. The scene shows the interior of a Pullman sleeping car during the early morning, when all the passengers are turning out, and there are all kinds of difficulties in which the conductor and porter take a leading part. There is a plot running through the piece and an endless amount of comedy. This week will also mark the first vaudeville appearance of Florence Noyes and Walter Stiles, two well known Bostonians, who have for some time been prominent in fashionable drawing rooms doing classic dances. It will be the first appearance in Boston of a man and a woman in this sort of dancing, which is called "classic pantomime."

Still another feature will be Albert Nole, who can justly claim the title of the world's greatest boy soprano, who since he appeared in this country has made one of the biggest successes scored by a foreign entertainer in years. Still other features will be Bixley and Fink, grand opera comedians; Valerie Bergere's Players in the sketch called "What Happened in Room 44"; Ruby Raymond and her boys; and the Coventrys in a musical importation from England.

THE "REAL BOSTON"

The Assembly of the Boston Chamber of Commerce, at a recent meeting, had a spirited discussion on the question of the importance to Boston of her being given the prestige and strength to which the population of the "real Boston" and the volume of business and manufacturing done in the "real Boston" entitle her.

There was a certain electricity in the very air of the hall which showed that everyone present very evidently felt that a right solution of the problem was of the utmost importance to the commercial and industrial future of the city. It seemed that every one of the 200 men present had something to say, some suggestions to make, some enthusiasm to lend. The assembly, however, always adjourns promptly at 2 o'clock regardless of the state of the discussion in order that the members may get back to their offices. Because of this abbreviation of the time there was little opportunity for that meeting to discuss just how the thing might be accomplished, so it was agreed that the next meeting, Wednesday, Oct. 19, should also be devoted to the same discussion.

Just how important the question of the "real Boston" is in the minds of residents of Newton and the other surrounding towns was shown by the fact that at the last meeting all but one of the speakers lived in the suburbs. Of course it was to be expected that annexation would be suggested as it usually is when this matter comes up. It seems to be generally agreed, however, that annexation is not only unnecessary but undesirable. While it is believed that there are certain matters which all the cities and towns might advantageously handle collectively, there is also a strong feeling that it would not be wise to take away from the various cities and towns the control and management of local affairs. In fact, the efforts of the Chamber of Commerce are entirely directed to wards the betterment of Boston's commercial advantages regardless of political boundaries.

Park Theatre—The Park Theatre in Boston, beginning Monday, Oct. 24, will be about the jolliest place in the land, for on that night "Seven Days" begins an engagement there, and everybody knows this comedy is the greatest laugh-maker in years. Indeed, foremost dramatic critics proclaim it the best comedy ever produced in America. For two years it has been running at the Astor Theatre in New York, where, as one writer said, "it rocked Broadway with laughter." Two years is a tremendous run. A play that can achieve it is exceptional. From this record run in New York "Seven Days" comes to Boston with the entire brilliant Astor Theatre cast. Mary Roberts Rinehart and Avery Hopwood wrote "Seven Days." They have taken some of New York's smart set and quarantined them in the house of one of their number with a burglar and a policeman. Among the mix-ups have been started before the quarantine. For example, a girl who loves one of the men is supposed to be the wife of another. Then it is found a divorced wife is present, and she pretends an engagement with the chap who thinks he's been jilted, and all these fictions are maintained so Aunt Sylvia may not suspect the separation of her nephew and his former wife. The quarantine lasts a week—seven days of riotous mirth, side-splitting laughter and tumultuous merriment that doesn't let up for a fraction of a second. "Seven Days" and laugh seven months" is the advice a magazine gave to its readers. The night performance will start at 8 o'clock so suburbanites can catch trains, and the Wednesday and Saturday matinees will begin at 2 o'clock.

THE "REAL BOSTON"

The Assembly of the Boston Chamber of Commerce, at a recent meeting, had a spirited discussion on the question of the importance to Boston of her being given the prestige and strength to which the population of the "real Boston" and the volume of business and manufacturing done in the "real Boston" entitle her.

There was a certain electricity in the very air of the hall which showed that everyone present very evidently felt that a right solution of the problem was of the utmost importance to the commercial and industrial future of the city. It seemed that every one of the 200 men present had something to say, some suggestions to make, some enthusiasm to lend. The assembly, however, always adjourns promptly at 2 o'clock regardless of the state of the discussion in order that the members may get back to their offices. Because of this abbreviation of the time there was little opportunity for that meeting to discuss just how the thing might be accomplished, so it was agreed that the next meeting, Wednesday, Oct. 19, should also be devoted to the same discussion.

Just how important the question of the "real Boston" is in the minds of residents of Newton and the other surrounding towns was shown by the fact that at the last meeting all but one of the speakers lived in the suburbs. Of course it was to be expected that annexation would be suggested as it usually is when this matter comes up. It seems to be generally agreed, however, that annexation is not only unnecessary but undesirable. While it is believed that there are certain matters which all the cities and towns might advantageously handle collectively, there is also a strong feeling that it would not be wise to take away from the various cities and towns the control and management of local affairs. In fact, the efforts of the Chamber of Commerce are entirely directed to wards the betterment of Boston's commercial advantages regardless of political boundaries.

The best way to carry Ashes
is in a Hod!

Crawford
Ranges

Have an Ash Hod in the base into which all the ashes fall far below the fire. They can't bank against the grates and warp them, and they can be emptied easily without spilling.

The Coal Hod is alongside the Ash Hod—out of the way. This feature is a wonderful labor and trouble saver and is patented.

Another trouble-saver of the Crawford is the patented Single Damper. One motion—slide the knob to "kindle," "bake" or "check"—the range does the rest. No damper mistakes.

The Oven has cup-joint heat flues that heat it alike in all parts.

Ask the Crawford agent to show you and write us for circular.

BETTER SERVICE FOR LESS MONEY

That is the experience of many who have applied for the new telephone rates. Not only do they pay less, but "divided ringing" gives a service infinitely more satisfactory. Have you figured this out for yourself?

Look over the following schedules, apply them to your personal needs and see if in the matter of cost or quality of service, or both, you are not benefited.

If any point is not clear to you, telephone Fort Hill 7600 and ask for the "Rate Department," or, better still, come to either of our Boston offices—119 Milk Street or 165 Tremont Street—and have your requirements carefully analyzed by our expert contract agents.

All applications are being filled in rotation, so far as possible. Apply as early as possible, therefore, if you want to enjoy quickly the advantages of this new system.

The Democratic party has at last
settled its internal dissensions after
a fashion and has selected its "mail
order" candidate for Governor. The
trials and tribulations of that party
in choosing its candidate ought to be
carefully considered by those vot-
ers who had intended to express their
disapproval of national and economic
affairs by casting a vote against the
reelection of Governor Draper. Why
should Governor Draper be made the
scape goat, if one is desired, for the
dissatisfaction aimed at the tariff,
the high cost of living and the many
other fads and fallacies of the day.
The Governor has given the state a
strong, wise and business-like admin-
istration. He has saved the state
large sums of money in carrying on
its affairs and has turned waste
places into sources of revenue. He
never dodged a business or a political
issue and everyone knows that he is
thoroughly independent. He has shown
what he can do. The Democratic party
has also shown what it can do.

Once again I must call attention to
the referendum to be decided at the
state election on an important prin-
ciple of our present city charter. Just
a glance at the city elections in some
of the neighboring municipalities
ought to be a lesson to Newton voters.
The superintendent of streets in Cam-
bridge has been changed several times
in the past decade, while Newton's
street commissioner has performed the
duties of his office to the utmost
satisfaction for the past 20 years.
WHY CHANGE.

GRANT-PATRIDGE.

The wedding of Miss Gertrude
Meader Partridge, the daughter of Mr.
and Mrs. Edward F. Partridge of New-
tonville, to Assistant City Clerk
Frank Morey Grant, took place at the
Universist Church, Newtonville, on
Tuesday evening and there was a
large attendance of friends. The
bride was given in marriage by her
father and the ceremony was per-
formed by Rev. Albert Hammett, pas-
tor of the church. The bride was
gowned in white messaline trimmed
with embroidered net bands and wore
the conventional tulle veil and orange
blossoms. The maid of honor, Miss
Harriette H. Young of Dorchester,
wore pale green messaline with over
drapery of crystal net and the brides-
maids, Misses Frances E. and Florence
G. Snow of Plymouth, Mabel B. W. son
of Stoneham and Annabelle Park of
Wellesley Hills, were in white chif-
fon cloth trimmed with pale green
messaline. They carried pink chrys-
anthemums. Miss Helen Clarke of
New Bedford played the wedding
march. Mr. Willard F. Collins of
Watertown was the best man and the
guests were seated by Messrs. Frank
L. Collins of Watertown, Frank L.
Ryder of Wollaston and E. Mortimer
Partridge and William H. Zoller of
Newtonville. A reception followed at
the home of the bride, 15 Austin
street, Newtonville, Mr. and Mrs.
Grant being assisted in receiving by
Mr. and Mrs. Partridge and Mr. and
Mrs. Dwinall Grant.

Mr. and Mrs. Grant will reside at
15 Austin street, Newtonville. Among
the large number of wedding gifts
were included silver from the Board
of Aldermen, a clock from city officials
and a mahogany table from the ladies
in City Hall.

FALL OUTING

The annual fall outing of the Board
of Aldermen and the city officials took
place yesterday and notwithstanding
the rather dubious weather, was a
most interesting occasion. The party
met at City Hall at nine o'clock and
was composed of Mayor Hatfield, Al-
dermen Stone, Blakemore, Avery, Hig-
gins, Williamson, Woods, Cox, Lyons,
Moore, Sullivan, Gray, Burr, Barker,
Towle and Heard, Street Commis-
sioner Ross, City Engineer Rogers,
City Treasurer Newhall, City Auditor
Hatch, Water Commissioner Whitney,
Chief Randlett, Forest Commissioner
Buckman and Assessors Coffin, Baily,
and Prescott. Automobiles were
quickly filled and the first stop was
at the truck house, Newtonville, to
inspect the new auto fire truck. The
route then led thru Waltham street
West Newton, which has recently
been repaved, and then the extremely
bad condition of the Charles River
from the Waltham line to Weston
bridge was called to the attention of
the aldermen. The river is in the
condition and it was evident that some
action should be taken promptly. If
health conditions are to be respected.
The need of a new bridge at Common-
wealth avenue was also plainly point-
ed out. A rapid trip then followed
thru Weston, Lower Falls, Upper
Falls, to Newton Highlands, where
Alderman Moore called attention to
the proposed new playground which
is to be given in the near future. Cris-
tal Lake was viewed, a brief stop
made at the Newton Centre Play-
ground, an inspection made of the
most satisfactory deed laying on Hut-
newell Hill, the need of street re-
pairs urged at Nonantum and the im-
provements recently made at the
Technical High School were viewed.
The route then took the party thru
Newton Highlands, Oak Hill, a por-
tion of Brookline, Chestnut Hill, the
Newton Cemetery and the Brae Burn
Club, where luncheon was served. After
luncheon the various city officials
told the aldermen of the needs of
their departments and the informal
conference which followed was of
great value.

GUILD-BOYD.

One of the smartest fall weddings
in the city was that of Miss Olive
Boyd, the daughter of Mr. and Mrs.
Charles M. Boyd of Hunnewell Hill,
and Mr. Eastman Guild of Sargent
street, which took place in Channing
Church last evening. The ceremony
took place at eight o'clock, the church
being decorated with white chrys-
anthemums and palms, and was per-
formed by Rev. Harry Lutz, pastor of
the church. The organist, Mr. Henry
T. Wade, played the following selec-
tions:

Messe de Mariage Dubois
Entree du Cortege.
Benediction Nuptiale.
Laus Deo.
Meditation, "Thais" Massenet
Barcarolle Offenbach
Largo Handel
Introduction, Act III, "Lohengrin" Wagner

Wedding March "Lohengrin" Wagner
Wedding March Mendelssohn
"Midsummer Night's Dream"

The bride wore white satin trimmed
with rose point lace, which had also
been used at her mother's wedding,
and was given in marriage by her father.
Her sister, Miss Eleanor Boyd, was
maid of honor and was in lavender
marquise over satin, caught in at
the skirt with gold trimming. Miss
Chester Guild and Caroline Guild, sis-
ters of the groom, were ring bearer
and flower girl, and preceded the
bridal party up the aisle of the
church. The bridesmaids, gowning in
Dresson marquette over yellow satin,
were Miss Helen Ruhe of West New-
ton, Miss Bessie B. Livermore of
Brookline and Miss Marjorie Fish of
Minneapolis. Mr. Carleton Ruhe of
West Newton was best man and the
ushers were Messrs. William Guild of
Newton, Stephen C. Lowe, Jr., of
West Newton, James H. Rand of New-
tonville, James G. Whitney of Somer-
ville and W. H. Higgins and Frederick
O. Booth of Brookline. A largely at-
tended reception followed at the Boyd
residence on Washington street, New-
ton. Mr. and Mrs. Guild being as-
sisted in receiving by Mr. and Mrs.
Boyd and Mr. and Mrs. Chester Guild,
the maid of honor and the bridesmaids.
A large tent was erected on the lawn
for refreshments.

Mr. and Mrs. Guild will reside at
26 Loring street, Newton Centre,
where they will be at home after Jan.

of the season between the Newton
High School golf team and that of

9-12 to 5-12.

ADVICE TO A NEW FATHER.

A Few Pointers From One Who Knows
A well known person, who has re-
cently reached the state of father-
hood, received the following letter a
few days ago. It is well worth perusal
by others.

Mr. Dear —:—Yours of the 24th
just received. Glad to hear from you.
I suppose you think I ought to con-
gratulate you upon your advancement
to the delightful (?) dignity of pa-
ternity. This is but natural, and, con-
sidering your pitiable inexperience,
excusable. Of course you are an ig-
norant, conceited, inflated man, and it
is only from sympathy that I will
give you the benefit of my large ex-
perience, the light of which cannot
fail to guide you clear of many pit-
falls and enable you to avoid the most
prominent follies to which fathers of
first-born infants are natural heirs.

In the first place, that baby of
yours is not the finest that ever lived,

though of course you and his mother
think so. Parents always do. The
"baby" as a topic of conversation is
not of breathless interest to your
friends. An contrary, it is a bore.
The frankness with which the western
citizen expresses his opinion has
taught me the above fact.

Now for a long chapter of advice.
If you are too inflated to take it,
throw this letter in the fire at once.
If you value my friendship, read!
ponder!! profit!!!

Now that the baby has come, pre-
pare to take a back seat. Take it
gracefully and occupy it without a
murmur, for it is the only one you
will ever get. You have no doubt
made up your mind how this boy is
to be brought up—all new fathers al-
ways do this. Do not be surprised to
find out that you have nothing what-
ever to do with this performance, but
that you are to be merely a spec-
tator, and from a back seat at that!
The child is going to be reared by
your wife and your wife's relations,
your wife's old nurse and the family
doctor. Don't forget this or you may
find yourself in trouble. The counte-
nance of your mother-in-law will seem
perpetually to say to you: "You get
out!" The nurse and the doctor will
tell you that they've brought up hun-
dreds of babies before you were even
thought of and that you had better
keep your little suggestions to your-
self.

You had decided, for one thing, be-
fore the baby was born, that your
child should not be rocked. "When it
cries," you said, "lay it down and let
it have its cry out; just as easy to
train a child one way as another. If
it is to be rocked and dandled and
walked with every time it screams,
the whole family will soon be per-
fect slaves. Let us have no cradle
in this house and no springs on our
baby wagon!" Here, again, prepare
yourself for ignominious defeat.
When the baby is old enough he will
have a cradle with a lovely satin
canopy and a fly net, and the little
carriage will have bounding springs
and your infant will be "rocked on
the tree-top" and trotted "to Boston
to buy a loaf of bread" just like all his
predecessors. When you ask who is
going to do the rocking and promenad-
ing at midnight and at cock-crowing,
and with a baby weighing 20 pounds,
there will be an ominous silence,
which means that you yourself have
been selected for that duty. The
nurses have told your wife that that
is all you are good for!

When you see the baby smothered
in worsted jackets, shawls and af-
ghans, perspiring like a trotting horse
and gasping for breath, don't ever
venture to suggest that it has too
many clothes on. Of course you don't
know the saving qualities of pinning
blankets, knit skirts and flannel bind-
ers; and probably you never heard of
the child would die instantly if
flannel wasn't kept over its stomach.
It is only out of pity for your ignor-
ance that the nurse doesn't knock you
down.

When your wife says the baby is
smiling or laughing, don't dispute her,
whether you can see the laugh or not.
Only females can tell when a
baby laughs or interprets its other com-
plex expressions. If you take a hand
in this business you will be set down
for a fool. Don't try it! In the nur-
sery you must be all things to all women.

Prepare to dress yourself in the
bathroom, to receive your friends in
the hallway, to smoke in the coal
house. Your own room will soon pre-
sent the appearance of a cross be-
tween a drug store and a diet
kitchen.

When you go out, of a morning, it
is well to be equipped for the day, as
you may not be re-admitted till bed-
time. If you go back to change your
cuffs, the chances are you will find
the door locked and a chorus of fe-
male voices will inform you that you
can't come in, because the baby is
being bathed, or being "changed,"
whatever that may mean. Between
bathing and changing you will be kept
in almost constant exile. Before your
baby gets into short clothes you will
have spent about six months sitting
on the stairs, waiting to speak to
your wife.

And yet your wife loves you. At
times she will even say she wishes
she could do something for you. The
trouble is that she is completely un-
der the control of "persons of experi-
ence," who tell her if she doesn't pow-
der the baby and trample on her hus-
band, just as they advise, her life will
be a complete failure.

I have only mentioned these few
things, as they happened to occur to
me. There is a vast field of vacilla-
tion, teething, milk-crust, bottle feed-
ing, wet nursing, condensed milk,
sickness, christening and "having the
baby's picture taken," which I haven't
touched upon at all. If you are alive
six months from now, I will write and
advise you further. In the meantime
(and it will be the awfullest mean-
time you ever experienced), you must
submit to your fate, turn philosopher,
clench your fists, hold your tongue,
and, if necessary, be content to live
in a tub.

Your sympathetic friend.

Why an Alias?

One afternoon, when the Duke of
Edinburgh and Sir Arthur Sullivan,
having dined in quiet, were sitting
down to a homely, solid of red, pro-
vided by Mrs. Sullivan, the composer's
mother, it suddenly occurred to her to
start the subject of family names and
titles, which puzzled the good lady
considerably.

"Sir," she said, "your family name is
Guelph."

"My dear mother," began Arthur.
"But it is, isn't it?" she persisted.
"Certainly," replied the duke, much
amused. "What's the matter with it,
Mrs. Sullivan?"

"Oh, nothing," returned the excellent
old lady musingly. "Only I can't un-
derstand why you don't call yourself
by your proper name."

Arthur wanted to explain to her, but
the duke would not allow him to.

"There's nothing to be ashamed of
in the name of Guelph, Mrs. Sullivan,"
he said gravely.

"That's exactly what I say," persis-
ted Arthur's mother; "nothing what-
ever as far as I know, and, that being
so, why should you not call yourself
by I can't understand."—F. C. Bur-
nand's "Records and Reminiscences."

A Great Relief.

An old organ blower lay on his
deathbed. He was a good old fellow,
and everybody liked him. He had al-
ways been ready to do anything and
everything connected with the church
without complaining, but had evident-
ly had his own troubles which he had
kept locked in his breast.

The curate was with the old man,
soothing and comforting him as best
he could.

"Would you mind, sir," said the sick
man, "asking the organist to play the
dead march over me? Lor, but I just
love that dead march!"

"Certainly, with pleasure, Mr.
Jones," replied the curate.

"Thank'ee, sir; none 'o' that there
tweedledum Beethoven, you know, but
Handel's."

"I can promise that much, my good
man," said the curate.

The old man lay placidly for awhile
and then exclaimed with fervor, "How
thankful I am that I shan't have to
blow for him when he plays the loud
part at the end!"

The Englishman in a Groove.

In England nine-tenths of the lads
of the middle classes look forward to
nothing more than a seat at an office
desk with a certain number of shill-
ings a week for a certain number of
years. To attempt to do anything else
would be to run the risk of social ostracism.
A young man may loaf re-
spectably on his family, but he must
on no account start a business if it
involves selling anything or producing
anything with his hands. That would
be bad form. It would be getting out-
side the groove. Thus for the great
mass of the people England holds no
romance. The lad who thinks he could
do something is discouraged. Every-
thing is so cut and dried. Every class
distinction is so definitely marked.
The whole weight of public opinion is
against the smallest divergence from
the ordinary rule.—Manchester (Eug-
land) Mail.

Next Door to It.

An acquaintance of the late Josh
Billings was one day talking with him
about the remarkable increase of imi-
tations and substitutes for original
articles, as "oleomargarine" for "but-
ter," "celluloid" for "ivory," and so
forth, "and," said he, "many of the
substitutes go ahead of the real thing.
I guess in time there will be a substi-
tute for everything, though I don't
know about 'wisdom.'"

"No," replied the humorist, "up to
the present time at least there is no
really good substitute for wisdom. But
silence is the best that has so far
been discovered."

No Criterion.

Once during the progress of a certain
case Sir Charles Darling remonstrated
with a barrister for the way in which
he was arguing a point.

"You will pardon me, my lord," said
the latter, "but perhaps I may remind
you that you argued a case in a simi-
lar way yourself when you were at
the bar."

"Yes, I admit it," replied his lord-
ship, with a quiet smile, "but that was
the fault of the judge who allowed it."
—London Tit-Bits.

Killed by Fear.

Frederick I. of Prussia was killed by
fear. His wife was insane, and one
day she escaped from her keeper and,
dabbling her clothes with blood, rushed
upon her husband while he was dozing
in his chair. King Frederick imagined
her to be the "white lady" whose ghost
was believed to invariably appear
whenever the death of a member of
the royal family was to occur, and he
was thrown into a fever and died in
six weeks.

Hedgehogs and Eggs.

Some years ago, not being able to ac-
count for the disappearance of eggs, a
wire cage trap was set in a fowl run.
After a little time this was occupied
but by a rat, but a fine hedgehog filled
to its utmost capacity the trap. It
was reset, to be filled in a few days
by Mrs. Hedgehog. No more eggs were
missed.—London Times.

Not Funny For the Nephew.

"A little change of heir," remarked
the old man as he altered his will, cut-
ting off his nephew in favor of a dis-
tant relative.

Enthusiasm gives life to what is in-
visible and interest to what has no im-
mediate action on our comfort in this
world.—Mme. de Staël.

PROBATE COURT.

To the heirs-at-law, next of kin and all other persons interested in the estate of Annie Estelle Robinson, also known as Annie E. Robinson, late of Newton in said County, deceased.

WHEREAS, a certain instrument purporting to be the last will and testament of said deceased has been presented to said Court, for Probate, by Otis Granville Robinson, who prays that letters testamentary may be issued to him, the executor therein named, without giving a surety on his official bond.

You are hereby cited to appear at a Probate Court, to be held at Cambridge in said County of Middlesex, on the ninth day of November, A. D. 1910, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in the Newton Graphic, a newspaper published in Newton, the last publication to be one day, at least, before said Court, and by mailing post-paid, or delivering a copy of this citation to all known persons interested in the estate, seven days at least before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this twentieth day of October, in the year one thousand nine hundred and ten. W. E. ROGERS, Register.

ties was inflicted on both teams. Both schools were without regulars, who were either out owing to injuries or because of faculty restrictions.

In the fourth quarter on a forward pass which Blue of Newton intercepted he got by the entire Milton team, and it looked as though he would score, but Carson overtook him and nailed him on the 20 yard line.

Several moments later, Newton worked the ball down to Milton's 10 yard line, where, after third down, a forward pass was made. O'Connell of Milton intercepted it but was tackled and thrown over the goal line. It counted as a safety for Newton and won the game.

In the same period Milton high almost had a clear field on a Newton forward pass which G. Poole intercepted. He undoubtedly would have made a touchdown had he not been blocked by a member of his own team, which enabled Newton to tackle him.

CARBONOL

Brightens House Furnishings

CARBONOL IS BETTER than soap. It is easier to use (just add a spoonful of it to a bucket of water). It dissolves grease and greasy stains. The dingy look of curtains in the rooms where there is much smoking is caused by greasy deposits. Carbonol restores their original freshness of color. The same with rugs and carpets. Prevents moths. It disinfects, it banishes insects and it suppresses odors by arresting decomposition. 10c and 25c a bottle. Sample free on request.

—Mr. R. R. Gorton was a semi-finalist in the golf tournament last week at the Country Club at Brookline.

—Mr. E. C. Adams has been elected a vice-president of the N. E. Association of College and Preparatory Schools.

—The engagement is announced of Miss Sallie C. Sprague, the daughter of Mr. and Mrs. F. W. Sprague 2nd, and Mr. Kenneth Barnard, both of this village.

—The W. C. T. U. were entertained by Mrs. M. E. Beardsley Monday evening. After the program of the evening, which consisted of reports of the county and state convention, and reception of a new member, refreshments were served by the hostess.

—The Lincoln Park Church of West Newton, in order to be received into the Baptist West Association, has abandoned the policy of receiving members from other churches without requiring immersion, which it adopted over three years ago through the influence of a former pastor.

—Assistant Chief George S. Holmes of the fire department escaped injury Monday when his automobile skidded and a rear wheel gave way under the strain. The accident happened on Walnut street, Newton Highlands. The damage was easily repaired.

—Rev. and Mrs. J. C. Jaynes, Miss Ethel Jaynes and Mrs. C. H. Ames were in an automobile accident yesterday in Brighton, when the car which Miss Jaynes was running skidded and brought up in the gutter. The forward wheel was smashed but no one was injured.

—Davis Wood, an 11-year-old girl living at 87 Adams avenue, was slightly injured Friday afternoon while attempting to steal a ride on a heavily loaded lumber truck on Chestnut street. The girl slipped and fell, some of the lumber scraping her badly. She was taken home in the police ambulance. The driver of the truck was Charles Marshall.

—Allen School defeated Lexington High, 27 to 3, on Cabot park Tuesday afternoon. The feature of the game was a 40-yard run by Wood in the fourth period for a touchdown. Nickerson, G. Arnold and Chapman played well for the winners while Reed's drop kick from the 25-yard line in the third period was the feature of Lexington's playing.

—Mrs. Mary L. Bacon, the widow of the late William Hope Bacon, died on Sunday at the residence of her son, Mr. Josiah E. Bacon, on Prospect street. Mrs. Bacon was in her 90th year and had been a resident of this village for many years. She was identified with many of the charitable and philanthropic organizations of the city. Funeral services were held at the Lincoln Park Baptist Church on Wednesday afternoon and Rev. Robert Van Kirk officiated.

Newtonville

—Miss Myra Sisson of Austin street is visiting friends at Derry, N. H.

—Mr. Stephen Jellerson of Kimball terrace has returned from Providence, R. I.

—Rev. Mr. Dike and family of New York have moved into the John Carter house on Highland avenue.

—Miss Marion Raymond of Otis street, who is spending a year abroad, is now located in Switzerland.

—Mr. and Mrs. Hubert L. Carter of Otis street are receiving congratulations on the birth of a daughter.

—Miss Mary McCall of Judkins street, who returned recently from Monhegan, Me., left Wednesday for a visit in Worcester.

—Mrs. Joseph Morrison, who has been a recent guest of Mrs. John F. Payne of Bowdoin street, has returned to her home in New York.

—A business and social meeting of the Every Saturday Club will be held Saturday evening at the home of Mr. and Mrs. J. H. Willey on Turner street.

—The first meeting for the season of the Young Woman's Club of St. John's Church will be held Tuesday evening at the home of Mrs. C. N. Cooke on Elm place.

—Word has been received of the death on Wednesday of Mr. Linwood O. Towne, a former resident of this village. Mr. Towne was a submaster in the Haverhill High School.

BARN DANCE.

St. Bernard's Aid Society of West Newton held a most successful barn dance in I. O. O. F. hall on Monday evening, over 600 persons being present. Mr. Joseph P. Curran was floor marshal and he was assisted by a score of aids. Prizes were awarded for the most appropriate costume and the judges had a hard time in selecting the winners. Mayor Hatfield presented the prizes of poultry and cabbage to Miss Margaret Toomey and Miss Mabel Fawley for the ladies and to Mr. Joseph P. Curran and Mr. Edward Dooley for the gentlemen. The hall was elaborately decorated with farm produce and stable furnishings and the affair was most enjoyable.

Plan of part of floor space at Mechanics Building showing location of the United Shoe Machinery Company's exhibit.

GO AND SEE IT

A Miniature Shoe Making Plant in Complete Operation at Mechanics Building from October 3d to October 29th inclusive. It Will Show How and Why Shoes Made by the Goodyear Welt System Are the Best Made.

The exhibition of the United Shoe Machinery Company at Mechanics Building, Huntington Ave., Boston, represents the triumph of the inventive genius of America. The dreams of a hundred inventors, the best thoughts of more than a thousand minds, the skill of many thousand workmen, and the investment of millions of dollars, are concentrated in the "Goodyear Welt" machinery. Though created by men and put together, part by part, by human hands, each machine of the "Goodyear Welt System" is more accurate, sure, efficient, and more productive than half a hundred workmen. They are the mechanical marvels of our day.

The shoe industry has become one of the most important of the industries of the United States since the development of the "Goodyear Welt System" of making shoes. The workman has become a master of machinery. His hands turn on the power and release it when the machine, more accurate than the human hand, never-tiring, always the same, has completed its work.

Every man and woman in New England should see the exhibition of the United Shoe Machinery Company at the Mechanics Fair, beginning Monday, October 3d. It is an educational exhibit that every person who buys shoes should see.

Go and see it for yourself.

The Thing To Remember Is that you can detect the imitation of the "Goodyear Welt" by a "sock" lining. Lift it up at the shank of the shoes. If there are tack points and stitches underneath it, the shoe is not a "Goodyear Welt." If you want the best in construction

Insist on the "Goodyear Welt"

Lane, Pine Ridge road, and twenty odd members listened to a thoughtful talk on "Christianity and Social Progress" given by Dean Hodges of the Episcopal Theological School, Cambridge. Officers for the ensuing year were also elected and light refreshments enjoyed.

MAHONEY—HAGERTY.

Miss Margaret Hagerty, daughter of Mr. and Mrs. Daniel Hagerty of Chestnut street, Newton Upper Falls, was united in marriage Wednesday morning at St. Mary's Church to Jeremiah J. Mahoney of Upper Falls, and a prominent member of Newton Council, K. of C., by Rev. Fr. T. J. Danahy, pastor of St. Mary's Church, in the presence of a large number of friends and relatives, at 9 o'clock. In the church, preceding the nuptial mass celebrated by Fr. Danahy.

The best man was Cornelius Mahoney, brother of the groom. The bridesmaid was Miss Katherine C. Hagerty, sister of the bride. The bride wore a gown of white satin mesaline on train, with a veil caught up with orange blossoms. The bridesmaid wore a gown of yellow satin, trimmed with duchess lace, and carried a shower bouquet of roses.

A wedding breakfast and reception, attended by more than 150 guests, was held at the residence of the bride's parents. The couple wore the recipients of many gifts.

On their return from a wedding tour through New York and the Atlantic states Mr. and Mrs. Mahoney will reside in Newton Upper Falls.

VIOLIN RECITAL

A violin recital of unusual interest was given on Wednesday evening in Norumbega Hall, Auburndale, by Miss Julia Pickard, assisted by Mr. William Francis, Jr., harpist; Miss Marion Chapin, accompanist. The seating capacity of the hall was taxed to the utmost by an audience representative of the musical culture of the Newtons. The ushers were Miss Esther Day, Miss Katherine Fowler, Miss Georgina Francis and Miss Miriam Fuller.

The young violinist played the Grieg Sonata in F major with great warmth and purity of tone, and an unusually mature interpretation. The middle number on the program was the Wieniawski "Legende," the Martin Gavotte, and the Souvenir de Wieuwawski, by Haesche, all of which were charmingly played. Mr. Francis' rich and mellow voice was justly appreciated in "Three Roses Red" by Homer Norris, and "Summer Noon" by Amice Terhune, but he was heard at his best in "O du mein holder Abendstern" from Tannhauser, which was much enriched by the violin obbligato. Mr. Francis sang with a tenderness and pathos which was felt keenly throughout the audience.

The program was brought to a close by the brilliant rendering of the Seventh Rode Concerto, by Miss Pickard. The sympathetic and artistic accompaniments of Miss Chapin contributed largely to the success of the concert.

Among the congratulations which followed the recital none were more richly deserved than those that were showered upon Mr. S. E. Goldstein of the Symphony Orchestra, who in Miss Pickard's teacher.

PLIMPTON—TUCKER.

A pretty and dignified wedding that will interest many in Newton was that of Oct. 20 in the home of Mr. and Mrs. John F. Lothrop, when Miss L. A. Tucker of Ware was married to Mr. Edward S. Plimpton of Colorado. The bride and her sisters with their families, numbering nearly 30 gathered around the elder sister, Mr. Plimpton's son, Dr. Plimpton of Glenwood, Ia., with his wife was also present.

Miss Tucker has a large circle of friends in Ware, where she has been active in church work and in the cause of temperance. Mr. Plimpton is widely known in the West, having been prominent in educational and religious work, also as a successful business man.

After a wedding trip Mr. and Mrs. Plimpton will reside in Ware.

LODGES.

A whist party and dance, under the auspices of Sumner P. Lawrence Rebekah Lodge, will be held Thursday evening in Odd Fellows' Hall, Newtonville.

A pretty dance was given by Mr. Ida Council, Royal Arcanum, in Denison Hall, Newtonville, last Monday evening.

DANCING CLASSES.

Miss Cormerals will resume her dancing classes in Norumbega Hall, Auburndale, Tuesday afternoon, Oct. 18. Beginners from 2 to 4 o'clock, advanced class from 4 to 6 o'clock. Terms \$12 for 24 lessons; \$20 for two children in a family. Assemblies will begin Friday evening, Oct. 28, and will be held every other week. Price \$5 for ten assemblies.

MOTHERS' REST

At the annual meeting of the Mothers' Rest Association held in the Newton Centre Baptist Church parlors last week the following officers were elected for the ensuing year: President, Mrs. Samuel Ward; first vice-president, Mrs. H. H. Kendall; second vice-president, Mrs. C. M. Goddard; secretary, Mrs. H. R. Luther; treasurer, Mrs. F. A. Mason; auditor, Mrs. E. D. Burr; additional members, Mrs. E. R. Benton, Mrs. F. E. Anderson, Mrs. J. M. Dill, Mrs. A. Polhemus, Mrs. S. E. Farwell, Mrs. A. C. Badger.

REMINGTON—HAVENS.

The wedding of Miss Margaret Remington Havens, daughter of Mr. and Mrs. Herbert R. Havens of Homer street, Newton Centre, and Harold Remington of Watertown, N. H., took place last week Thursday evening at the bride's home. The officiating clergyman was Rev. Alton H. Robinson, minister of the Newton Centre Unitarian Church. Louis Cleveland of Watertown, N. Y., was the bridegroom's best man, while Miss Katharine Havens, sister of the bride, was the maid of honor. The wedding procession filed between lines of laurel held by Misses Carol Anderson of Watertown, N. Y., Jessie Moore of Boston, Marjorie Davis of West Newton and Grace Richardson and Gertrude Bird, both of Newton Centre. A reception followed the ceremony and at this the ushers were Samuel Wardwell of Watertown, N. Y., and Marcena Butts of Newton Centre. The house was decorated with chrysanthemums.

Castle Square Theatre—No play has created a stir equal to "The Servant in the House" in many seasons. Written by Charles Rann Kennedy, himself an actor of many years' experience, it tells a graphic tale of selfish humanity and its moral transformation under good influences. By it the spectator may be entertained or instructed, or both, and through it there persists a humor that is exceedingly rare in a serious drama. The scene is an English country vicarage, and its inmate and bishop of the Church of England are subjected to the moral influence of one Manson, a butler attired in Oriental garb, but who is in reality the Bishop of Benares. The leading role of Manson will be played by John Craig. Miss Mary Young will appear as the heroine, and there will be an especially attractive and picturesque scenic environment. The production of "The Servant in the House" will surely be an event in the history of the Castle Square Theatre.

NORTH GATE CLUB.

The North Gate Club opened its social season with a farmers' party on last Monday evening, about 75 people participating in cards and dancing. The card prizes were both useful and unique and the decorations of corn and pumpkins were appropriate and handsome.

RUG AND APRON SALE.

The Newton Ladies' Home Circle will hold a rug and apron sale on Wednesday, Nov. 2, at the store of F. D. Tarlton, Watertown street, West Newton. Proceeds for their roller work. A liberal patronage is solicited.

MINISTER DEAD

Rev. William M. Lisle of Perkins street, West Newton, passed away Tuesday morning after an illness of about two weeks. Mr. Lisle was born at New Haven, Ct., 68 years ago. His entire life was devoted to the Christian ministry. With Mrs. Lisle he went as missionary to Bangkok, Siam, but was forced to return to this country because of broken health. After his return he held pastorates in Baptist churches in West Newton and Somerville, Mass., and Providence, R. I. For several years he had been doing evangelistic work throughout New England. He was widely known in Baptist circles. He was a constant contributor to religious journals and the author of a book on theology entitled "The Evolution of Spiritual Man." Mr. Lisle leaves a wife, four daughters and two sons. Funeral services were held Thursday at Wilmington, Vt.

HART—BAILEY WEDDING.

(Los Angeles Times, Oct. 19.) Beneath a canopy of yellow and white tulle studded with yellow chrysanthemums, asparagus, vines and three white doves, Miss Harriett Vinticia Hart and Emerson Robert Bailey were married yesterday at the home of the bride's mother, Mrs. V. Hart of 1226 W. 31st street, the ceremony being performed by Rev. Dr. Warren F. Day, pastor emeritus of the First Congregational Church. Mrs. J. M. Jones provided harp music and Prof. Wordmansee, formerly of Salt Lake City, played the wedding march. While Mrs. Hart resided in Oakland her daughter was for four years a student at Mills College and in memory of her college days she chose to employ the college colors, white and yellow, in the living room decorations, chrysanthemums being used in profusion. Wearing a gown of white liberty satin, veiled with chiffon and carrying a shower bouquet of white roses and lilies of the valley, the bride was attended by Miss Martha Hart as maid of honor wearing white lingerie over pale lavender satin, while Katherine Wise, the little flower girl, as well as Miss Laura Pysyn and Miss Katherine Wells, the bridesmaids, were in white. Mr. George Bradley, formerly of Newton, Mass., assisted as best man.

Following the ceremony a marriage supper was served. After a wedding trip of several weeks Mr. and Mrs. Bailey will make their home in Salt Lake City, where they will be at home after Dec. 1. The groom is a prominent business man of that city and his home was formerly at Newton, Mass.

The tendency in the season's new wall papers is towards plain effects and light tints. It is gratifying to know that wall paper men realize the advantage of light walls. Many houses have but one or two windows in a room, and are dark and depressing if treated with a heavy paper. A dark paper absorbs the light, and the sense of atmosphere is often lost. Some of the best wall paper houses are urging the use of white papers in first-floor rooms. There are pretty, creamy white papers on the market with silky stripes, that can be used with excellent results. It used to be thought that white papers would soil very quickly, but it has been found that certain papers with a smooth finish keep clean a long time. White papers will, in all probability, be more used during the coming season than ever before.—Suburban Life for November.

FIRST CONCERT

The first Players' Hall concert next Wednesday evening will be given by Francis Macmillen, America's premier violinist.

Of all the musical artists coming to America today, the one attracting the most attention by his extreme display of musical ability is Francis Macmillen. Everywhere that he has appeared his appearance has been the occasion of unstinted praise.

The program next Wednesday evening will be rendered under the direction of Mr. A. H. Handley and is one that will display Mr. Macmillen's great virtuosity in almost every phase. The first number will be the Ernst Concerto in F sharp minor, followed by a group of three, including the Dvorak "Humoresque," the Mozart "Allegretto" and the Zerkow "Mazurka." The Paganini "Morceau Fantaisie" for the G string will be sure to interest all lovers of violin music for it is one of the most famous of Paganini's compositions. The program will close with the "Andante" and "Finale" from the Mendelssohn Concerto.

Gino Aubert, the eminent piano soloist, will accompany Mr. Macmillen and also render three solo numbers for the piano, the first the Chopin "Impromptu Fantaisie" and the "Polonaise" in A flat major and the second Saint-Saens "Etude."

With such a program as above described, Players' Hall should be well filled and cause Messrs. Burrage and Hatfield to feel that their endeavors to give to Newton a series of first-class concerts were appreciated in every way.

A STEADY AND HEALTHY GROWTH

Although a comparatively young institution, the Lincoln Trust Co. has made a strong place for itself in the business community of Boston. From the very beginning it has had a steady and healthy growth in business and popular confidence. A financial institution of this kind was needed in this part of the city. We believe that results show that we are filling the field satisfactorily.

Located in the heart of the shoe, leather, textile and jobbing districts, we are prepared to pay special attention to the needs of customers in those lines of trade. Some of our directors are individually interested in those lines, and the convenience of location of our banking offices must appeal to the wholesalers and jobbers of this part of the city.

We solicit your business with the utmost confidence that we can handle it with profit and satisfaction to you.

B. F. Keith's Theatre—There will be another vaudeville debut at B. F. Keith's Theatre next week, Charlotte Hunt, the stock actress who has become one of the great popular favorites of Boston, making her first appearance in a new comedy entitled "Love Under Difficulties." Miss Hunt made one of the most remarkable hits last year when she engaged the Majestic Theatre in Boston and played to tremendous business through the hot weather. In fact, it was one of the most remarkable seasons ever played by a stock star in the Hub. Her decision to enter vaudeville was made when she ran across the comedy called "Love Under Difficulties." It is a most amusing piece, filled with complications, and the part assigned to Miss Hunt is one of the best she has ever had. On the same bill will be another big Laiky production, called in the House "Top." The scene of this musical comedy, is on the roof of a large apartment house in New York, and is one of the handsomest stage settings ever seen in vaudeville. The company is a large one, including a number of pretty girls and the principal comedian, Knute Erickson, was formerly the

There's an unusually GOOD GLOVE BARGAIN Here This Week

This Women's Kid Glove that we are offering you, beginning to-day, for

79 cents

is so far ahead of the usual common-place Bargain offering that we are enthusiastic enough to believe that we shall sell every pair of the 40 dozen which we have in stock within this week.

They are part of an importation of one of the largest GLOVE MAKERS in this country; are made of a fine soft, smooth, evenly finished Kid Stock, 2 clasp style, and we have them in every size in Grey, Slate, Tan, Brown and White.

Considering the condition of the GLOVE MARKET to-day, we are justified in saying that if this Glove were bought at to-day's market prices it could not be sold less than \$1.00 or \$1.15. Every pair is guaranteed perfect in every way. The Price

DEATH OF A FORMER NEWTON MAN AND WELL KNOWN TEACHER, LINWOOD O. TOWNE.

On Friday afternoon of last week, in the chapel at Mt. Auburn, the Rev. George S. Butters, D. D., of Newton conducted an appropriate and beautiful funeral service, which was attended by many life-long friends of Mr. Linwood O. Towne, who died suddenly while at his post of teacher in the Haverhill High School, on Wednesday, the 19th inst.

Mr. Towne was a Newton boy and one of her many successful scholars of which the city has reason to be proud. Graduating from the Newton public schools, he entered the Massachusetts Institute of Technology, where he had an honorable career and graduated in the class of 1879.

He was one of the best fitting teachers for many years had been considered one of the best fitting teachers for the Institute in the country. His devotion to his pupils was unswerving, and their success was more to him than any personal interest. To the young men who came under his care he was far more than a school master; his interest in them and their affairs was more that of a tender and wise elder brother.

After his graduation from Tech Mr. Towne taught for a time in the University of Pennsylvania and then went to Colorado, where he was known as a mining expert. In 1891 he became a member of the teaching staff of the Haverhill High School. Although for many years he had not made his home in Newton, Mr. Towne always kept in touch with the friends of his boyhood days, fidelity to old friends being one of the traits that endeared him to a host of lovers, who feel his death as a personal loss.

On Friday during the hour of the funeral service held for Mr. Towne in Haverhill, the schools and public buildings of the city were closed and universal sorrow and respect marked the attendance at the North Congregational Church, the bell of which tolled during the removal of the body from the church to the station. Eight young men from the school acted as bearers, while masses of exquisite flowers bore witness to the loving remembrance in which the departed

teacher was held by pupils and friends. Upon their arrival at Mt. Auburn these flowers were all placed about the grave to await the coming to its resting place of the form that had been dear to so many. The flowers from Newton friends and relatives were grouped about the casket in the chapel. These, too, were in profusion and most beautiful. Nearly all the floral tributes were simple sprays of cut flowers, though there were two choice set pieces, one from the brother and sisters, and the other from the Haverhill High class of 1911. At the grave the commitment service was read by Rev. Dr. Butters, whose presence as officiating clergyman was in fulfillment of a request of Mr. Towne.

Mr. Towne is survived by a brother, Mr. William H. Towne, of Newtonville, and two sisters, Mrs. Marion F. Lawrence of Brockton, and Mrs. Angie B. T. Moore of Hartford, Conn. The old Towne homestead on California street, Newtonville, was a generation ago one of the most hospitable homes in Newton and the family was prominent in all the church and social activities of the day.

The following is from a long and interesting tribute which appeared in the Haverhill Evening Gazette of Oct. 19, the date of Mr. Towne's death: "On returning to the school this fall Mr. Towne seemed to be much improved and on the road to recovery. He plunged into his work with the same vim that ever characterized him and was as interested as ever in the labors before him.

"Three days ago he complained of not feeling well and steadily grew weaker. He was poorly when he assumed his duties shortly after 9 o'clock this morning and at 9 o'clock was so ill that he thought he would go to his room to lie down until recess and Principal Files advised him to do that. He returned about 11 o'clock, just before recess, and was climbing the stairs to his recitation room when he collapsed and he never arose.

"Mr. Towne came to the Haverhill High School in 1891 and had been one of the best instructors the school ever had. He was the kind of man who made friends with faculty and pupils alike and earned the respect of them all. Citizens of the city who came to know him revered him for his traits and qualities, and the regret which is felt at his untimely demise is general.

"Of all the instructors in the school, Mr. Towne was perhaps one of the best liked. He was the kind of man who would counsel with a pupil and show him through kindness his errors and how he might mend them. Teach-

ers and pupils were in tears when they learned of the death of their friend this afternoon, and through the city there is general mourning.

"Heartily interested in the affairs of the city and its progressiveness, he has ever had an eye to its advancement. Last evening he attended the Booker T. Washington lecture in company with some friends and none was a closer listener than he.

"Living he had the respect of all; dead he has their love and regret. In his departure a good man has gone, the school loses a competent official, the pupils a firm friend and the city an able instructor."

Try This RICHMOND Suds-Maker Free

You simply turn the faucet and the "Richmond" Suds-Maker delivers thick, hot suds. It does not in any way interfere with the hot water faucet and can be easily attached to it. It gives you instead, two faucets—one for clean, hot water—the other for thick, hot suds.

Think of the dozens of ways this ingenious device will cut down the work in the kitchen! Learn what it means to save hundreds of steps every day—to always have thick, creamy suds on tap. The "Richmond" Suds-Maker gives you any quantity of suds and water thoroughly mixed in scientific proportion—it is always ready to meet your instant needs. It puts an end to the draggery of dish washing—simply place dishes, silver, glassware under its creamy suds for an instant, then just rinse and wipe. It puts an instant, automatic end to waste, to unsightly soap dishes, to the nuisance of using up the odds and ends of soap. Use any kind of soap.

Just call on the plumber whose name appears below and ask to see the "Richmond" Suds-Maker. He will let you take one home to try. Use it ten days—then if you think you can spare it, return it, for the trial places you under no obligation to buy. This is your chance to learn about the greatest convenience, money and time saver you can install in your kitchen. Call today.

What the Boston Elevated Has Done for Rapid Transit.

Extensions and Additions, Subway, Elevated and Surface, Which It Has Provided

No. 5.

The Boston Elevated Railway Company is showing by a series of maps published in the Boston daily papers the additions and extensions which it is now making to its system. On Sept. 28 was shown the surface lines and the Tremont Street Subway as in Jan. 1898. This was when the Boston Elevated took charge—on Oct. 3, the original elevated system; on Oct. 5th, the East Boston Tunnel; on Oct. 10, the Washington St. Tunnel; on Oct. 15, the Forest Hills Elevated extension; on Oct. 17, the East Cambridge Elevated Extension; on Oct. 19, the East Cambridge Subway and Beacon Hill Tunnel; on Oct. 24, the Riverbank Subway; on Oct. 26, the Malden Elevated Extension.

River Bank Subway

Simultaneous TWO GREAT IMPROVEMENTS will be accomplished by the Riverbank Subway.

First: The relief of the CONGESTION ON BOYLSTON STREET.

Second: The provision of ADDITIONAL TERMINAL FACILITIES at Park Street.

At present FOUR HUNDRED AND TWENTY CARS per hour are operated on Boylston Street in rush hours.

Riverbank Subway will probably have a capacity of FIVE HUNDRED CARS per hour.

From Park Street it will save TEN MINUTES in running time to nearly all the people of Brighton, Allston and Brookline, and to part of the people of Newton, Waltham and Watertown.

It will run from Park Street under the Common to Charles river, thence paralleling the river to Charlesgate.

It will be ONE AND THREE-QUARTERS MILES in length and its cost is estimated at THREE MILLIONS OF DOLLARS for construction without equipment.

The Malden Elevated Extension

From north to south ELEVEN CONTINUOUS MILES of double track elevated road will be completed with this extension.

Reaching from Malden Square to Forest Hills, it will then connect two great suburbs with each other and with the heart of the city.

This extension will be THREE MILES in length. It will cost about THREE MILLION FIVE HUNDRED THOUSAND DOLLARS for construction without equipment.

It will require the remodeling of the Sullivan Square Terminal, and will relieve its present congestion.

The running time from Malden Square to Sullivan Square will be SIX MINUTES. Today it is SIXTEEN MINUTES.

The people of EVERETT may take the elevated a mile and a quarter beyond the Sullivan Square Station.

A new element has been injected into the state campaign for Governor this week, in the undeniable statements that the Democratic candidate for Governor will be pledged to the Boston Democracy in making important appointments, and with particular reference to the personnel of the civil service commission. In one important particular Governor Draper has not been found wanting—absolute independence in exercising the prerogatives of his office, and it would be a rash man indeed who would attempt to make him pledge himself on appointments to office as a prerequisite to election. Moreover, Governor Draper has maintained a high standard in making his appointments and with such a record for the past two years, it is fair to assume that he will continue in that course if elected for another year.

Besides the stigma of the Boston Democracy which clings to his opponent, Governor Draper can point with pride to the record of his administration, and it is not necessary even to attack his "mail order" opponent. WHY CHANGE?

While talking about the Boston Democracy just remember that the adoption of the pending amendment to our city charter, relative to removal of city officials, will inevitably result in the participation of our own city officials into municipal politics. For 27 years they have kept out of city politics. WHY CHANGE?

Your local dealer in groceries and provisions maintains a good stock, a telephone and delivery service for your benefit, and is ready at all times to accommodate you in every way in his power. He will send a man and team half a mile to deliver a yeast cake to you. Don't you think Mrs. Housekeeper that he deserves some of your trade on which he can make a profit, as well as that on which he must make a loss.

UNITARIAN CLUB.

The first meeting of the Unitarian Club for the season was held Thursday evening in the parlors of the Church. After a short reception dinner was served in the dining room and at 8 o'clock in the parlors President Charles A. Clarke made a brief address in which he stated that it was the 20th anniversary of the formation of the club and he also spoke of Theodore Parker and religious conditions during his time. He then introduced Rev. Dr. Charles W. Wendell, secretary of the International Congress of Free Christianity and Religious Progress who spoke on the recent Unitarian meetings in Europe, a pilgrimage of the American and English delegates to Berlin and Hungary. He described in detail the voyage across the meetings and receptions in Liverpool, Birmingham, Shrewsbury and Oxford, in Cologne and in various places in Holland. The Berlin meetings were held in the large Military Cathedral where thoughtful addresses were made on a faith founded on conscience and reason by Americans, English, Poles, Jews, Natives of India, Ceylon and other countries. The speaker closed with a history of free religious progress in Germany, Poland and Hungary, an account of a visit to the tomb of the founder of Unitarianism, Austrian Poland and a journey to the tomb of Theodore Parker at Florence, in which city the party of tourists were present at exercises held to commemorate the 100th anniversary of Theodore Parker's birth.

WOMEN'S CLUBS NEWS

Miss Grace M. Burt, Editor.

The last of October sees the club season fairly under way and it is with pleasure that the Club Editor once more extends greetings to the clubs of Newton. A new year of work lies ahead, a year of opportunity, and it rests with the clubs whether or not it proves worth while. Good results have awaited their efforts in the past and there is no reason why much more may not be accomplished. Huge billboards still stare us in the face and littered streets are still with us. Why not a little more persistent work in these directions?

And now that the circle work is occupying so prominent a part in the clubs and taking up so much of the attention, the first object should not be lost sight of—the cultural side of the work. Many clubs spend much time and thought upon their programs and never have any outside speaker unless some one in the club knows personally of the nature and character of the lecture to be given. Yet are all as careful to maintain the high quality of the programs? The officers owe it to their members to see that they are getting the full measure of their dues. As is everywhere true the serious often need to be enlightened while those who seek merely to be entertained would better be a little more serious. The club program is not merely an entertainment. Neither does it follow that, the highest-priced speaker is always the best, any more than the lowest one the cheapest. A little more continuity in the programs would tend to raise the standard of work. In whatever direction the clubs work may success attend.

A conference on Food Sanitation will be held by the department of the State Federation by invitation of the Tuesday Club of Jamaica Plain, on Wednesday, Nov. 2, at 2 p. m., in Eliot Hall, Jamaica Plain. All club women are cordially invited to attend. Newton women will find the Jamaica Plain cars via South Huntington avenue the most convenient, transferring from Brookline Village car at Heath street, Brookline, and leaving the car at Eliot street.

By invitation of the Cantabrigia Club the annual meeting of the Massachusetts State Federation will be held at Cambridge, on Tuesday, Nov. 8, in the First Baptist Church, Central square. The morning session will open at 10:15. There will be addresses on "Ideals in Civic Art," by Mr. Morrison Patterson of the University of the South, Sewanee, Tenn., and "Art from an Artist's Point of View," by Mr. John J. Enneking of Boston. In the afternoon at 2, Mr. Alfred W. Martin of New York will give an illustrated lecture on "Art as an Interpretation of Human Life." Box luncheon.

On Tuesday morning, Nov. 1, the Auburndale Review will continue the study of Modern Drama, which it is taking up this season. Browning's "Luria" will be considered.

At 3 o'clock on Tuesday afternoon the Newtonville Woman's Guild will hold its opening meeting. Miss Heloise E. Hersey will lecture upon "The Modern Novel and Its Relation to the Modern Woman."

The Newton Centre Woman's Club opened its season most delightfully with a musical on Thursday afternoon, Oct. 27, the artists being four members of the Symphony Orchestra, Messrs. Kraft, Pheodorowicz, Marble and Hadley, and Miss Alice Reese, contralto. A large number were present. A reception to the new members followed the program and tea was served.

The Social Science Club will meet at the Hunnewell Club on Nov. 2, at 10 o'clock for the opening business session of the season.

The Newton Ladies' Home Circle will meet on Thursday, Nov. 3, at 2:30 p. m. in G. A. R. Hall, Newtonville.

A regular meeting of the Perian Club of Upper Falls was held on Oct. 19 at the home of the president, Mrs. H. E. Child. The large number present greatly enjoyed the program prepared by Mrs. J. W. C. Easterbrook and Mrs. C. A. Chadwick on "Frederick Froebel." Miss Phyllis Mills sang beautifully "The Swallows." The club meets next Wednesday with Mrs. Charles Mills.

The Monday Club holds its regular meeting in Odd Fellows' Hall next Monday at 2:30 o'clock. Rev. Robert Van Kirk concludes his Browning recitals with "Blot on the Escutcheon."

At the quarterly meeting of the executive board of the Newton Federation held recently the usual routine business was transacted and plans discussed for the coming year. The autumn meeting of the Federation will be held about the middle of November and in January the Federation will act as hostess for a conference of the department of Home Economics of the State Federation. This conference promises to be of unusual interest and will take the place of the regular mid-winter meeting of the Newton Federation. It was voted to follow the custom adopted last year of having for a short time at each board meeting some work of public interest presented. At this meeting the various presidents of the clubs spoke of matters in which their clubs were particularly interested and which they thought the Federation might assist. Among things suggested were the necessity of cleaner streets and abating the

smoke nuisance. The Newton City Home has claimed the attention of the clubs on the south side of the city and the desirability of more of the women taking an active interest in the inmates was presented by a representative of the Monday Club. A musical instrument is much needed there and it is hoped one may be secured at an early date, for with the aid of one much can be done to add to the old people's pleasure.

The Social Service committee reported that they are actively engaged in securing means by which the school children of Newton may receive dental work at moderate cost. The need of this has been pointed out by the school nurse in her work among the children. The work for tuberculosis is going steadily on, calls for assistance are continually coming and are answered as best suits the individual case. The committee is desirous to correct an impression that seems to have gone out, namely, that the department at the Newton Hospital is closed. That is not the case. The buildings are held as an emergency ward where patients are placed until they can be sent to state sanatoria, where they can be cared for much more cheaply than at the hospital. Owing to the delay in securing the Christmas stamps last year a large number were not disposed of and the committee will place those remaining on sale at an early date that they may realize all that is possible from them. A generous patronage from the club women is desired this year as they will not be issued again.

N. H. S.

The Newton High School football team was defeated by the Waltham High team at Waltham last Saturday by a score of 3 to 0. Waltham found Newton a much harder proposition than was expected and it was an even game until the finish.

The freshman football team, which has not been defeated this season, won from Brookline yesterday afternoon at Clifton Field by the score of 6 to 0. Van Buskirk made a fine run almost the length of the field for a goal which Knight kicked. Litchfield was hurt in the first half and Cooper took his place.

The senior class had charge of the exercises in the hall of the Technical High School on Wednesday. Mr. Arthur Connelly, the president, was in charge and short papers on vacation experiences were given by John Noone, Miss Francis, Chesley Hurd, William Cady and Rose Shaybe.

Rev. J. Edgar Park and Captain S. E. Howard were the speakers Wednesday morning at the Classical High School, taking the life of Mrs. Julia Ward Howe for their subject.

The sophomore team of the Newton High School met the 1913 team from Providence High on Clifton Field Thursday and were victorious, the score being 16 to 5.

The football team lost its game on Tuesday with Boston Latin by a score of 12 to 0, altho Newton put up a stiff game.

\$5000 FIRE.

About \$5000 damage was done to the Woodland Golf Club by a fire which occurred in the buildings on Washington street, Auburndale, near the Woodland Park Hotel, last night. Two alarms were sounded from Box 36 in West Newton and one alarm was sent in from Box 44 in Auburndale near by.

Although the firemen fought valiantly the flames completely destroyed the annex and then spread to the main building, damaging it severely. The 250 lockers, in which members had their clothing, clubs and other property stored, was completely destroyed with all the contents. The entire loss was estimated at \$5000 last night, but it is probably fully covered by insurance.

SMOKING AT HOME.

Men can enjoy a pipe or cigar at home nowadays without causing trouble in the family because a way has been discovered of cleaning away the film of greasy deposit which is left on hangings and furniture by tobacco smoke.

Every housekeeper has had the experience of seeing her cherished possessions become dingy by the deposit of smoke on everything. This smoky deposit will not yield to water, because it is of a slightly greasy nature, and water is incapable of dissolving it.

It has now been discovered that a certain coal tar product named carbonyl can be mixed with water in the proportion of 1 to 100, and will enable the water to dissolve this film of grease or any other kind of grease that is to be found about the house. Carbonyl does no damage to anything, but it is marvellously effective in restoring the original freshness and brightness to articles of furniture, carpets, etc., which have been injured by tobacco smoke. Carpets, especially, which accumulate a certain amount of grease from tobacco smoke, from the vapors of cooking and from the outside air, brighten up wonderfully when they are sponged with a solution of carbonyl.

Carbonyl is also a very effective deodorant. It will take the stale tobacco smell out of a room immediately if a little of it is sprinkled about the room before evening. It can be used also to deodorize ash trays, cigar holders, etc., which otherwise acquire an odor which is very objectionable to some people.

Carbonyl has a multitude of other uses. Address the Barrett Manufacturing Company, 297 Franklin street, Boston, Mass.

President D. M. Hill presided and welcomed the new members.

NEWTON CLUB.

The first of the entertainments of the winter season was held at the clubhouse Thursday, the 27th, and the vaudeville was enjoyed by a large gathering. After the vaudeville refreshments were served in the dining rooms. The performers were the Misses Turner, Mr. Josef Yarik and Mr. George Bartlett Cutter. The bowling alleys have been put in first-class condition and the members are practicing for the fall tournaments which will commence shortly.

THEATRES

Hollis Street Theatre—Mr. William Gillette, under the direction of Mr. Charles Frohman, begins at the Hollis Street Theatre, Boston, next Monday evening, 31st instant, an engagement of signal importance to this community. The distinguished playwright-actor is announced for farewell appearances in a round of his famous successes, and the list is to embrace such stage triumphs as "Sherlock Holmes," "Secret Service," "Held by the Enemy," "Clarice," "Too Much Johnson" and "The Private Secretary." The opening play of the engagement is to be Mr. Gillette's masterly impersonation of "Sherlock Holmes," the characterization by which he has of late years become best known to theatregoers the world over. Mr. Frohman is to present his star in the drama for the entire first week of the engagement with a matinee on Saturday only. The mere mention of William Gillette's impersonation of "Sherlock Holmes" suffices to conjure up, in the minds of all who have witnessed the portrayal, the thrilling delight of watching the great detective's ensnaring of rogues and vindications of virtue. It is conceded that Mr. Gillette endows the remarkable figure with a magnetism and personality seldom seen on the stage.

Turn the other cheek and you may get what you missed the first time.

WHY MAKE A CHANGE?

The Business Principle Applied to Public Service.

(From the Springfield Union.)

To the Editor of The Union.
Sir: The man who is willing to admit that he does not know is the one most likely to learn the points wherein he is ignorant. I, therefore, would like to ask why it is wise to pursue a course in politics which would be sure to bring disaster if applied in business operations?

If, for instance, I have a superintendent in my factory who is successful in turning out work of a perfectly satisfactory nature, and I find myself prospering under his administration, what possible reason have I for making a change, even though some ambitious individual may have a desire to occupy his position? In the same way why should a state or a nation depose a good man in the interest, or for the satisfaction, of a doubtful one? (No man not proven by time and experience can be other than doubtful.)

This leads me to the question I have in mind. Why should the state of Massachusetts consider for one moment either a change in its Governor or its senior senator? I mean Governor Draper and Senator Lodge. There is no record in history where a more clean or level-headed administration has been given than that of Governor Draper, so why make a change which cannot by any possibility be otherwise than for the worse? Is any lightweight politician who chances to have ambition beyond his capacity of more consequence, or more worthy of consideration, than the welfare of the state? In a well-regulated business the able man would be kept until he died of old age, and I fail to see the difference in this situation. It is hard to improve on well enough, so, I say, keep him there as long as he continues to make good.

Now about Senator Lodge. What is the objection to him? He has made good and secured for the state all that she is entitled to. He has done more. He has won the respect of his colleagues and of the world at large. He has demonstrated his ability to conduct difficult diplomatic cases in a way to secure the rights and uphold the dignity of our country as no other man could have done. He has been accused of being an aristocrat of those aspiring to his position show records deserving of less serious accusations?

I know of no place where a man of scholarly attainments and reasonable dignity is more needed than in the United States Senate, and it would be well to carefully weigh the situation before entertaining any idea of making or permitting a change. The Commonwealth which can boast of a Webster, a Sumner and a Lodge should go slow in trusting its interests and prestige in the hands of untitled experimenters whose principal recommendation is their propensity to "Rush in where angels fear to tread." Something besides ambition and effrontery are required to make a good senator.

I have often heard it asserted that Lodge was cold-blooded and utterly lacking in those softer qualities which make a lovable man. I think that in the past this may have been partially true, but I notice a marked difference in the man since I first met him, six or eight years ago. I see a great change in his attitude toward those who meet him every day; a more cordial and friendly bearing, not conceivable in the old days. I have remarked on this to those who know him best, and have had my observations confirmed. But, after all, is a man sent to the Senate for his sentimental qualities or for his ability to bring a splendid intellect to the consideration of the questions put to him?

Senator Lodge is an example disproving the definition of a statesman as "a politician who is dead." He is a statesman who is very much alive, as all his associates gladly admit. It would take 20 years for the best man in the state to win a reputation comparable with that of Senator Lodge, so why deprive the state of his valuable services while some amateur secures the experience to make him valuable? Why discharge a competent superintendent and put the office boy in his place, even though the boy is crying ever so hard for it. Be sensible and let well enough alone until there is greater likelihood than at present for betterment before making a change. I would suggest that we let Lodge keep the position he fills so ably until John W. Weeks is ready for it, as he is showing such splendid promise of becoming.

C. M. WHEATON

Newtonville, Oct. 14, 1910.

TAFT PRAISES WORK OF Y. M. C. A.

Plans Outlined at White House.

(From Boston Journal.)

Washington, Oct. 20.—Contributions of \$1,000,000 for the world-wide expansion of the Young Men's Christian Association, \$540,000 of which was given by John D. Rockefeller, were announced today at the conference of Young Men's Christian Association workers in the East Room of the White House. President Taft addressed the delegates and heartily endorsed the organization.

Mr. Rockefeller's gift, tendered on the condition that a like amount be raised, was met by contributions from many prominent laymen interested in the movement, among them John Wanamaker, Cleveland H. Dodge of New York, who pledged funds for two buildings in the Levant; S. W. Woodward of Washington, \$35,000 for a building at Kobe, Japan; James Stokes and an unknown donor, \$100,000 for a building at Moscow; John Penman of Paris, Ont., \$50,000 for a building at Hankow, China; John W. Ross, for the Montreal Y. M. C. A.,

\$40,000 for a building at Canton, China; Dupont Clarke, Jr., funds for a building at Bangalore, India, and citizens of Buffalo, \$35,000 for building at Tokyo.

New Building from Wanamaker.

Mr. Wanamaker offered to erect another building in China, besides five foreign association buildings already given by him.

The subject of the conference was extension of the movement into the Far East, the Near East and into Latin America. More than 200 laymen from 21 states and Canada were present and were welcomed by President Taft, who gave the expansion project his earnest approval and pledged to it his active support.

Dr. John R. Mott, general secretary of the World's Student Christian Federation, outlined a program for expansion of the movement. The plan involves the addition of 50 experts in the Far East during the next three years to direct the policy, the erection of 49 buildings in ten nations to provide proper equipment for such expansion, and \$1,515,000 in money to cover the cost of the equipment.

The countries to be benefited include the Philippines, Japan, Korea, China, India and Ceylon; Russia, Turkey, Porto Rico, Cuba and Portugal.

Taft Lauds Association.

President Taft said he was glad plans were under way to send to foreign countries agencies which will embody the real morality and the high standard representative of Americanism. He declared that in trade relations in the past the traders have been only too ready to take advantage of the foreign producers and get their wares at the lowest possible figures only to sell them in this country at exorbitantly high prices.

"The Young Men's Christian Association," said the President, "has demonstrated its usefulness throughout the United States and we know what we are talking about when we speak of it as an instrument for the elevation of any community in which it is established. Those of us who have looked into it know its practical value. In these days of innate desire for improvements, voiced in eloquence and in stirring periods, the danger that we encounter is in having that feeling go off in smoke because we do not get down to details and practical methods of doing things."

General Wood Commends Work.

Major-General Wood, in addressing the laymen, commended the work of the association in Havana and Manila as valuable allies in making plain the unselfish duties of America in those countries. Among other speakers were John Wanamaker of Philadelphia, Professor Burton of the University of Chicago, General John W. Foster, George W. Perkins of J. P. Morgan & Co., and Melville E. Stone, general manager of the Associated Press.

Combination Coal and Gas**Crawford Ranges**

The Crawford Gas Ovens are safe. They are lighted in a new way; there is no dangerous pilot light and explosions are impossible. This improvement is patented and very important.

The Damper is automatically opened by opening oven door to light the burners, which cannot be lighted until the door is opened.

In these Gas Ovens there is an extra set of burners at the top for broiling; a great advantage over the ordinary gas oven, insuring better broiling and great convenience.

The Oven Bottoms and Racks are cast iron, and the outer walls are triple—an interlining of asbestos between two sheets of iron, which assists to retain the heat.

The use of these Gas Ovens does not interfere in any way with the operation of the coal range—both can be used at the same time.

Double Oven above or Single Oven at end of range.

SUBSCRIPTION CONCERTS TO BE GIVEN IN PLAYERS' HALL WEST NEWTON

Wednesday evening, Nov. 2, 1910—Francis MacMillen, America's premier violinist.

Wednesday evening, Dec. 14, 1910—Adamowski Trio, Madame Szumowska, pianiste.

Thursday evening, Jan. 5, 1911—Boston Philharmonic Orchestra Club, Clara Sexton, soprano.

Wednesday evening, Jan. 25, 1911—Highland Glee Club.

Wednesday evening, Feb. 8, 1911—The Famous Flonzaley Quartet.

Wednesday evening, March 1, 1911—Beatrice Hereford, monologist.

Were these entertainments to be given in any of the larger Boston musical halls, the mere announcement of the above attractions would be sufficient to sell, without further notice, every ticket. In fact, it is so common that any of these attractions are seen outside of metropolitan musical or concert centres. Especially is this true of Francis MacMillen and the Flonzaley Quartet.

At the present time Francis MacMillen is appearing as soloist with the Boston Symphony Orchestra and in a series of recitals at Chickering and Jordan Halls. As a soloist he stands at the head of the entire long list of violinists appearing in this capacity today. Best of all, in spite of his long residence and the many successes achieved abroad, he has remained thoroughly American.

The second attraction will be the Adamowski Trio. As in former years, this trio consists of Madame Szumowska, piano; Timothee Adamowski, violin; and Josef Adamowski, cello. As soloists these artists have always created much enthusiasm and the fact that they are of the same nationality, the same temperament, and have played together for so many years enables them to exhibit an unusually keen sense of proportion, wonderful phrasing and fluency of execution, thus making their performance truly remarkable.

For the third offering, Clara Sexton will appear with the Boston Philharmonic Orchestra Club under the direction of A. H. Handley. This club certainly deserves its present success

for it is composed of bright, brilliant young American musicians who have won recognition wherever they have appeared for the brilliant programs they render. This season the club is again assisted by Clara Sexton, one of the younger Boston sopranos who is now so successfully appearing in the concert and musical field. Miss Sexton has but recently returned from Italy after making a successful appearance in the title role of Donizetti's "Lucia" at Bergamo, the home of the composer. Later she appeared at Florence, scoring a great success in not only "Lucia" but also as "Filine" in "Mignon."

The fourth offering will be the Highland Glee Club. This organization is now in its third season and composed of 50 residents of Newton and vicinity is a local as well as a musical attraction. The club has given many concerts in various parts of the city and its work is well known.

The fifth concert will be by the famous "Flonzaley Quartet." The rise of this quartet in a comparatively short time from almost obscurity to world-wide recognition marks an interesting episode in present day musical history. Starting as a private organization for the sole gratification of a wealthy musical patron and his friends, the Flonzaleys soon acquired a European reputation which spread to America where three tours have made the quartet known from one end of the country to the other. It is without an equal among chamber music organizations and their appearance last season at Players' Hall was the source of much gratification to all who heard them.

The sixth attraction will be Beatrice Hereford. Years ago Schubert set to music words by Shakespeare entitled "Who is Sylvia." We cannot ask as to who is Beatrice Hereford for she is known wherever readers, monologists, story tellers, etc., have appeared, but yet it is not possible to class her as either a reader, a story teller or a monologist for she occupies a niche all of her own. She has appeared for several seasons at West Newton in this same series of

entertainments and every time she returns to us with a new fund of fun. Her popularity is of the kind that never wanes and any one who has heard her will be sure to be seen at this last offering of the Players' Hall Subscription Series.

HON. JOHN W. WEEKS.

The renomination of the Hon. John W. Weeks of the 12th congressional district for a fourth term is most gratifying to the district and state. He is the right man in the right place, there is no mistaking it, as is shown by his congressional work and brilliant record, which he has maintained and which has been a remarkable one, and the 12th district is fortunate in having such a representative in Congress for he is a man of the people, by the people and for the people all the time. His loyalty and patriotism has always been of the highest order, he being keenly alive and alert to the interests of his district, state, New England and the nation, and Massachusetts is proud of him and his record. During his work in Congress and of his many acts which have insured his success as representative from the 12th district there is one thing he should be strongly commended for, is his personal attention to the smallest detail which he never lets get by him. Mr. Weeks is a gentleman of high character and of fine presence and pleasing personality, genial disposition and of great kindness of heart. He is a leader of men. He leads you and you don't know it.

NEWMAN'S TRAVEL TALKS.

E. M. Newman will be heard in the second Travel Talk of the season on

Saturday, Oct. 29, at Tremont Temple, the topic being the Balkans and Roumania.

Mr. Newman has some beautiful pictures, both still and motion, to show, and many tales of adventures in this rough and ready land. One of the most interesting pictures, from an American point of view, will be that of a Bulgarian woman and her baby. The picture is taken in the middle of the grain field and shows the baby just after it has been safely tucked away in an improvised crib with a piece of cloth over it to keep off the sun. It will be left this way all day while the mother labors in the fields. The lot of the Bulgarian women is hard, but one almost envies the babe in its wholesome fresh air nursery.

BETTER SERVICE FOR LESS MONEY

That is the experience of many who have applied for the new telephone rates. Not only do they pay less, but "divided ringing" gives a service infinitely more satisfactory.

Have you figured this out for yourself?

Look over the following schedules, apply them to your personal needs and see if in the matter of cost or quality of service, or both, you are not benefited.

If any point is not clear to you, telephone Fort Hill 7600 and ask for the "Rate Department," or, better still, come to either of our Boston offices—119 Milk Street or 165 Tremont Street—and have your requirements carefully analyzed by our expert contract agents.

All applications are being filled in rotation, so far as possible. Apply as early as possible, therefore, if you want to enjoy quickly the advantages of this new system.
